SUGAR MUST BE SAVED

A temporary sugar rationing plan will be in effect from July 1st to October 31st. The plan provides for a maximum allowance of 100 pounds of sugar per family per year. The rationing will be based on the number of persons in the household.

LEISURE WOMEN HARD AT WORK

Y. W. C. A. Spends \$5,000.00 on Girls the First Year of War.

"Stand behind the country's girlhood!" This is the slogan of the most remarkable group of women ever brought together for work in a common cause.

When the War Work Council of the National Y. W. C. A. was organized last June it mobilized many of the best known women in this country.

Others members of the council are: Mrs. John D. Rockefeller, Jr.; Mrs. Katherine Bennett Lewis; Mrs. Robert Coleman Du Pont; Mrs. Percy V. Penbacker; and many others equally prominent.

In this first year of its work, the War Work Council has expended \$5,000.00 for work for women and girls, both here and in Europe—wherever work conditions have menaced their physical or moral safety.

The list of captains is as follows:
1—Herbert B. House
2—Miss Ivy Clark

What to wear and how to wear it is the first question which the Women's Committee is taking up. A standard in dress for business is the object.

When a hundred delegates to twenty-five states met at the National Board building of the Young Women's Christian Association, in New York City, in May, it was to represent the business women of this country and to mobilize them for patriotic work.

Better working conditions, equal pay for equal work, efficiency in the various activities into which women are going and the promotion of business opportunities were the object. This committee of twenty-five women, known as the National Business Women's Committee, is the connecting link between the business women's organizations of this country and the National Young Women's Christian Association, which has thrown all its machinery open to the movement.

Lea Madelon Phillips, a lawyer from Kentucky, heads the movement.

Her brother's name among the list of killed in the evening paper—if only she could reach her other brother at the neighboring camp before he saw it.

For two hours and a half she tried vainly to reach him by telephone. Then she thought of the Young Women's Christian Association Hostess House—why not?

"Tell him," she called over the wire to the operator, "that some one at home is very sick."

"Keep the House Fire Burning!" During the last six years that Thomas Tedford has been in the U. S. Army he has had the South Atlantic Islands, Porto Rico and Cuba, and has thus kept in touch with home affairs.

Home comforts are missing. John F. Campbell of Camp Upton spent the week-end at his home on Locust street. The khaki uniform is rather becoming to him and he is looking as well as the best of his military life brings him and will be made all the stronger physically because of same. He is in company with all the others who go from their homes to the front and back to the comforts of home. The uncomfortable and its appurtenances are among the missing and many other things which he misses.

Records for Our Sailors
"Our Boys" are going overseas for Patrol Duty. The demands are severe and the little recreation given by a small talking machine and the records is appreciated more than any one on land can realize.

Records for the Gun Crews may be seen by Mrs. John Clisperton Kerr, at the Central Park West, New York City.

The name and address of each donor is typewritten and pasted on the various records so that the boys may know who has thought of them.

Kemp's Works Translated.
The work of Thomas Kemp's were written in Latin, but they have been translated into the language of almost every civilized people.

Typewriting on Parchment Paper.
It has been found that typewriting on parchment is not so objectionable as is supposed. Many recent records deposited within very recent years many lines are illegible and several lines have completely disappeared.

Recreation Director William H. Whiting is to occupy the Otto Pliehn homestead on Prospect street which was recently purchased by Cheney Brothers. He will be in possession by July 1st.

Miss Ann Weldon, who is presently a student at the Women's College, New London, is to enter Smith College, Northampton, Mass. and September.

Million Cases of Pineapples.
During last year Hawaii exported a million cases of cured pineapple and 100,000 cases of the juice, and when it is understood that it takes a pineapple ten months to mature and that each plant bears only four pineapples in its lifetime three years, Hawaii is a straight lurch of air and does not whirl at all.

Cyclones and Tornadoes.
The so-called "cyclones" of the West are "tornadoes," which are whirling storms of great violence, but confined in area. Tornadoes have been known whose greatest width did not exceed a few rods, and those which exceed several miles in width are very unusual. The ordinary storm whose wind attains a velocity of 40 to 60 miles an hour, has nothing in common with either a cyclone or tornado. It is a straight lurch of air and does not whirl at all.

Maimed, But Still Gay
"The joy little air which crippled them returned from the front of the war is the most pathetic thing that I have seen in France," writes a Young Women's Christian Association war correspondent in Lyons.

French Refugees.
The numbers of the workers are French refugees women. It is among these that the Young Women's Christian Association has opened social rooms which are these women's only chance of home life. Work of this kind has been established by the Young Women's Christian Association during the past year in a number of French cities.

President Wilson has designated Friday, June 28th as "Ballotmost Day," when all citizens of the United States are to be required to list for the War Savings Stamp campaign, providing they have not done so before that day and date.

The official notes and appeal of President Wilson appears in another column of the News today.

C. E. House is general chairman of the War Savings campaign and wife of the Vice President, and wives of several members of the President's cabinet—Mrs. Robert Lansing, Mrs. Danieles, Mrs. Henry P. Davidson, wife of the head of the American Red Cross, is treasurer.

ATHLETICS TO PLAY FISK RED TOPS

The Fisk Red Tops of Chicago, Mass., will oppose the Athletics at Mt. Nebo next Sunday afternoon. This will be the second in the series between these teams. When the teams first met the Red Tops succeeded in getting away with the game by a score of 6 to 4, but the Athletics hope to come back strong next Sunday. The Red Tops are without doubt one of the fastest semi-professional teams in Southern New England. They have defeated most of the teams they have met this season including the Springfield team of the Eastern League. Their lineup for Sunday's battle follows: Lanning, right field; Smith, left field; Lomenzer, second base; Wigton, center field; Crowther, short stop; Kain, third base; Giffley, first base; Greenough, catcher; Carigan, pitcher; McCarthy, utility man; Sipple, will probably be on the firing line for the Athletics, with Lamprecht or Crockett behind the bat.

Tomorrow the Athletics go to Willimantic where they will play the first of a series of three games with the American Three team. The players will leave from the South Manchester postoffice at one o'clock by auto. Ray Hayward will be the pitching for the Athletics, with Lamprecht or Crockett behind the bat. Torrington is looked for an appearance here a week from Sunday.

FOUR SONS IN SERVICE

Mrs. Jane Tedford of 76 Bigelow street, widow of the late John Tedford, who died five years ago, is one of South Manchester's patriotic mothers, as she has four sons in the service of the United States, as follows: Sergeant Thomas Tedford of Honolulu, who has been more than 21 years in the U. S. Army, and has within the last few months been promoted from the supply department to the ordnance department. Walter, who is in the engineers department at Fort Meyer, Va., and is employed as a machinist there. He was one of the first to be called to the front and enlisted, as noted above. William Tedford, who is a private and is stationed at Camp Wheeler, Georgia. He went a selectman before being called to the front. George Tedford, who is in the U. S. Navy on the U. S. S. Arkansas, stationed at Fort Monroe, Va. He expected to be given a furlough this week and will gladly go home to see his mother, his two sisters, his two brothers and his wife.

In addition to the four sons enumerated above as being engaged in the service of the U. S. for war, Mrs. Tedford has two other sons, David Tedford of Birch street, who has a wife and two children, and John Tedford of Highland park, who has a wife and three children. She also has two daughters, Mrs. William M. Burt, Mrs. James Mcintosh, both of Bigelow street. It will therefore be seen that Mrs. Tedford's children have all gone from beneath the parental roof, have all taken their places in the world and that she lives alone at the old homestead where she has dwelt for a goodly number of years. Her husband was Charles Walter Street John Alexander Herrerton Horatio Strickland Walter Hill Hibbard

LIST OF GRADUATES FOR NEXT WEEK

AT SOUTH MANCHESTER HIGH SCHOOL LARGES IN HISTORY OF TOWN.

The Twenty-Fifth annual graduation exercises of the South Manchester High School are to take place at High School Assembly Hall next Thursday evening at eight o'clock. Tickets have been issued for the event and there is always more demand for sittings than the hall can supply.

Superintendent Verplanck is desirous that persons who have tickets and find they cannot make use of same should return the passport to him, or else give them to some of their friends. When there is lack of seating capacity for all who seek admission it is not desirable that any of the sittings be left unoccupied because fourth seats persons hold admission cards which they cannot use.

Take advantage of this opportunity and furnish your home now with better furniture at genuine savings of 30 to 50 per cent.

We gladly store and hold goods for future delivery. Our charge account plan gives you the benefit of cash prices and the use of the furniture while you are paying for it.

SOME FACTS ABOUT OUR BAGPIPE BAND

Twenty-five per cent of the players in the local bagpipe band, familiarly known as the "Kiltie Band", are now engaged in the task of helping their Uncle Samuel win the war for world democracy, and to that end their local organization is handicapped by the war. Manager Webb is desirous of enlisting the interest of any young men locally who would like to learn the pipes and become members of that body.

It may be noted in passing that men who join the bagpipe band do not have to buy either bagpipe sets or Highland uniforms. These are all bought and paid for by citizens of this community as a manager Webb is holding all such property subject to the use of the local bagpipe band. When a member of the band is called to the colors, or for any other reason leaves town he is not permitted to take either the bagpipe set or the Highland uniform with him. This arrangement leaves the local organization at all times equipped to outfit the necessary number of players to give full rank. The regulation military bagpipe band is composed of 15 pipes, 6 snare drummers and one bass drummer. Manager Webb is the base drummer of the local bagpipe band and right well he knows how to whip up a band. His work is one of the spectacular features of the band when on parade and always attracts the interest and admiration of the spectators.

It may be of public interest to state that the Highland uniforms worn by the members of the local bagpipe band cost \$61.00 each. They are American made, which of itself is an innovation. Until the advent of the present war all such uniforms had to be imported from London or Scotland.

The bagpipe sets are made of South African black wood, with full silver and ivory trimmings. They cost \$20.00 the set. The entire equipment owned here for the bagpipe band cost a total of \$1,700. This sum was all raised by private subscription and by means of a public fair, which realized the sum of \$250. This demonstrated the popularity of the organization and the wish of the public to have a bagpipe band located here.

Manager Webb served three years as base drummer in the British Army where he learned under competent masters the art of whirling the drum sticks in artistic manner. He also had considerable gymnastic practice on the other side, and his skill in swinging the Indian clubs did him yeoman service when he came to master the art of base drummer in a bagpipe band. Manager Webb also served three years in Company G, but in a limited classification.

He is presently employed by the regular training of the privates, mastering the manual of arms, drills, maneuvers, tactics, etc. He has been in South Manchester for the past 11 years. He is presently employed by the Prudential Insurance Company of New York in the local field.

The local bagpipe band was organized some five years ago. For one year they had to bring an instructor here from Massachusetts once a week, for the purpose of giving the men instructions in playing the "chapters" of the band. This was indeed a rare treat for the large audience. The program heretofore published in these columns was rendered in full, with the single exception that the regular training of the privates was not included. Unless they can show cause why this condition existed they will be brought before the United States officials in Hartford and receive the proper attention for such negligence or indifference.

RECEPTION FOR MISS STARKWEATHER

A reception took place at High School last Monday evening in honor of Miss S. Annie Starkweather, who has just retired from active duty as a school teacher in the South American Republics and to that end their local organization is handicapped by the war. Manager Webb is desirous of enlisting the interest of any young men locally who would like to learn the pipes and become members of that body.

It may be noted in passing that men who join the bagpipe band do not have to buy either bagpipe sets or Highland uniforms. Watch For Announcements of Our Big Sale

June 29th to July 6th

At Swimming Pool DECEY DEMANDED

In conjunction with the other outdoor recreation activities the Globe Monday swimming pool will be opened to the public next Monday and Fred McCormick of 178 Charter Oak street will be the man directly in charge of that particular branch of sports and the general supervision of Director William H. Whiting. Mr. McCormick has been

Most Connecticut people understand what this sale is but for the benefit of those who have never attended one we would say that these semi-annual events are our outlet for the great number of used pianos accumulated in the course of a six-months business.

Most of these pianos are frankly second-hand, having been taken in exchange as part payment toward new instruments. Some have been rented, and some are just a little shabby. All have been thoroughly examined and where necessary have been repaired by our workmen. You can PRACTICE TRUE THRIFT by buying one of these guaranteed instruments at the reduced price.

Dunham Upright, walnut case, a good piano for beginners or for use in a summer home. Original price \$200. At our Midsummer Clearance Sale \$50

Conservatory Piano, ebony case, now being overhauled by our workmen. Will be in fine shape. Former price \$250. At our Midsummer Clearance Sale \$125

Chickering upright, ebony case, refinished and repaired. Cost when new \$500. At our Midsummer Clearance Sale \$150

Haines Brothers Upright, small size, walnut case. That old reliable make. Original price \$800. At our Midsummer Clearance Sale \$150

Stock Upright, taken in exchange, walnut case, in fine shape. Would sell if new for \$400. At our Midsummer Clearance Sale \$165

Haines Bros. Upright, ebony case, repaired and refinished original cost \$250. At our Midsummer Clearance Sale \$195

West Piano, mahogany case, thoroughly overhauled, original price \$300. At our Midsummer Clearance Sale \$225
