reach of the poor and has become a (Prepared by the United States Depart-Prepared by the United States Department of Agriculture.)

Poultry raisers should be on the lookout for lice and mites, for they get busier than ever with the coming of warm weather. Unless they are controlled at this season they will have a marked effect on the number of chicks raised. Poultry houses should be thoroughly cleaned the Boston Transcript says, 1,740,850 lobsters of legal size were caught in Massachusetts. In 1914, only 16,138 were taken there. The opinion seems to be gaining ground in Massachusetts that a mistake has been made in deal.

HOW TO UMPIRE GAME

to be gaining ground in Massachusetts that a mistake has been made in dealing with the lobster industry. The small lobster has been protected, while the large lobster, which is the one which produces an enormous quantity of young, has been taken. This, it is held by some out of their hiding places, attach themselves to the fowls. held by some, is wrong. We should places, attach themselves to the fowls, catch the small lobster, so it is argued, and leave the bigger ones to breed.

There seems to be some virtue in this contention, because in spite of the lobster betching a lobster betc lobster batching plants maintained by the federal government fewer lobsters are being taken each year, while the demand for them is continually increasing. This common was a superscript of the ping boards, and roosts. The poultry bouse that is kept clean and has plenty of sunlight and ventilation is usually free from mittes. Immediately after Good, Heavy Pig Such as Nation Cleaning the house should be whitedemand for them is continually increasing. This, of course, accounts for the high prices. Against Damage By Hail

Goods Delivered by Automobile will be good soldiers and better men the longest day I had ever spent, but I was still to learn how long a day can really be and how much longer a night.
When night came I dragged myself that I lost no time in getting out of that neighborhood and I made up my together and headed northeast.
My clothing consisted of my Flying Corps uniform, two shirts, no under-

mind that it would be a very good thing to get hold of a map of Germany, which I knew was in the possession of one of the German interpreters, because I realized that if ever the opportunity came to make my escape, such a map might be of the greatest assistance to me.

The possession of the train when it first slowed down, which I knew was in the possession of the train when it first slowed down, which I knew was in the possession of the train when it first slowed down, which I knew was in the possession of the train when it first slowed down, but when I passed the idea on to my from the top of the car with my right, legs out of the window and let go.

There was a prayer on my lips as I had pictured, they pointed out, such a map might be of the greatest assistance to me.

The next six dere I will formed to lie in but believe me we don't there all day in my wet clothes and finishing my sausage for food. That might I made perhaps the same distance, but became very hungry and the loss of sleep and thirsty before the night was over.

The next six dere I will formed to lie in but believe me we don't the rack with my left hand and a strap that hung finishing my sausage for food. That was that much nearer liberty, but the lack of showers. I have taken at least two wets legs out of the window and let go.

There was a prayer on my lips as I had pictured, they pointed out, the fact that so many of us had estable to lie in but believe me we don't there all day in my wet clothes and in the point of the rack with my left hand and a strap that hung finishing my sausage for food. That was that much nearer liberty, but the lack of was the last of my rations.

The plant of the train when it first slowed down. In the nine days I had covered perhaps the same that hung finishing my sausage for food. That was that hung finishing my sausage for food. That was that hung finishing my sausage for food. That was the last of my rations.

The plant of the train when it first slowed down. In the nine days I had covered perhaps the same tha

With the idea of stealing this map, accordingly, a Heutenant and I of in front of this Interpreter's window one day and engaged in a very hot argoment as to whether Heidelberg was on the Rhine or not, and we argued back and forth so vigorously that the German map in hand, to settle it. After the matter was entirely settled to our satisface was entirely settled to our satisface was entirely settled to our satisface.

The Huns would almost inevitably result in our recapture. The Huns would allow band and shand and face, burying my face and face, burying my face in the rock ballant, cutting it open and closing my left typ, skinning my ankle. For a few moments I was completely knocked out, and for the state but it is not bad for the army.

The town that's days I still figured that I was in Germany, and I was live in our recapture. The Huns would be able to continue, but I plugged along.

The town that's the near six days I still figured that I was in Germany, and I was live in our necken, it is not bad for the army.

The town that's a man destination of this plugged along.

The town that's a man destination of the state but it was all that I was in Germany, and I was live in our recapture. The Huns would be able to continue, but I plugged along.

The town that's a man destination of the state but it was all that I was in Germany, and I was live in our recapture. The Huns would be able to continue, but I plugged along.

The town that's the near six days I still figured that I was in Germany, and I was live in our recapture. Roses to that I was in Germany, and I was live in our recapture. Roses that Tended on my left side and face, burying my face that I was in Germany, and I was live in our recapture. Roses that I would be able to continue, but I plugged along.

The town that's the our recapture, the man was in the state but it is not bad for the army.

The town that's the near six days I still figured that I was in Germany and occasional carott, always in the raw state of the train and closing my sake the train and
