Trolley Commuters Complain

Editor THE NEWS:
In behalf of the large number of trolley commuters from South Manchester and Hartford every business day, space in your valuable column is respectfully requested.

The burden of their complaint is lack of trolley accommodations. In order to specify a single daily trip is called out from the many similar occurrences. The trolley leaving the south terminus for Hartford at six o'clock each work day morning is known as a shop car, for the reason that the passengers are practically all men and women who work in the Hartford factories and who ride to and from Hartford daily.

Day after day it happens on this particular run that more than one-half of the passengers are compelled to stand up all the distance from South Manchester to the shop or shops where they are employed. In all fairness this condition should not be permitted. Men and women on that particular run should be furnished sittings. Every working day there are enough passengers on that particular trip to warrant the Connecticut Company in furnishing an extra car for the accommodation of these men and women. They pay their good money to the public utilities corporation day after day, year in and year out. They are fully entitled to the consideration of the corporation. They should be given better service. Their requests are reasonable and just and should not be set aside or permitted to go unheeded.

It is hoped that by bringing this matter prominently before the people through the medium of your publication that public opinion may be aroused in behalf of the commuters and thus bring about a greatly needed improvement in the service.

Respectfully submitted,
ONE WHO ENDURES THE IMPOSITION.

LOOKING FOR LIGHT

Willard B. Rogers, candidate for selectman, and for representative in the state legislature and also for public nominee for both offices, is aware of the fact that prominent members of the Republican party here are seeking his defeat for both offices and are employing every possible means to accomplish that end.

Mr. Rogers is a member of the Republican Town Committee and as such deems it to be his right to ascertain whether leading Republicans here are to work for the election of regularly nominated Republicans, or whether they are to take up arms against such and by opposing seek to defeat them.

In order to turn on the light he has directed the following letter to the chairman of the Republican Town Committee, and also sent it to the local press with a request that it be published. The letter is as follows:
Chairman Republican Town Committee, Manchester, Conn.
Dear Sir:-

There are persistent rumors that the so-called old-line faction of the Republican party is endeavoring to bring about my defeat at both the town and state election. While I am not giving this more serious consideration, my friends have urged me to ascertain the position of the republican town committee. I am aware that members of this committee, of which I am also a member, are very desirous of eliminating me politically. I am also aware that some well known republicans have in the past declined to support me for election despite my nomination.

I am aware that members of this committee, of which I am also a member, are very desirous of eliminating me politically. I am also aware that some well known republicans have in the past declined to support me for election despite my nomination.

COMMON AMERICAN BIRDS

INTERESTING INFORMATION ABOUT THEM SUPPLIED BY THE BUREAU OF BIOLOGICAL SURVEY OF THE UNITED STATES DEPARTMENT OF AGRICULTURE

BULLOCK'S ORIOLE

Length, about eight inches. Our only oriole with top of head and throat black and cheeks orange. Range: Breeds from South Dakota, Nebraska, and Kansas to the Pacific coast and from southern Canada to northern Mexico; winters in Mexico.

Habits and economic status: In the West this bird takes the place occupied by the robin in the East with an oriole. In food, nesting habits, and song the birds are similar. Both are migratory and remain in their summer range only some five or six months. They take kindly to orchards, gardens, and the vicinity of farm buildings and often live in villages and city parks.

SELECTIONS GOING TO CAMP GREENLEAF
The next quota of selectives will be sent to Camp Greenleaf, Lytle, Ga., and in this quota 108 men are called, twenty-nine of whom will go from this town. The men, are to report at East Hartford on October 9 for instructions and they must wear the same coat that day which they will wear to camp, as each man will be given a brassard, to be sewed to his left sleeve, which he must wear on the trip to camp. The men will entrain on October 10. Following is a list of the selectives to go from this town:

MRS. ALBERT WILLIAMS
Mrs. Albert Williams died suddenly at her home in East Hartford Wednesday following a two-days illness with Spanish influenza. The funeral is to take place tomorrow afternoon at 2:30 o'clock at the residence on Burnside avenue. Burial is to be in the East Hartford cemetery. Mrs. Edna Russell Williams was the daughter of James and Mrs. Russell of Trotter street, South Manchester. Besides her husband she leaves her parents, two sisters, Miss Edith Russell and Mrs. Anna Waddell, and one brother, George Russell.

R. O. Cheney, Jr. entered Yale College.

A Wells Case returned from a Western trip.

Thomas P. Aitkin moved into his new residence on Main street.

Arthur Gilmore of Buckland and Miss Ida Lewis of Prospect street, South Manchester were married.

A cow belonging to Frank Merkle was choked to death while endeavoring to swallow an apple.

George F. Rich and Richard L. Taylor entered horses for the races at the Danbury Fair.

Arrangements were being made to have the Center Congregational church and the Masonic hall lighted by electricity.

B. C. Apel had new scenery painted for Apel's opera house. He also had radiators placed in the wings of the stage.

John Tedford of Maple street moved into his new residence of Main street north of Center.

Invitations were issued for the coming marriage of Emma Leitold and Otto Schneider.

Mrs. Wells N. Risley died at the age of 72 years. She was the mother of Selectman John S. Risley.

Arrangements were being made by this town for purchasing some fifteen acres of land to be added to the East Cemetery. C. H. Childs asked \$2000 for 21c. Others were \$3c. for 2c.

At the town election the no-license forces won out by a majority of 160 votes. The total vote cast was 1519.

A hot contest was waged between the no-license and the license forces recorded 779 votes. There were 77 women who voted on the question of school visit.

This was their first appearance as voters at a town election. Susan J. Cheney was elected school visitor.

Clarence G. Watkins and John M. Williams, both republicans, and John S. Risley, democrat, were elected as selectmen for the coming year. John Loomis was elected as tax collector.

A twelve-mill tax was laid at the annual town meeting. The sum of \$5,000 was appropriated for street lighting. Electric lights were ordered for the town hall. The number of constables was increased from four to six.

President Chas. L. Beach has prepared for just such a situation by over-hauling the mess quarters for operation on the cafeteria plan, providing a separate dining room for women students, and getting the dormitories in shape to be used as barracks.

Prof. Beach first notified the War Department that Storrs could accommodate 400 men in the Student's Army Training Corps and then took immediate steps to prepare for just the contingency that has arisen; namely, twice as many students to get twice as much instruction or in other words running the college at about four times its normal capacity.

Under an agreement with the War Department the college has contracted to furnish quarters, mess, and instruction to be paid for by the government. The War Department contracts to provide uniforms, equipment, officers and a private's pay for every student inducted into the S. A. T. C.

HIGH SCHOOL GRADS GOING TO STORRS

TO UNDERTAKE MILITARY STUDIES FOR POSITIONS AS COMMISSIONED OFFICERS

U. S. Government Has Taken Over Connecticut Agricultural College For Duration of War Nothing But Military Training Given There Now.

The Connecticut Agricultural College opens the eighth of October, a week from next Tuesday. In view of more than double the usual number of advance applications, it seems certain that the entering class will be three times the customary enrollment. Supplement these with former students who are planning to return and the list grows to close to 400 students, as compared with an average before the war attendance of 200 or a little more.

Manchester will be called upon to spend upwards of \$2,000,000.00 for war work between now and next July.

We will need every dollar that we can spare from the paying of the necessities of life to take care of our soldiers fighting "over there."

MR. VOTER:--

Can you afford to take a chance by voting for the saloons which waste over \$300,000 yearly of the town's money? Think of our wounded soldiers and the money spent here in saloons that would ease their pain.

Help The Winners On to Victory. All the world is aglow with the stirring accounts of our boys fighting with American courage and self-sacrifice. If you cannot go out to them, you can fight for them over here. Smash open the way with howitzers and big guns. Send them ammunition, tanks, airplanes, rifles, clothing, food. Help them to be victorious. Through Liberty Bonds you can lend as fearlessly, as unselfishly, as your fight. That is your job as a part of our war machine. The President to the People of the United States

THE WHITE HOUSE
WASHINGTON

Against the Government consent the people of this country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes this appeal with the greatest confidence because it knows that every day is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential prerequisite. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Now in America, besides, have from the first until now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

WILL YOU HELP OUR BOYS ABROAD?

Every Man, Woman and Child Can Join to Send News of This Town into the Front Line Trenches.

WHOLE NATION MOVES TO BANISH SOLITUDE

Our Heroes Are Calling From Over There—Give What You Can to Help Those From Home.

Every citizen interested in the boys of his home town now at the front, and in the brave women who equally are serving their country abroad, has an opportunity to show his appreciation of the sacrifice they are making. The opportunity comes as a result of the generosity and thought of Colonel William Boyce Thompson of New York, who has conceived and put into execution what is known as the Home Paper Service.

Under the plan, every man and woman in foreign service will receive the town newspaper, and so be kept in constant touch with the places and the people they know and love.

Every branch of the United States Government is interested in the plan. The Government realizes the importance of keeping those in the service happy and constantly in touch with their home ties and associations. Nothing is more depressing in a national emergency than the spirit of loneliness in those serving their country, and officials know that nothing can dispel this feeling more effectively than reading the home town newspaper.

Publishers of newspapers in all parts of the country—this newspaper included—have grasped with pleasure the plan outlined by Colonel Thompson, and they have agreed to cooperate in every way.

Under the ruling of the War Industries Board newspaper publishers are forbidden to send their newspapers free, even to soldiers. The newspaper must be subscribed for in the regular way, the only exception being soldiers who formerly were in the employ of the newspaper and who left that service to enlist. Colonel Thompson therefore proposes that the public in each community contribute to a fund so that the home newspaper (in our case this newspaper) may reach every man and woman now in the service of his country.

Anyone may contribute to the fund, and any sum may be contributed. It is not necessary to contribute the entire amount of one subscription. It does not matter whether the rich man sends in one hundred dollars or the poor boy or little girl sends in five cents. Each gift will be a message of love and helpfulness to the home town folks "Over There." The money will be lumped into one fund, out of which subscriptions will be entered as fast as the money is received.

Contributors who send in the full price of a year's subscription may, if they wish, designate to what particular person they wish the newspaper sent, but if the name given is already listed as receiving the paper, then the publisher reserves the right to apply the subscription to some less fortunate soldier boy or noble woman who is just as lonely for news of home and home folks.

The name of every contributor to this home paper service will be published in this newspaper, and the name of everyone entered for a subscription will be published as well as the number of those consulting whose subscriptions have not been covered.

If the amount of money received shall be more than is necessary to send the paper to every person from the town now in the service, then the balance will be turned over to the Red Cross.

The plan is endorsed by the publisher of this newspaper without any thought of profit, either directly or indirectly, but with a sincere desire to help keep the home fires burning and to send to our heroes and heroines news of our town, to keep their hearts warm for us and to let them know they are constantly in our minds.

The publisher, of course, cannot make a profit on circulation, and additional circulation such as this will be circulation from non-purchasers sent across the sea—can have no added due to the advertiser.

These facts are stated so that every contributor may feel that every cent contributed goes to the good cause. The mothers of our boys are facing a world with a bravery that commands respect and admiration. Here at home where tiny stars are turned on blue to gold, where anguish grips the heart, the nation stands in silence and honors the women who have given their blood, their very bones of their life, to their country. To these, home as lost its meaning—the soul of it is dead—there is no home, it is just a sea, and no place is quite so lonely, less it be within the hearts of those who are sons in far off France who long for just a word of home. There can be a man, there cannot be a woman, no, not even a child, who will not contribute just a little to make the hearts of those patriots lighter, not one. Not in our town.

SOME USES OF THE PEOPLE'S MONEY BY THE WAR DEPARTMENT

Since the United States entered the war, a little more than 18 months ago, the War Department has raised, sent across the sea upward of a million and a half of soldiers and has practically as many more under training at home. The number of American soldiers lost in transit as a result of U-boat attacks up to September 1 last was less than 500.

In this time more than 2,000,000 rifles of the new 1917 model, considered by many experts the best army rifle in the world, have been made, inspected, assembled and issued, and the weekly production is growing.

The total amount of money directly appropriated by Congress for the Ordnance Program, or for which authorized to use a loan to their obligations, amounts to approximately \$12,000,000,000, since the beginning of the war.

From the beginning of the war, to June 30, 1918, the last day of the past fiscal year, contracts were placed by the Ordnance Department from appropriations and authorizations existing at that time amounting to \$4,200,000,000. It is estimated that during the present fiscal year ending June 30, 1918, the actual cash expenditures for ordnance will reach a total of \$7,000,000,000.

The major items for which cash expenditures were made or for which contracts were placed, up to June 30, 1918, were:

Artillery	\$1,000,000,000
Artillery Ammunition	1,000,000,000
Small Arms	100,000,000
Small Arms Ammunition	1,000,000,000
Small Arms Ammunition	20,000,000
Horses & Supplies	100,000,000
Armored Motor Cars	10,000,000
Artillery Ammunition	\$2,850,000,000
and Small Arms Ammunition	\$955,000,000

Expenditures in connection with military engineering operations direct relating to the war have exceeded \$75,000,000 the past year, the largest part going for docks and railroads in France.

Since the beginning of our participation in the war, there have been bought for Army use 625,461,292 lbs. of flour at a cost of \$43,375,445; 182,832,218 lbs. of sugar at a cost of \$14,482,512; 110,451,570 lbs. of bacon at a cost of \$43,375,445; 102,894,742 lbs. of dried beans at a cost of \$12,613,469; 72,274,520 cans of tomatoes at a cost of \$9,378,121 and 38,421,256 lbs. of rice at a cost of \$2,776,219. These are but six standard articles of food but they give an idea of the volume of our purchases.

HEAR THIS CALL FROM OUR HOME TOWN BOYS OVER THERE

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There" GIVE WHAT YOU CAN

Shoes, Marching	11,383,000	\$5,481,450
Shoes, Field	12,342,000	7,813,150
Coats, Cotton	12,342,000	12,342,000
Coats, Wool	12,342,000	24,684,000
Breeches, Cotton	15,426,000	7,713,000
Breeches, Wool	15,426,000	30,852,000
Shirts, Flannel	82,771,000	16,554,200
Under-shirts	82,771,000	16,554,200
Drawers, Cotton	41,385,500	20,692,750
Drawers, Wool	41,385,500	82,771,000
Stockings, Cotton	22,654,000	2,265,400
Stockings, Wool	22,654,000	45,308,000
State, service	1,775,000	15,225,000
Blankets, 1 lb.	14,134,000	32,711,000
Blankets, 1 lb.	5,774,000	12,984,000

The axes and helms bought for the Army since we entered the war number 532,729, costing \$6,997,961. There are 34,972 rolling kitchens, which cost \$47,480,000; 28,427 field ranges, costing \$1,055,894; 109,306 carpenter's chests, costing \$2,732,650; and 5,600 blacksmith's chests, costing \$224,000. The Army is using 2,574,982 shovels costing \$1 each; 1,922,400 lantern globes costing 30 cents each; 165,727 desks, costing \$1,377,260 and 47,641 portals, forges, costing \$260,320.

There have been contracted for 106,000 motor trucks of all types, sizes and styles, costing \$46,515,000; 10,700 passenger cars, costing \$12,276,000; 54,400 motorcycles, costing \$10,255,000; together with many thousands bicycles and camp and tank trailers.

These figures show how the people's money is going into the war to register a will for victory. The sums are large but the need is great. The results, it is believed, will vindicate them.

INTERESTING ITEMS BOILED DOWN FOR BUSY READERS

The copious rains of last week replenished the earth and gave needed supplies of water to streams and reservoirs.

Mitchell Rubnow has closed the garage which he recently opened on Maple street near Main and has returned to Springfield, Mass., from whence he came. He has secured a position there in charge of the distribution department in one of the largest bakeries in that city. He is to bring his family back to Springfield also. He has been occupying apartments in the Maple street tenement owned by his brother, William Rubnow of Rubnow's Specialty Shop. The garage is also owned by William Rubnow.

Miss Annie Osborne, youngest daughter of David Osborne of Laurel street, has entered Sargeant School of Gymnastics at Boston, Mass. She is a graduate of the South Manchester high school, class of 1918. Miss Osborne was seriously considering the advisability of entering the service of the United States as a yeoman, but her decision finally swung to the study of gymnastics instead.

The many friends of Daniel P. Hayes, formerly of South Manchester, will be pleased to learn that he has been advanced to the position of corporal. He is serving with the Quartermaster Corps at Fort McPherson, Atlanta, Georgia.

Conrad Nyquist of New York City has moved to South Manchester and with his wife and infant son are living with his wife's parents, John W. and Mrs. Johnson of 33 Sunset street. Mr. Nyquist is employed as the draughtsman in Cheney Brothers machine shop, succeeding Oswald Fisher. Mr. Fisher is enlisted recently for special service and is at a mechanical training school at Newton, Mass. Mr. Nyquist for a number of years

Miss Edythe Carlisle of Norman street is to be married to Quartermaster-Sergeant William H. Chapman, who is presently stationed at the Canal Zone. Miss Carlisle is to sail for Panama, Miss where they will be married. Miss Carlisle entertained some 30 friends Wednesday evening at her home.

George H. Waddell, clerk of the board of selectmen, attended the Berlin Fair Wednesday, as did also Charles Parks of South Manchester. George P. Smith of Suffield visited with friends in South Manchester this week Wednesday. He is wearing a paper hanger and was formerly in the employ of Cheney Brothers.

Ezekiel Benson of Main street has secured a position in the Underwood Typewriter factory. He began his new duties there last Monday. He managed to get a position where he can sit down and do his work. This is appreciated, as he is overworked because of a strain sustained in constantly driving an automobile while in the regular pursuit of his business before.

Private Edward Cavanaugh of 29 East Center street died at 23 years old and resided here all his life. He used to drive team for the Manchester Lumber Company. He is survived by his mother, Mrs. Mary Markel of Center street; two brothers, Frank, who is with the Naval Construction Unit in Ireland, George of Winsted, and three sisters, the Misses Emma, Louise and Elizabeth. At noon today the body had not arrived here and therefore funeral arrangements are unknown. There is a great scarcity of hermetically sealed caskets just now and this fact is causing delay in transporting bodies for burial.

"Save to Buy, Buy to Keep."

Allice Gertrude, the five-month-old daughter of William Gertrude, 141 Madison street, died last night. The funeral took place this afternoon. Interment was in the East cemetery. Policeman Herman Schmedel is suffering with Spanish influenza at his home on Russell street.

William D. Holman, son of Charles W. and Mrs. Holman of Summit street is suffering with Spanish influenza. Mr. Holman has been a student at the Naval Aviation Officers' Training School at Cambridge, Mass., but has been sent to Westport, Mass., to recuperate.

The commanding officer at Camp Devens telegraphed William McGuire of Main street Wednesday afternoon that his son, W. B. McGuire was critically ill with pneumonia at the night until seven o'clock in the morning.

At the fall meeting of the local Chamber of Commerce held at Tinker hall last Monday evening, ten delegates were elected to the state convention which will be held in New London next month. An interesting talk on the War Chest plan of raising funds for war work was given by Edwin P. Jones, president of the Connecticut State Chamber of Commerce. Preceding the business meeting a roast beef supper was served.

The big line store has passed and one we have been spared from the ravages of an early frost. Last year a freeze came on the eleventh of September which had sufficient intensity to make ice. It also had a disastrous effect upon farm and garden produce. The flowers that were left exposed were struck down and blackened. All of these occurrences were happily averted this year. The alleged line store cleared of comparatively warm. It has been said by ancient sages that as the line store clears so shall all the storms for the succeeding six months. All are earnestly hoping that such may be the case this year. The scarcity and costliness of coal and wood make the question of a mild winter a very interesting one.

Private Charles Merkel of pneumonia at Camp Devens Wednesday evening at the age of 23 years and resided here all his life. He used to drive team for the Manchester Lumber Company. He is survived by his mother, Mrs. Mary Markel of Center street; two brothers, Frank, who is with the Naval Construction Unit in Ireland, George of Winsted, and three sisters, the Misses Emma, Louise and Elizabeth. At noon today the body had not arrived here and therefore funeral arrangements are unknown. There is a great scarcity of hermetically sealed caskets just now and this fact is causing delay in transporting bodies for burial.

Private Charles Merkel of pneumonia at Camp Devens Wednesday evening at the age of 23 years and resided here all his life. He used to drive team for the Manchester Lumber Company. He is survived by his mother, Mrs. Mary Markel of Center street; two brothers, Frank, who is with the Naval Construction Unit in Ireland, George of Winsted, and three sisters, the Misses Emma, Louise and Elizabeth. At noon today the body had not arrived here and therefore funeral arrangements are unknown. The evening schools in the Ninth District will open Monday, October 14th. This will give many young persons of foreign birth the opportunity to study the English language and thus hasten the period of their more complete Americanization. This applies particularly to young persons. There is no age limitation however attached to the free educational privileges extended to all in all persons desiring of learning and study. The better preparing themselves for the duties of American citizenship and for more lucrative and better employment.

Carl G. Anderson of this place, who had taken the oath of allegiance to the United States and stated that he desired citizenship in this country, has revoked that allegiance and now states that he does not want to be an American citizen. This unusual action followed a hearing before the exemption board of the Fourth Senatorial District. Mr. Anderson was a Class 1 man and liable to a hearing and revoked his allegiance to this country, at the same time renouncing his first citizenship papers. He has therefore been placed in a deferred class and will not be inducted into the military service of the United States. People will not look upon Carl G. Anderson as being a desirable inhabitant of this town by virtue of his actions in this matter.

Approved Canning Certificates Entitled Holder to Supply of Sugar. In order that persons desiring to do canning may have sufficient sugar to meet these requirements the local food administrator has made arrangements for the distribution of sugar for this purpose to all who require same. The sugar for the special canning allotment for this town will be handled by the grocers as in the past, excepting that families desiring sugar for canning must first go to the War Bureau and fill out an application stating the requirements. These applications will be passed on by a special committee consisting of Miss Dorothy Hemmingsway and W. W. Harris. If approved, an order on the groceryman will be ready for delivery to the applicant the following morning. Miss Hazel Trotter has been assigned to duty at the War Bureau to issue and take charge of the canning certificates. The sugar for this special canning allotment is small and for all to have a minimum quantity to try their remaining canning, none must apply for a maximum or excess quantity.

The local food administrator took a hand in the sugar situation here last Saturday, when he visited several stores in town and took sugar from some merchants and divided it between merchants who had no sugar in stock. For some time past there have been stores where no sugar was available, while other stores had sufficient and in some cases large supplies. The food director made a survey of the situation last Saturday and following his investigation took drastic action to see that all stores had some sugar on hand. This was later followed up by obtaining a special consignment of sugar from Hartford for canning purposes and which is being distributed by the grocers on orders approved through the War Bureau.

That School Tax. If you have any grievance to present as to why you should not pay the school tax in the Ninth School District, you should make same known to the assessors and the board of selectmen at the office of the town clerk next Monday at two o'clock. These officials will be in session at that time and place for the purpose of taking action upon all such grievances. Failing in this you have no further redress and must pay the two mills tax as laid upon the grand list of 1917.

Have Free Wood. Some of the employees of the local tramway company will experience no shortage of wood during the coming winter. The Connecticut Company has agreed to supply the men who are employed in the car barn here. The men secured a portable sawmill and cut the ties into suitable lengths for use in the car barn. At this time such a supply comes in very handy and useful. The ties are well seasoned and suitably adapted for taking off the mill these mornings.

PRIVATE JOHN CORNELL DIES OF PNEUMONIA. Second Son of Rev. J. P. O. and Mrs. Cornell Dies in U. S. of Service. The community was greatly shocked last Wednesday forenoon to learn that Private John Cornell, son of Rev. J. P. O. and Mrs. Cornell of South Manchester, had died at Camp Green, Charlotte, N. C. Private Cornell was taken sick last Friday with pneumonia. A telegram to his parents Saturday stated that he was seriously ill and his father left immediately for the camp. Saturday night pneumonia developed and although the young man appeared to be holding his own for the first two days on Tuesday he became worse and gave up his life Tuesday evening. His father was with him to the end.

John Cornell was born in Wilcox, Pa., October 18, 1892. His father was the pastor of the Swedish Lutheran church in that place at the time of his death. The family removed to Bradock, Pa., where the young man received his early education. He was graduated from Upsala College, Kenilworth, N. J. in the class of 1916. During his college course he showed much ability as a cartoonist. He also demonstrated that he had considerable literary ability and several of his sketches were published in college magazines. He was a close student and this work weakened his eyesight. He was anxious to enlist. He tried on eight different occasions but was rejected each time because of weak eyes. He did some ministerial work and last year supplied the pulpit at the Swedish Lutheran church at Ridgway, Pa. He registered at Summit, N. J., was placed in the limited service class and told to hold himself ready for duty. He came home last Christmas awaiting his call. During the summer months he was the instructor at the Swedish summer school here and kept at that work until he received his call for U. S. military duty on August 30th. He was sent to Camp Green.

This is the second son of Rev. and Mrs. Cornell to die in the service. Another son, Sergeant Adolph Cornell was killed in France on June 19. Besides his parents he is survived by his sister, Miss Mildred Cornell, who lives at home. The family have the profound sympathy of the entire town in the cruel visitation which war has brought to them and many have been the expressions of regret which have been heard.

The funeral is taking place this afternoon at the Swedish Lutheran church on Church street. It will be a military funeral, a squad from the local State Guard acting as a guard of honor. A firing squad will fire a volley over the grave, tags will be scattered and the response will mark the final military tribute to the young soldier who has given his life for his country.

Coal in Two-Ton Lots. In order that all his small users may have some coal in their homes to start the winter fires, E. S. Ely, local fuel committee, has requested dealers to give precedence to orders of patrons calling for small quantities. The committee urges that requests be delivered in two lots to patrons until such time as all orders for this amount have been filled. Manchester has received about one-half of its needed supply, but there will be more to come as the dealers are providing strict economy is practiced. After the small consumers shall have been taken care of the dealers may resume filling larger orders. The plan has the approval of the state fuel administrator and is being followed out in other towns and cities.
