Don't Hold Out On Uncle Sam

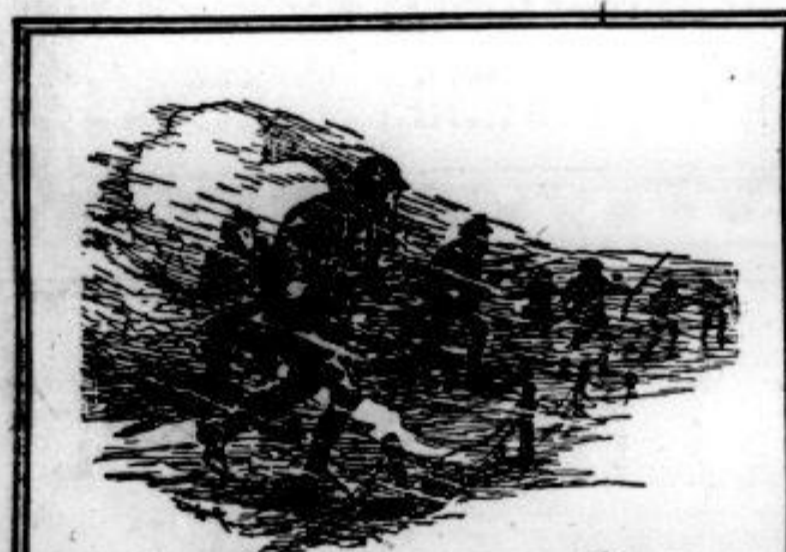

He helped you get all you've got.

Buy Bonds To Your Utmost

Buy To The Limit

Uncle Sam needs and must have your support, so don't quit cold the best friend you've got.

WE ARE DEMONSTRATING THE HOWARD AND BARSTOW RANGES

Forward!

With no thought of nursing shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

As representing the local corps of the Salvation Army at the conference Commander Fred Bartlett, Sergeant-Major Thomas Hopper, Treasurer William Perrett and Secretary William Atkinson took part in the proceedings.

Announcement has been made of the engagement of Corporal John A. Benson of Main street, South Manchester, to Miss Rachel S. Patterson, daughter of Thomas H. and Mrs. Patterson of 151 Stearns street, Bristol. Corporal Benson enlisted with Company G at the outbreak of the Mexican melee and crossed the briny deep with the G boys last year to hunt the Hun. He is now employed as secretary to "Machine Gun" Parker, the famous colonel with the Connecticut troops. Corporal Benson is the son of Ezekiel and Mrs. Benson and is well and popularly known in South Manchester.

GOING TO CALIFORNIA

John H. and Mrs. Williams of the House & Hale block are making preparations to remove from South Manchester and take up their abode on the Pacific coast. The probabilities are that they may locate in Los Angeles, California. Mr. Williams has been janitor of the House & Hale block for the past eight years. Mrs. Williams accommodated roomers in the building. In addition to his duties as janitor Mr. Williams had charge of the steam heating plant in the building and is a licensed freeman. Mr. Williams also conducted a team, coffee and spice store at the House & Hale block. He and his good wife have decided to make a change of dwelling place and seek a more balmy and gentle climate than that afforded by blustering and blustering Old New England.

Mr. and Mrs. Williams are natives of Connecticut and have grown up and lived in the Nutmeg state the major portion of their lives. Nevertheless they are about to seek the "Land of the Setting Sun" and avoid the distressing weather conditions which New Englanders have to bear. They intend to leave their apartments in the House & Hale block within the next two weeks. They will spend a week visiting with relatives in Glastonbury, New Britain and Holyoke and then will start on their way towards "The Golden Gate State."

Henry W. Lovd is to succeed John H. Williams as janitor of the House & Hale block. He will occupy the premises in that building now used by Mr. and Mrs. Williams. Mr. Lovd is employed as a harness maker by the F. T. Birch Hardware Company, and has held that position for a number of years. He intends to continue at his trade and perform the duties of janitor as a side issue.

Miss Catherine Murphy of South Manchester expected to go to Camp Devens last week as a nurse. About the time she had all arrangements made for the transfer, an accident occurred which changed her course for the present. While attempting to lower a window the sash fell and caught her left hand in its descent. As a result two fingers were severed. As soon as the wounds heal, Miss Murphy expects to answer the summons for nurses at Camp Devens.

There is a great scarcity of nurses at Camp Devens and the authorities are at their wits ends endeavoring to supply the shortage. They are summoning women from far and wide who have had experience as nurses in some of the recent wars of the world. Spanish influenza and pneumonia are the prevailing disturbances there.

Robert A. Hitt of West Springfield, Mass., spent the week-end with Rollin S. Hitt and family of Holl street. Mrs. W. E. Keith entertained the meeting of the W. C. T. U. at her home on Locust street last Tuesday afternoon.

The regular monthly meeting of Howe and Ladder Company No. 4 will take place at the School street headquarters tomorrow evening.

A. W. Greene had charge of the demonstration of voting machines at the town hall Tuesday, Wednesday and Thursday evenings of this week. The names of the candidates to be voted on at the town election next Monday were arranged in the order in which they will appear on election day. Voters took advantage of the opportunity of getting demonstrations on how to use the machines.

William C. Cheney, of this place, who recently returned from France on detached duty has been assigned to Camp Lewis, in the State capital. Cheney has left for his new post. He will be an instructor in building and repairing trenching and other work. Mr. Cheney accompanied him to his new assignment.

Dr. J. L. and Mrs. Renshaw have returned from their honeymoon. They have taken up housekeeping on Main street.

Alexander Miller, Jr., son of Alexander and Mrs. Miller of Ridge street, South Manchester, has been advanced to the rank of captain. He is located at a camp in South Carolina. Captain Miller has served in the U. S. Regular Army for more than six years. Most of that time he spent in Honolulu. He served as a member of Company G before joining the regular army.

Owing to the prevalence of Spanish influenza, the community singing which was to have taken place at the gymnasium in the Recreation building Wednesday evening was indefinitely postponed.

FIGHTING FOR LIFE

Expressman James W. Foley of Main street has been critically ill during the present week. He was attacked by a cold last week. He endeavored to battle it off and continued at his work. Shortness of help and increasing business made it feel that it was imperative that he should keep on working. By Thursday of last week Spanish influenza developed and he was compelled to summon his wife home from New London. She and her little daughter were visiting with relatives. Mrs. Foley came home Thursday night and found her husband suffering with a high fever. Respite was given and he rallied. Saturday he went out to fill some orders and was taken down again. This time his right lung became involved and it seemed pneumonia was about to master him. Strenuous measures were employed and relief was secured. While he is not as yet out of danger, it is believed that he has a fighting chance to be saved.

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Has Nervous Trouble. George H. Miller of East Center street is suffering with nervous trouble and yesterday was taken to an institution at Ocean Beach for rest and recuperation. Besides his duties as consulting engineer for Cheney Brothers he has been serving as local food administrator. He has taken an active interest in War Bureau affairs and was intensely interested and active in the no-noise campaign which has been waged here with so much energy for some months past. All of these responsibilities were too much for him, and he had to imperatively stop for a time in order to have his normal equilibrium restored.

Appointed This Forenoon. The following committee was appointed this forenoon for the purpose of acting during the present epidemic of Spanish influenza. Mrs. A. L. Crowell, Mrs. William G. Cheney and Frank H. Anderson. An appropriation has been made by the Red Cross and the committee is to represent the Red Cross in the work at the emergency hospital at Cheney Hall. Bert L. Knight is director.

Emergency Hospital. Cheney Hall was opened this morning as an emergency hospital for the epidemic of Spanish influenza. Beds have been placed on the main floor and in cases where whole families are afflicted and have none to care for they will be provided in the emergency hospital. Doctors and nurses will be provided. Assignments to the emergency hospital will be made by the attending physician. "Save to Buy, Buy to Keep."

TOWN ELECTION

CHOOSES "BIG FOUR"

ONCE AGAIN THAT COMBINATION SUCCESSFULLY PROVES ITS POPULARITY.

Strong Grasp of Lion's Paw Remains Unbroken. All Efforts to Break Line Fail. Working People Recognize and Sustain Their Champions.

At the annual town election Monday the "big four" won out for positions on the board of selectmen and the town reverts back to the "new" column, those favoring the saloons being in the majority by 190. The attempt of some republicans to defeat W. R. Rogers for selectman by substituting the name of C. W. Holmes, democratic and prohibition candidate for selectman, met with failure, the young politician pulling through the battle a victor. It was admitted on all sides that the "good government association", as Mr. Rogers opponents chose to style themselves, pulled a "bone" when they attempted to defeat a Republican nominee by asking Republican voters to vote for a Democratic nominee. There was no particular interest in the election aside from the attempt to knife Rogers and also the vote on the license question, which came as a surprise to many, but which was anticipated in certain quarters. The result of the balloting follows:

Business Courtesy.
A business man rises to welcome his wife or a woman friend or a woman relative who visits him at his office, but he does not rise to greet his stenographer or other woman employees. No business woman is justified in regarding this distinction as a distinction. Let it dry on the cloth and the stain will disappear.

Made Him Devout Christian.
Gen. Lew Wallace said that before writing "Ben Hur" he had no fixed religious convictions, but as the story grew and the Christ figure assumed reality his whole life was affected by it and when the work was completed he found himself for the first time in his life a devout Christian.

Workingmen's Choice

The town has a new chairman of the board of selectmen in the person of Aaron Johnson, who succeeds Howard I. Taylor. There need be little to fear by the change. Although Howard I. Taylor has been without doubt an efficient and capable chairman the business affairs of the town will be equally well directed by Mr. Johnson. It will also give the "big four" who hold the balance of power on the board a distinct advantage, as they will have entire charge of all matters pertaining to the town and will either stand or fall on the work which they perform during the coming fiscal year. Mr. Johnson, already a proven business executive, is at the same time one of the best friends of the laboring man that the town or state has. In this relation it is interesting to note what the "Connecticut Labor Standard", the weekly called for at home, it will be remembered that when Mr. Johnson represented this town in the Connecticut legislature he introduced and fought to a successful conclusion a bill which called for the printing on all packages of food the net weight of the contents. There was determined opposition to the bill by the big packing interests and also by the manufacturers and wholesalers. Practically single handed Mr. Johnson stood by his bill until it became a law. In discussing this measure, the "Connecticut Labor Standard", has this to say about our fellow townsmen:

"In Aaron Johnson, representative of from Manchester, the people have an able champion in the fight for a square deal for the food consumer. The wage earners of the state the amount of the burden of living falls heaviest, have particular reason to regard Representative Johnson kindly for he won his great fight only after devoting untiring effort and considerable more money than his salary amounts to in his fight against the packing interests of the country and a majority of the wholesalers. The bill provides that all packages of food offered for sale shall be conspicuously marked with the net quantity of the contents and the sign was a vigorous one with Mr. Johnson practically alone on one side and the big food packers and handlers combined on the other and it is safe to say that no other representative ever put up a harder or gamer fight for a measure than did Mr. Johnson."

Mr. Johnson has the respect of his fellow townsmen to a marked degree as is evidenced by the large vote he received here Monday. He is also popular outside the town with the working class and if he was seeking higher political honors than this town is giving him he no doubt would receive the united support of the laboring class, for whom he has worked so hard.

I Saw in the Paper.
I have just read of a new way to remove a worm from linen, said the woman who studies the paper. "It always scorched mine; tell me about it," requested the woman who did not know.

"It is a little troublesome at first, you put two ounces of fuller's earth into a pan, add half an ounce of white soap, the juice of two large onions and half a pint of vinegar. You boil this together for a few minutes, then you put in a covered vessel for future use. When you have a soiled piece of linen, you dip it into the mixture and let it dry on the cloth and the stain will disappear."

Looking Backward

Twenty-Five Years

To Happenings Then Recorded in the News

M. S. Chapman was elected as president of the Mather Electric Company over North, George W. Smith, Albert F. Bidwell, George W. Finlay, James Finlay and Wesley B. Porter started for the World's Fair.

BOUGHT DISUSED CHURCH BUILD NEW HALL

A building committee representing the Swedish Building Association has this week purchased the disused wooden Swedish church on Church street which was mistaken by a Chicago head-on collision with a freight train took place. The young men were asleep in their berth when the accident occurred. They were injured. An engineer and several others were killed and a goodly number injured.

White-Breasted Nuthatch

Length, six inches. White below, above gray, with a black hood. Range: Resident in the United States, southern Canada, and Mexico. Habits and economic status: This bird might readily be mistaken by a careless observer for a small woodpecker, but its note, an oft-repeated chirp, is very unwoodpeckerlike, and unlike either woodpeckers or creepers, it climbs downward as easily as upward and seems to set the laws of gravity at defiance. The same was suggested by the habit of wedging nuts, especially beechnuts, in the crevices of bark so as to break them open by blows from the sharp, strong bill. The nuthatch gets its living from the trunks and branches of trees, over which it creeps from daylight to darkness and spiders constitute a little more than 50 per cent of its food. The largest items of these are beetles, moths, and caterpillars, with ants and wasps. The animal food is all in the bird's favor except a few ladybird beetles. More than half of the respectable food consists of mast, i. e., acorns and other nuts or large seeds. One-fourth of the food is grain, mostly waste corn. The nuthatch does no injury, so far as known, and much good.

ANNUAL TOWN MEETING MATERIALLY SHORTENED

The town has a \$10,000 loan which will be due April 25, 1919, and action on this question was deferred until the adjourned annual town meeting. The town also has obligations in notes amounting to \$10,000 which will be due October 22 and power was given the selectmen to renew these notes for a period not exceeding two years.

Looks Like Thirteen Mills Tax Next March According to Appropriations Made. School of Ninth District Show Largest Increased Expenditures.

The annual business meeting of the town held at the town hall last Monday afternoon was considerably out of the ordinary. It was one of the shortest annual town meetings on record with a very light attendance, not more than 100 persons being in the hall at any time, and the business of the meeting was conducted with less argument and speaking than has ever been the case. The recommendations of the board of selectmen were all approved and the meeting took a recess after an hour and one-quarter to await the outcome of the balloting in the lower hall.

John M. Sherry was moderator of the meeting and helped considerably to expedite matters. The appointment of policemen, Chairman Howard I. Taylor of the board of selectmen made all the recommendations and motions to the various sections of the call. The board of selectmen had considered each matter before hand and had agreed on the recommendations presented by Mr. Taylor. The first business taken up was the appointment of policemen for the ensuing year. On recommendation of Mr. Taylor authority was given for the appointment of not to exceed 10 policemen.

The reports of the town officers, as printed in the annual town report were accepted by the meeting. Alexander Deacon was appointed sexton and superintendent of the East cemetery. H. O. Bowers was appointed superintendent and Martin Koehler sexton of the North-west cemetery. John Tresh was appointed superintendent and sexton of the West cemetery.

The question of making an appropriation for sidewalks and curbs was tabled until the adjourned annual town meeting. The meeting then took up the question of appropriations for the different departments of the town and after \$148,456 had been appropriated for schools, and \$15,000 for charities had been made, W. S. Hyde asked for a point of information, how much the tax rate would be providing the meeting made all the appropriations as would be recommended by the selectmen. George H. Waddell, clerk of the board did some figuring, and after adding the figures and taking the last grand list for comparison found that a tax rate of 18 mills would be necessary if all the appropriations as recommended by the selectmen were made.

Mr. Taylor explained that the selectmen had given careful scrutiny to all the appropriations which they were to make and owing to the abnormal conditions did not see any way in which the appropriations might be reduced. With this explanation the meeting then made the following appropriations with very little discussion:

Table with 2 columns: Item and Amount. Includes Schools (\$148,458), Charities (\$15,000), Highways (\$6,000), Police (\$8,000), Street Lighting (\$11,000), Memorial Day (\$400), Cemeteries (\$1,600), Manchester Free Library (\$1,000), Parks (\$4,000), Board of Health (\$2,600), Building Inspector (\$600), Town Court (\$5,000), War Bureau, per month (\$100), Oiling Streets (\$7,000), Miscellaneous (\$17,000).

The Gift of God. Sleep is the gift of God. We think we lay our heads upon our pillows and compose our bodies in a peaceful posture, and that therefore we naturally and necessarily fall asleep. But it is not so. Sleep is the gift of God, and not a man would close his eyes did not the Almighty send a soft and balmy influence over his frame which lulled his thoughts into quiescence, making him enter into that blissful state of rest which we call sleep.—Charles H. Spurgeon.
