The Secret of Their Beauty

### 13 Dollars-13 Cents

When Swift & Company paid, say,-13 dollars per hundredweight for live beef cattle last year, the profit was only 13 cents! In other words, if we had paid \$13.13, we would have made no profit.

Or, if we had received a quarter of a cent per pound less for dressed beef we would have made no profit.

It is doubtful whether any other business is run on so close a margin of profit.

This is bringing the producer and the consumer pretty close together-which should be the object of any industry turning raw material into a useful form.

This remarkable showing is due to enormous volume, perfected facilities (packing plants strategically located branch houses, refrigerator cars, etc.), and an army of men and women chosen and trained to do their special
