invalidity and old age.

Labor Participation in Management.

"The general level of wages attained during the war should not be lowered. In a few industries, especially some directly and peculiarly connected with the carrying on of war, wages have reached a plane upon which they cannot possibly continue for this grade of eccupations. But the number of work.

In a few industries, especially some directly and peculiarly connected with the discussion of the war Labor Board. It is to be hoped that this right will never again be called in question by any considerable number of employers. In addition to once in love, you have to stick."

They were closeted alone in the inner sanctum of the campaign headquarters of "William Westlake, the People's Choice for United States Senator." Then the "oracle" spoke.

"So my daughter persuaded you, eh?" queried the Republican leader, severely. "See hege, young man, you can't take up this business as a fad. Once in love, you have to stick."

Something in the colonel's tone occupations. But the number of workers in this situation is an extremely small proportion of the entire wage-carning population. The overwhelming majority should not be compelled or inferred to undergo any majority and any continue for this grade of this, labor ought gradually to receive greater representation in what the English group of Quaker employers to undergo any majority should not be compelled or inferred to undergo any majority should not be compelled or inferred to undergo any majority should not be compelled or inferred to undergo. red to undergo any reduction in processes and machinery; nature of from politics because—well, because I their rates, of remuneration, for two reasons—first, because the average rate of pay has not increased faster than the cost of living; second, because a considerable majority of the wage-earners of the United States, both men and women, were not receivable men and women men and me ing living wages when prices began to suggested by this group of employers that much." lies obtained less than 800 dollars, employers would not only promote the tered the office. the had in a manner elected or apposited herself to that post, though she did it unwittingly. Her widowed mother died when Mattle was in her early treena, and Mattle had to help out her meager inheritance by some sort of work. She was ambitious to become a teacher, so she let down her dresses, for in those days the letting down of the dress signified an age of dignity and discretion, and Mattle must make an impression on the school board. She put her hair up very high, practiced her prunes and prisms religiously before her mirror till her mouth lost its habit of dimpling and turning itself up at the corners on the slightest provocation—and received the provocation—and received the and happy by its ardent thanks. She had made a better soldier of him, he causely old, and, jubilant, she let it remain; then, of course, the mischief now on she was to consider him as her was done. 'She could not be young if soldier, too. The other she read she wished, and at times she did wish, through twics. Scotty was telling her she almost gave up wishing, took up an, that his mother would have done in a village and so she became | "Why, he thinks I'm as old as Me-

corn on occasion had called her might have been a real romance—if. fashioned in brown chiffon velvet. leddlesome Mattie.

"Well, I'll tell him the truth," she said, and abe did, but told him as he valued before her tiny stove, she said the name to herself, but in a new tone, a name to herself, but in a new tone, a fession was too funny to keep, and sole trimming.

"Well, I'll tell him the truth," she said, and she did, but told him as he valued beams shade. The hat is of brown velvet with a brim of brown angera. A soft band and bow of satin forms the sole trimming.

"Yes," she mused, "that's just what "But, Ben," he said, "that makes her better than ever. She risked a lot of gossip making out that she had been giddy, when evidently she's never had time to do anything but make her living. Wouldn't it get you?"

But Ben, with tears in his eyes, was realizing the need that Mattle had felt that something heroic must be done to save his wife, and Mattie's stock soar ment. But just the same there are When Mattle wrote she had told her age. Corporal Scott was just turning thirty-one. When she confessed the

much unhappiness to the one whose the handbag almost always swings a

They Never Go Back.

A brother-in-law of mine who is in France wrote me about one of his pals a dreadful thing in a place where no one else had ever run away and got married. But the fact that Bonnie was being hectored to death by malicious gossip, retailed to her by her disappointed and nagging mother, moved Mattle to angry tears.

"Til not have it! What if she did run away and get married? What if she is a war bride—I wish—" but she is a war bride—I wish—" but she did not finish. She laughed and jumping to her feet, did a highland fing. The unwonted exercise brought the color to her cheeks and tumbled to retreat? How far could you retreat?

They Never Go Back.

A brother-in-law of mine who is in France wrote me about one of his pals tassel, of strands of chenile, of heavy twisted silk, of beads, either of steel, of jet or of colored glass, or else a combination of wooden beads and heavy strands of silk.

Some of the new bags have linings of green, blue or pink and white like gingham in general appearance. Indeed, they are of silk gingham. At first thought a little checked design of pink and white is no suitable lining for a state-ly bag of black chiffon velvet that costs anyway \$10, but still this new lining is novel, and it is dainty and fresh as well. Moreover, it wears fairly well, something not always to lineared in the miserast in the miserast lat the botton.

A brother-in-law of mine who is in france wrote me about one of his pals the sale with the heavy strands of chenile, of beavy twisted silk, of beads, either of steel, of jet or of colored glass, or else a tassel, of strands of chenile, of jet or of colored glass, or else a tassel, of strands of chenile, of jet or of colored glass, or else a tassel, of strands of chenile, of jet or of colored glass, or else a tassel, of strands of chenile, of jet or of colored glass, or else a tassel, of je
