AVOWAL SEEMED SO SUDDEN

No Wonder Maiden Lady Was Somewhat Shaken at Walter's Ardent Announcement.

A party of four, just returning from the theater, called in at a fashionable restaurant. The old maid who was the guest of the evening was charmed by the especially the music.

While the waiter was standing by the table she asked him to find out the title of the piece the orchestra was playing. And the waiter willingly agreed.

But other duties claimed him for a time, and when he returned the lady had completely forgotten the name.

When he bent toward her and whispered in her ear she recoiled in horror.

Then, recovering from the shock she turned cold relentless fury upon the hapless man who waited.

"How dare you!" she cried. "How dare you tell me the name of the piece to explain why I had merely brooded the title of the piece so bitterly!"

"You made me love you, ma'am; I didn't want to do it."

TALKS WITH THE DEPARTED

Sir Arthur Conan Doyle insists He Has Communications From the Spirit World.

Spiritualism has taken such a strong hold on Sir Arthur Conan Doyle that in one of his recent books, "The New Revelation," he gives a rather interesting description of life beyond the grave.

He obtained this information, he says, from numerous spirits with whom he has communicated. He has also had communications from the spirits of his own family.

He has also had communications from the spirits of his own family. He has also had communications from the spirits of his own family.

He has also had communications from the spirits of his own family. He has also had communications from the spirits of his own family.

HOW FOUNDATION OF GREAT BRITAIN'S POWER

Britain owes its position in the world of commerce and industry, which means its financial status in the world, to coal more than to anything else.

It is an amazing fact that Britain produces a fourth of all coal used in the world. Coal is money to Britain. It pays in coal for thousands of commodities which are imported into this country.

SWEPT AWAY THE MUD BAR

Tugboats Worked at Excavators in Successful Effort to Release Steamer Which Had Stranded.

A lake Erie steamer went aground on a mud bar. The tug failed to judge her by straight pulling. Then, as shown in the illustration, the sturdy little puller took positions at the side of the stranded steamer and proceeded to direct the current through by their propellers against the mud bar.

Never in the history of furniture making have such really exquisitely designed suites for the bed room been produced. Tastes differ, and here every whim can be suited—from the daintiest, to the massive.

4-PIECE BEDROOM SUITE AT THIS SALE \$199

Solid Mahogany William and Mary design, large dresser, full size bed, chiffonier and triplicate mirror toilet table worth \$241.

LEAVE IT TO "PAL"

Dog's Owner Relies on Animal's Intelligence.

Offering of Gray Wolf and Highly Bred Scottish Guardian of Sheep, Four-Footed Companion is Beyond Value.

While in Alabama I made the acquaintance with the strongest dog I have ever heard of—the most unique creature it has been my province to get acquainted with, writes George F. Burba in the Columbus Dispatch. He belongs to a man living at Tysonville, but is known all over the state, and his name is "Pal."

"Pal's mother was a shepherd and lived on the plains out West, where she looked after a big herd of sheep. In fact, she was one of the best sheep dogs in the whole region. His father was a gray wolf. So Pal is half wolf and half dog—a common enough thing out West."

Pal grew up with the sheep his mother looked after, and learned all the tricks of rounding them up and bringing them in. But he learned a whole lot more than the average sheep dog knows. He learned that every other animal as well as sheep can be directed and guided and taken care of if you know how to do it. So when Pal's owner wants certain animals to be brought in, he simply tells the dog what he wants and Pal attends to it. He can tell the dog to bring in a certain cow or calf or hog and it will do so.

But the strangest thing about it is that Pal also brings in other dogs. His owner has numerous bird dogs, which he trains upon the plantation. Pal helps train them. If a dog gets too far away, the trainer says, "Pal, bring in that dog." Pal goes and brings in the dog and crowds him toward the owner. He simply will not let him go in any other direction, although at times it may be necessary for him to take hold of an ear and nip it a little. But he knows the dog and he is nothing else for it to do but to be guided by Pal.

Then Pal is the high sheriff or policeman of the whole plantation. He keeps the peace between the other animals. If two dogs get into a fight, Pal separates them. He does not do the same thing with chickens, he does the same thing. He doesn't bother anything upon the plantation unless it is doing mischief to the sheep. He does the same thing. He doesn't bother anything upon the plantation unless it is doing mischief to the sheep.

Pal is the high sheriff or policeman of the whole plantation. He keeps the peace between the other animals. If two dogs get into a fight, Pal separates them. DOG FED TRAPPED FRIEND

Massachusetts Farm Agent Tells Remarkable and Teaching Story of Canine Affection.

In the Telegram, Worcester, Mass., John E. Dearth, field agent of Worcester county farm bureau, tells this story of the intelligence, sympathy, affection and clever understanding on the part of a dog, which came under his observation in a recent visit to Princeton:

A Princeton man who is fond of horses and dogs owns a fine hunting dog and he missed it for several days. He made inquiries all around him, but no one had seen anything of the animal, and after a week the owner gave it up as lost. One of the farm hands was rambling through a chopped off wood lot a few days later and came upon the dog caught in a steel trap set for a skunk. Both forepaws were held in the jaws of the trap, and the dog was unable to get out.

But in spite of its terrible predicament it was not emaciated, and although in pain had not gnawed its forepaws as many animals do when they are in the torture of a steel trap. Strangely, all scattered all around were bones and scraps of meat. Several of the bones were of chickens, and shreds of meat still clinging, were another of the animal's still, and it was discovered a bone when the farmer discovered its plight.

The trapped dog was carried home in the arms of the man who found it. He was very tame and obedient to the trap to see who or what brought those bones and scraps of dog food to the pasture a mile away and bring in a certain mule and he goes and brings it in. He can direct him to bring in a certain cow or calf or hog and it will do so.

But the strangest thing about it is that Pal also brings in other dogs. His owner has numerous bird dogs, which he trains upon the plantation. Pal helps train them. If a dog gets too far away, the trainer says, "Pal, bring in that dog." Pal goes and brings in the dog and crowds him toward the owner. He simply will not let him go in any other direction, although at times it may be necessary for him to take hold of an ear and nip it a little. But he knows the dog and he is nothing else for it to do but to be guided by Pal.

Then Pal is the high sheriff or policeman of the whole plantation. He keeps the peace between the other animals. If two dogs get into a fight, Pal separates them. He does not do the same thing with chickens, he does the same thing. He doesn't bother anything upon the plantation unless it is doing mischief to the sheep.

Charming Music: 1 Comedy

The "O Boy" musical comedy which John F. Sullivan brought to the Park Theater last Monday evening for a single performance was well received.

The performers made up their minds to look in person.

entireties. They were able and skillful entertainers. The four principals were especially well pleasing to the large number of persons who heartily enjoyed the entertainment. It was felt generally that people here would not pay the high prices prevailing. This theory proved to be not well founded. It remained for Mr. Sullivan to provide an entertainment of suitable rank to merit the patronage of persons who are willing to pay for being cleverly entertained. This he did and his efforts were abundantly rewarded. It was a successful venture into the realm of high prices for superior performance.

Preparing Playgrounds

Men have been set at work this week getting the Cottage street playgrounds in suitable condition for the children's sports of the coming season. The grass is being graded, the depressions filled, the high places leveled and the general appearance of the premises improved. Attention is being given to the entranceways. These improvements will be practicable to enter with automobile or team from either the Cottage or Spruce street sides.

Hunting Trouble.

When a man is looking for trouble he doesn't have to go to the dictionary to find it. He can get it in the telephone directory.

WILLIAM RYAN QUILTS WIFE AND BUSINESS

The Manchester Cash Grocery is now under the direction of Deputy Sheriff John F. Sheridan as a result of the absence of the treasurer, William Ryan, who left town last week and took with him all the cash owned by the firm. It is reported that he had in his possession about \$1,500. He was the treasurer of the Manchester Cash Grocery and as such had charge of the finances and the payment of bills. Creditors appeared during the past week and when Ryan did not return and their bills were left unpaid the deputy sheriff was called in. The Manchester Cash Grocery was started about two months ago, those being interested besides Ryan were his wife and Edward P. McVey. Neither the wife nor Mr. McVey are able to account for Ryan's absence. He was supposed to make the trip to Boston in the interest of the firm and his absence is not explained. A short while ago Ryan was married to Miss Sadie Gaskell. At that time she was employed in Rubia's Specialty Shop and was very popular in town. Following her marriage it is reported that she put in considerable of her earnings in the Manchester Cash Grocery, and also worked in the store. Considerable sympathy is being felt for the young wife who apparently has been deserted, and much of her savings have been taken.

Want Highway Improvements

Harry E. Seaman says the town has not done anything to improve Hartford road in the last twenty years and he has asked the selectmen to improve that highway which is in bad condition at the present time. John Hayes of Florence street reports that he is experiencing considerable difficulty from surface water and he asked the selectmen to fix the gutter which is supposed to carry off the surface water. Both matters will be investigated by the highway committee of the selectmen. It is reported that the highways of the town were never in worse condition than at the present time.

SHOWING OF WAR RELICS HERE TOMORROW

The war relic train that is being used as propaganda in the present Victory Liberty Loan drive is scheduled to arrive at the Manchester station tomorrow afternoon at 3:30. It will be brought to South Manchester at 4:30 where it is to remain for one hour. Aerial salute bombs will announce the arrival of the train. The Victory Loan representative on the train will make a few introductory remarks and ask the Local Committee to take charge of the proceedings. Short addresses will be made by several persons. Everybody will be invited to come forward to view the exhibits.

Owing to the big Welcome Home celebration in Hartford last Wednesday when the men of the 26th Division were the guests of the Capitol City, the silk mills here will be closed all day in order to permit the employees to go to Hartford. In view of that the silk mills are to be closed all day tomorrow. The usual afternoon shutting down hour will be observed. The war relic train therefore will be at the South Manchester railroad station just in time to permit the employees and all others to view the exhibit.

Elm Terrace Closed

In making excavations for the new silk storage vault for Cheney Brothers on Elm terrace workmen dug into the highway and the road has been closed. It is the apparent intention of Cheney Brothers to have the roadway closed. It is a private right of way. The question of whether or not the roadway can be legally closed even though it is a private right of way, it is contended that the roadway is a town highway by right of dedication as it has been in continuous use for so many years. The matter will be investigated by the highway committee of the board of selectmen.

New Service Flax Arrives

The South End Lodge of Moose have received a new service flag which will be hung in Foresters hall and will also be used when the lodge turns out in the big parade of the veterans this month. The flag contains fifty-two stars, two of which are gold stars. The two members who have lost their lives in battle are Sergeant Henry F. Newman and Sergeant Joseph Dillon. Both were killed in action in France.

Private Stone Coming Home

Private Charles S. Stone of this place who enlisted in the tank corps last summer and has been in France writes from Brest that he expects to be home in two months. He is now with Cavalry Company A and is stationed at Brest. He is feeling better than he ever did but wants to get back to the old home town.

Belgian Hares Run Wild

Selectman W. C. Cheney reports that there are several Belgian hares which have come to his place on St. James street and they are making their home in the woods near his house. There have been hundreds of Belgian hares raised in town during the past year and it is the belief that the animals are some which have escaped from owners about town.

Obituary

MRS. HENRY BISSELL Mrs. Henry Bissell, died at her home, 186 Center street last Sunday evening following a lingering illness. The funeral took place Tuesday afternoon from her late home. Rev. Gordon F. Bailey, pastor of the Collinsville Congregational church, officiated, and interment was in the East cemetery. Mrs. Bissell was born in Simsbury and was 63 years old. Besides her husband, she is survived by three sons, John and Charles of South Manchester, George of Newburg, N. Y., and one daughter, Mrs. Edward C. Montie, who lived with her mother.

MRS. RICHARD GUTZMER

Mrs. Richard Gutzmer died at her home, 66 Walnut street last Friday morning following a lingering illness with a complication of disease. The funeral took place Sunday afternoon from her late home. Rev. Dr. Charles E. Heselgrave, pastor of the Center Congregational church, officiated and interment was in the East cemetery.

Mrs. Gutzmer was a native of Germany, being born in West Prussia. She has resided in South Manchester for the past thirty years. Besides her husband she is survived by five daughters, one son and two brothers, all living in South Manchester. The children are Mrs. Lena Pugin, Mrs. Mary L. Bissell, Mrs. Freda Mardock, Mrs. M. Marie Norton, Mrs. Edith Balch and Sargent Richard Gutzmer who has recently been discharged from the United States army after serving in France. The two brothers are Charles and Albert Pugin.

MRS. MARGUERITE S. PERRETT

Mrs. Marguerite S. Perrett, wife of Robert Perrett died at her home 129 Maple street Saturday morning owing to an illness with pneumonia. The funeral took place from Watkins Brothers undertaking rooms Monday morning and interment was in the East cemetery. Rev. A. C. Goldberg, pastor of the Pentecostal church officiated. Mrs. Perrett was 51 years old. Besides her husband she is survived by one daughter, Mrs. Katherine Santonoso.

THOMAS HUNTER

Thomas Hunter died at his home on Elgerton street Wednesday following an illness with pneumonia. He was born in England 45 years ago and lived in South Manchester for the past 13 years. He is survived by his wife and one brother, William Hunter of Astoria, L. I. The funeral is taking place this afternoon from his late home at 4:30 o'clock from St. Marys Episcopal church at 3:30 o'clock. Rev. J. S. Nell is to officiate and interment will be in the East cemetery.

FUNERAL OF H. MARSHALL NORTON

The funeral of H. Marshall Norton is to take place from his late home on Chestnut street this afternoon. Rev. Dr. C. E. Heselgrave, pastor of the Center Congregational church will officiate. Interment will be at the East cemetery. Delegates from the Masons and Odd Fellows will attend the funeral. Mr. Norton died at his home Wednesday night following a short illness with pneumonia. He was 43 years old and a native of South Manchester. He was one of the owners of the Norton Electrical Instrument Company serving as secretary and treasurer. Besides his widow he is survived by one child, a student at Rensselaer college, also by four brothers.

Private Stone Coming Home

Private Charles S. Stone of this place who enlisted in the tank corps last summer and has been in France writes from Brest that he expects to be home in two months. He is now with Cavalry Company A and is stationed at Brest. He is feeling better than he ever did but wants to get back to the old home town.

Belgian Hares Run Wild

Selectman W. C. Cheney reports that there are several Belgian hares which have come to his place on St. James street and they are making their home in the woods near his house. There have been hundreds of Belgian hares raised in town during the past year and it is the belief that the animals are some which have escaped from owners about town.

Thomas Weldon, son of Dr. T. H. Weldon and Mrs. Weldon has been critically ill for the past two weeks. Part of this time it seemed as though he would never recover. He passed through last night apparently with less distress. This forenoon he seems slightly better. Weakness of the heart appears to be the chief cause of ailment.

NEW CORPORATION WILL MAKE ICE CREAM

And Soft Drinks—Bottling Works and Ice Making—\$50,000 Capital Stock

The Manchester Dairy Ice Cream Company filed papers with the Secretary of State incorporating the local company into a \$50,000 organization. Patrick J. O'Leary and William S. Hyde of South Manchester and Michael A. O'Donnell of Hartford are named as the incorporators. The new corporation is an outgrowth of the Manchester Dairy Company which was started some years ago by P. J. O'Leary for the manufacture of ice cream.

The new company will start with a capital of about \$30,000, either paid in cash or represented by property. The incorporators have already purchased a building on Oak street where a building will be constructed at once to house the concern. The building will be a two story brick and concrete structure 22 feet wide by 22 feet in depth.

The company will manufacture ice cream and will also add a bottling works where soft drinks will be manufactured. The ice cream machinery owned by Mr. O'Leary will be installed in the upper part of the building, where the branch will be carried on. On the lower floor will be the shipping room and the soft drink manufacturing machinery as well as an ice-making plant.

WATKINS BROS. BUY FERRIS BLOCK FOR FURNITURE STORE

The J. W. Hale Company has purchased the land on Oak street extending from the Ferris property to Keeney place owned by Harry M. Burke. At the present time there is a two-tenement house and a laundry on the site, but Mr. Burke will remove these buildings to land he owns on Keeney place. The building on the south side of Oak street now occupied as a restaurant and tenement will be removed to Oak street and Keeney place and the restaurant will be located at that corner. The J. W. Hale Company will build an addition to their present store which will extend easterly to the Circle Theater building and will also extend to the south in the rear of the present House & Hale block.

Trust Co. Acquires Land For New Quarters--J. W. Hale Co. Also Paving Way For Enlarged Store.

Announcement was made this morning that the Watkins Brothers Trust Company bought the open lot next north of Ferris Brothers store. The J. W. Hale Company bought the company on Keeney place and the company will start turning out their product. Mr. O'Leary will be the general manager of the new company.

At a meeting of the Manchester Dairy Ice Cream Company held Tuesday afternoon the contract for the erection of a new plant for the company on Keeney place was awarded to Knott Brothers. Work will be started at once on the new building.

Mr. O'Leary's business in the manufacture of Manchester Dairy Ice Cream has grown by leaps and bounds in the last few years and he was hampered in filling orders by the limitations of his plant, which is operated in conjunction with a factory and salaroom in the Hartford building Annex on Main street. With the removal of the ice cream machinery to the building to be erected on Summit street more room can be given to the factory and Mr. O'Leary's business and also to the salaroom in front, which are at the present time very much crowded.

Building Goes Back

The one-story building which Frank Santerozo is constructing on Edridge street and which encroached over the street line as told in the columns of The News last week, has been ordered to be removed wholly on Mr. Santerozo's land. Mr. Santerozo's contractor was not acquainted with the conditions as regards the curb line on the north side of Edridge street. At the present time they maintain storage houses in several different buildings about town and these will be discontinued and the stock moved into their present furniture building.

With the acquisition of the Ferris building, Watkins Brothers will be enabled to have one of the most modern furniture establishments between New York and Boston. Their business has been growing so fast during the past few years that additional quarters were greatly needed. The firm had plans for enlarging their present structure in November 1914, but because of the war the building was deferred. Following the Ferris fire Watkins Brothers saw an opportunity to get into the heart of the business section and made an offer to Ferris Brothers which was accepted. The actual sale has not been completed as yet. There has been a deposit made on the deal and the transaction will be complete as soon as deeds can be drawn.

The land which Watkins Brothers purchased has a Main street frontage of 70 feet and extends back on Oak street for a distance of 132 feet. As soon as the tenants of the Ferris building vacate work of remodeling the Ferris building will begin. There will be four large plate glass display windows on the Main street side with a large entrance. On the Oak street side large plate glass windows will also be put in. Not only will the present brick block be fully occupied by the furniture store, but a three-story addition to the east of the present building will be constructed so that the entire site will be covered, excepting a driveway to the north of the building.

NEW BANK BUILDING

The Manchester Trust Company in purchasing the land to the north of the Ferris building is planning for a new bank building. The lot has a street frontage of 45 feet and a depth of 103 feet. A modern, bank building of fireproof construction

will be built on the site. The Manchester Trust Company which has been located in the lower block on Main street has been cramped for quarters for the past four years. The new site will give the trust company ample space for present and future needs.

J. W. HALE ADDITION

The J. W. Hale Company has purchased the land on Oak street extending from the Ferris property to Keeney place owned by Harry M. Burke. At the present time there is a two-tenement house and a laundry on the site, but Mr. Burke will remove these buildings to land he owns on Keeney place. The building on the south side of Oak street now occupied as a restaurant and tenement will be removed to Oak street and Keeney place and the restaurant will be located at that corner. The J. W. Hale Company will build an addition to their present store which will extend easterly to the Circle Theater building and will also extend to the south in the rear of the present House & Hale block.

PLANS FOR HOSPITAL

A glance at the accepted plans of the proposed Memorial Hospital which is to be built here in honor of the Manchester men who served in the late war shows that this town is to have a modern hospital and a building in which every person in town will take pride. The building will be located on land recently purchased for that purpose from the Edridge estate west of Main street between Hayes street and Middle tarpike.

The hospital committee have received tentative estimates on the construction of the new building. The estimate shows an outlay of between \$75,000 and \$80,000. It is estimated that it will require about \$20,000 to furnish the building. A drive for funds will be started a week from Monday when it is hoped to raise a fund of \$10,000 for the hospital project. One hundred thousand of this amount will be immediately necessary and the remaining fifty thousand will be used for raising the balance of the first two years. The committee having charge of the drive for funds announce that one-half of the subscription should be paid at the time the subscription is made and the balance should be paid in two installments in January and June of next year.

MODERN BRICK BUILDING

The hospital building will be 90x45 feet and will face on a new street to be laid out between Hayes and Middle tarpike. The building will face the east and will be constructed on the west side of the new street. All of the work is to be first class throughout.

The main entrance on the first floor will be on the west side of the building. At either end and extended from the first to the third floors are verandas of glass enclosed, where patients may be brought out for fresh air and sunlight. The women's ward is to be 20x22 feet. The men's ward of like dimensions will be on the opposite side of the main entrance. A hallway side of the main entrance will also be found on the first floor. On the second floor there will be ten private rooms of different dimensions. The maternity room will also be on this floor and off this room will be the baby ward and the delivery room. Toilet storage closets etc. will also be on this floor.

On the third floor will be the superintendent's room as well as quarters for nurses and orderlies. The operating, etherizing and sterilizing rooms will also be located on the third floor.
