EMANATIONS

Did you ever stop to think that the only thing in the world a man will lay a tax upon is himself?

Some people think they're real heroes when they're simply standing around admiring the other fellow's heroism.

If the Kaiser still believes that Uncle Sam was bluffing in this war, he must at least be a little grateful that the old gentleman didn't start in to whip him in dead earnest.

Don't worry too much about our American boys taking French wives. There's no time on earth a man loves his own home and country so much as when he is forced to be away from it.

People who feel that they have been wronged by not having been put into a perfect world ought to ask themselves how a world could be perfect with such imperfect creatures as ourselves in it.

Even a crook may take his liquor seriously. Cupid seldom wastes any ammunition on a miser.

It's hard to pass up the sins that cater to our vanity. When gravers fall out, honest men get a run for their money.

Many men who get credit for keeping their tempers have none. Better to do nothing than to do a man with a man to get even.

The man who is in love with himself imagines all the world loves a lover. Moths must be cold-blooded creatures; they frequently appear in overcoats in August.

It may be hard for some people to be poor, but for others it is the easiest thing in the world. If some types of beauty were more than skin deep they might prove fatal to the possessors thereof.

Another remarkable thing about a woman is that she knows what she wants until she gets it. You couldn't make a princess believe it. But the fact is that the whole lot of the Women Haters are married men.

It is well to remember that a man who becomes your enemy on some slight provocation wouldn't have made much of a friend anyway.

RESOLUTIONS

Adopted by Manchester Lodge No. 1477 Loyal Order of Moose

WHEREAS, By Divine decree our Defending Cicero has been broken and our late brother

PETER N. LARSON has been called to his Maker, and WHEREAS, His death has been saddened by the removal of a true and faithful husband and father, and

WHEREAS, By the death of our Brother Peter N. Larson, Manchester Lodge No. 1477, Loyal Order of Moose is deprived of an honest and upright member, therefore, be it

RESOLVED That in respect to our departed brother, our charter be draped in mourning for a period of thirty days, that a copy of these resolutions be sent to the bereaved family and that these resolutions be spread upon our records and published in the South Manchester News.

FOUR MAHONEY BOYS WENT TO WAR

A welcome home celebration was held at the home of Calista and Mrs. Mahoney of Walnut Street Monday evening, in honor of their four sons who have been in the service of their country.

It was the first time in five years that all of the eight children have been at home at one time. Besides the family there were invited guests to the number of 60 which included a number of local service men who served with the Mahoney boys during the war.

From the Mahoney family who were in the service are: Sergeant Paul J. Mahoney, who is now stationed at Fort Hancock, N. Y., being a member of the artillery branch of the service. He came home Monday afternoon to attend the celebration and left again for the fort Tuesday morning.

Sergeant Raymond D. Mahoney, who was assigned to the headquarters company at Camp Devens but did not see overseas service. Private Walter T. Mahoney who served 22 months with the 502 Engineers in France and saw active service, that being among the first units from the United States to reach France. He was honorably discharged last week Tuesday.

Private Calista Mahoney, jr., who was in the 32nd division and was with the army of occupation in Germany. The lawn surrounding the home was prettily decorated with vari-colored electric lights and Japanese lanterns. An orchestra provided music for dancing on the lawn. Refreshments were served and the event proved a most enjoyable one.

Mrs. Mahoney has the distinction of having sent four sons into the service and having all escaped free from the fatalities of war. None of the boys were injured, although two were directly exposed to gun fire, shot, shell, deadly gas and speaking submarines. All are to be congratulated on the outcome. It was a fitting cause for celebration and a proper subject for thanksgiving to the Most High for having kept these young men as in the hollow of His hand. Their Angel Guardians were faithfully by their sides at all times.

Robinson-Clarke Announcement is made of the marriage of Miss Jennie Clark of Manchester and Fred Robinson of South Manchester. The ceremony took place at St. Mary's Episcopal church last week Thursday evening. Rev. J. S. Neill, rector of the church officiating. The couple are now on a wedding trip to Boston and on their return will reside in South Manchester.

Officers Reports The reports of officers came next. Howell Cheney, chairman of the school committee stated that the committee's report had not been completed and asked permission from the meeting to have the report printed. The report will be ready in a few days. The request was granted. John H. Hyde, secretary of the Recreation Committee, read the committee report for the year which showed a net income of \$1,282.70 leaving a balance of \$2,619.34 from the \$11,000 appropriation made at the annual meeting last year for the work of the committee.

Charles R. Hathaway, district treasurer, submitted his report which will be found below. All the reports were approved by the meeting. Treasurer Hathaway's report of the district finances follows:

DISBURSEMENTS Teachers wages \$ 79.70 4.80 Janitor wages \$ 8,474.63 Less cash from \$ 1,282.70 Rec. Committee 1,284.00 6,562.92 Fuel, Light Power \$11,500.00 Less cash for heat 2,989.91 8,510.00 Library and Apparatus 331.45

BACK FROM IRELAND AT HOME AGAIN John Moore returned to South Manchester last Tuesday. He spent three months at his native home in the North of Ireland. He intended to bring his brother out to South Manchester but couldn't do it. Owing to the great demand for ships to bring troops across for military purposes he was not permitted to come to America. Only persons who have lived here may leave the European part for the U. S. A. It will be recalled that Mr. Moore came to Ireland when he was blown up. He struggled in the water for four hours with a little boy on his back before he was picked up by a boat that bore in sight. The nerves were much affected by the rescue experience. He is not the rugged youth he was before that dreadful trial was cruelly and heartlessly thrust upon him.

PENTECOSTAL CHURCH FREE FROM DEBT

Members of the Pentecostal church are looking forward to some interesting services to be held the next three days. The church which has recently been remodeled, will be re-dedicated next Sunday, July 13, and on the same day the mortgage held against the church property will be burned.

Special services will be held beginning Tuesday and continuing over to Sunday evening. The re-dedication service and burning of the mortgage will take place at the services to be held in the afternoon at 7 o'clock. Rev. A. K. Bryant of Everett, Mass., will be the special speaker at this service. In re-modeling the church the walls have been re-plastered and the interior finish made new. The Sunday school room in the basement of the church has also been done over. The ceiling boards taken from the main auditorium of the church were used for the walls and ceiling of the Sunday school room. All the work excepting the plastering was done by members of the parish, including the pastor, Rev. A. G. Goldberg.

Rev. Mr. Goldberg, while one of the youngest pastors in town, is one of the oldest in point of service, having just started his seventh year as head of the local church. During his pastorate the church has experienced a steady growth. The re-modeling of the church cost \$10,000, but due to the fact that the work was done by members of the parish this was cut about in half. When Rev. Goldberg assumed charge of the church seven years ago there was a mortgage on the property of \$12,000. The mortgage will be burned at the services next Sunday afternoon.

TRADE SCHOOL DIRECTOR SUCCEEDS J. C. TUCKER A. A. Warren, who has been at the head of the electrical department of the local trade school for the past two years, has been appointed director of the trade school to succeed J. C. Tucker, resigned. The appointment of Mr. Warren came through P. J. Trinder, head of the state trade schools of the state.

Mr. Warren before assuming charge of the electrical department at the local state trade school was employed for five years with the General Electric Company at Lynn, Mass., as foreman of the testing department. Previous to this time he had taken a two-year course in testing at the General Electric Company plant.

Mr. Warren is a graduate of the Wentworth Institute in Boston. Besides his work in the local state trade school he is chairman of the Edward P. Taylor committee of the general electric company. He will have charge of the entertainment for the coming three years the clerk casting the necessary ballot.

W. C. Cheney was named to succeed himself as a member of the Recreation committee. Mr. Cheney stated to the meeting that he had been named on the committee in place of Philip Cheney who had resigned to enter the World War. Mr. Cheney had returned from the war he believed that his name should again be placed back on the committee. Philip Cheney was the choice of the meeting following this explanation. Other officers elected were as follows: Charles R. Hathaway, clerk and treasurer; George David, collector; Robert V. Treat and Earl G. Seaman, auditors.

IMPORTANT MEETING

NINTH SCHOOL DISTRICT PLAYGROUNDS GIVEN BY MISS MARY CHENEY ACCEPTED WITH THANKS

Site for Sixteen Roomed School Building Bought On Spruce Street. Two Mill Tax Leaded. District Will Contribute Teachers Hall \$100,000 Bonds

There was not a ripple of opposition to any of the propositions advanced by the school committee at the annual meeting of the Ninth school district held at the high school hall Monday evening. It was evident that the taxpayers were well satisfied with the administration of the committee. Those present accepted the committee's recommendations without a dissenting voice.

There were several very important matters brought up for consideration. A site for an additional school building was approved and an appropriation made to purchase same. An appropriation of \$100,000 for a new school house was made as well as a \$5,000 appropriation for a teachers home. It was also voted to issue bonds to meet some of the district expenses and a two-mill tax was levied.

HOENHATHAL MODERATOR The meeting was called to order at seven o'clock by Howell Cheney chairman of the district. E. L. G. Hoenhathal was named as moderator and Charles R. Hathaway, the district clerk, recorded the minutes. After reading the call for the meeting the sections were taken up in their order. The terms of Miss Mary Cheney and Robert J. Smith as members of the school committee had expired and they were elected to succeed themselves for the coming three years the clerk casting the necessary ballot.

W. C. Cheney was named to succeed himself as a member of the Recreation committee. Mr. Cheney stated to the meeting that he had been named on the committee in place of Philip Cheney who had resigned to enter the World War. Mr. Cheney had returned from the war he believed that his name should again be placed back on the committee. Philip Cheney was the choice of the meeting following this explanation. WANTED WAR FOR FINANCIAL GAIN

NINTH WEEK OF FORD CASE

Famous Million Dollar Libel Case Concludes in Ft. Clemens—Edele Wins in Call to Stand

Mr. Clemens, Miss Edele—Editors who directed the policy of the Chicago Tribune, and editorial writers who put that policy into printed words, were the witness produced by the defense during the ninth week of the Ford-Tribune \$1,000,000 libel case.

During the course of his testimony Mr. Blake characterized the utterances and the attitude of Mr. Ford as "notorious." Ford continued to stand that Mr. Ford's position could not have been notorious to readers of the Tribune because the Tribune never referred to the alleged statements which it is now using as a means of justifying its attack.

Submarine warfare, in the estimation of the Tribune, the witness said, was never sufficient cause for war. Mr. Blake admitted that the newspaper did not demand armed redress after the sinking of the Lusitania, and that when the President used the German case as a test, the Tribune continued to declare that the submarine issue was not a cause for war.

Another Nature Mistake. "I have my back to the wall," explained the erratic thinker. "Not for the same reason that the Hun is fighting in that attitude, but because there is a place on my back, slightly lower than betwixt my shoulder blades, as there is on the back of every normal human being, that cannot be scratched without artificial aid. This is one of the very few grave mistakes of Nature."—Kansas City Star.

Studying Ideas of Beauty. Women at the Michigan Agricultural college are taking courses dealing with the methods of beautifying the farm home. A study of ornamental shrubs and perennials is made, as well as the principles of grouping, arrangement, use of masses, etc.

How "Flu" is Defeated. The dwellers in Barris, Horiquen, an outlying district of Aguadilla, have apparently discovered an effective remedy for influenza. Treating it as a simple grippe attack they take orange juice and live on a vegetable diet as a result of over 300 cases there has been but one fatality, and that was a case where poverty and abandonment played a principal part.

The biggest failure is the man who is afraid to try. A wise merchant buys for his customers, not himself. A business never gets so old that it will take care of itself.

Home Gardens in 1919. The need for home production of perishables by means of the garden, it is believed, will continue. Because of the relatively high prices which obtain for practically all foodstuffs, those with sufficient land and spare time should find it profitable to maintain home gardens. Experience shows that very satisfactory returns to the grower, in the form of vegetable products, are obtained when gardening is intelligently and efficiently carried on.

Two States Doing Well. In Fort Wayne, Ind., the department of public works has purchased 150 trees for a memorial park and Forester Jankovic informs the association that such that the President used the German case as a test, the Tribune continued to declare that the submarine issue was not a cause for war.

Report Shows Importance of Service at Points of Observation—Activities Expanding. War brides figure conspicuously in the latest report of the Red Cross Motor Corps, which will continue in service indefinitely. Figures given out by the Atlantic Division of the Red Cross shows that 543 war brides were given transportation from piers in Hoboken, N. Following is a set of by-laws adopted at the meeting. As there are over three thousand corporations in the hospital association and less than one hundred attended the meeting the list of by-laws is printed for the enlightenment of those who were not present:

1. The property and affairs of this Corporation shall be under the care and management of twelve (12) trustees.

2. It shall be the duty of the President to preside at all meetings of the members of said Corporation, and to perform all other duties required of him by law.

3. It shall be the duty of the Secretary to make and keep records of all meetings of members and of the trustees of said Corporation, which records at all reasonable times shall be open to the inspection of members.

4. It shall be the duty of the Treasurer to receive and keep all funds belonging to the corporation, and to enter regularly in the books kept for that purpose, all moneys received and disbursed on account of said corporation, which books shall at all reasonable times be open to the inspection of the members.

5. Annual meetings of the members of said Corporation and for the choice of trustees thereof and for the transaction of any other proper business, shall be held on the second Monday of July in each year at the office of the Corporation.

6. Special meetings of the members of said corporation may be held at any time upon like notice, as that prescribed by law for annual meetings, and the President shall give such notice upon the request in writing of one-tenth (1-10) of the members of said Corporation, and shall specify therein the object and purpose of such meetings.

7. The trustees of said Corporation may appoint from their own members such committees as they may deem advisable for the proper care and management of said Corporation.

8. Those contributing Five (\$5) Dollars for the use of the hospital shall be members of the corporation for one year; those contributing Ten (\$10) Dollars shall be members for two years; those contributing Twenty-five (\$25) Dollars shall be members for five years; and those contributing One Hundred (\$100) Dollars shall be members for life.
