Catholic Council Lays Barrage to Teach True Americanism in Dark Quarters.

Washington.—Training thousands of battalions of movie machines on the quarters where ignorance and illiteracy hide true American democracy from the million foreigners, or un-informed people, the National Catholic War Council has begun a nation-wide campaign of civic education that will visit twenty thousand workers. Behind a barrage of periodically educational films, fitted for the comprehension of every foreigner and of every illiterate, registrars of minute men, trained to the language and customs of these classes, will fight to bring to them the real meaning of democracy, their rights and obligations under the American democratic government and the fundamental principles of industrial justice. Until every district, darkened to true Americanism, is so enlightened that Bolshevism cannot breed the civic campaigners of the National Catholic War Council declare that they will never let up in this most vital of all their post-war activities.

From the decks of a fleet of auto-trucks that will carry the educational film service to the most isolated groups of miners and woodmen as well as from every available platform in the congested quarters of cities, the minutes men of this movement have already begun to drive home the truths of democracy in the tongue and vernacular of their various audiences. Their literary is based on a special survey of the location of the five million immigrants in this country. Nothing of America and its language and of the four million native-born illiterates. Between specially prepared patriotic, civic, scientific and vocational reels, interspersed with clean comedy, stirring talks on the history of the struggle of democracy in this land and among other nations, on the American's rights and obligations and on vocational opportunities and industrial justice will be given in the language of the Seaboard.

Although intensive drives to reach the heart of the foreign and illiterate quarters of this country will be one of the main objectives of the civic educational campaign of the National Catholic War Council, its work and speakers are also prepared to offer to all English-speaking audiences, such as groups of women who may desire more information of American civic fundamentals, comprehensive courses on the workings of our government. In every case these entertainments will be brought as close as possible to the people and will be entirely free and open to every one the cares to attend them. Beyond a preliminary course of six weeks and a continuation course of twenty-four weeks with films and speakers the National Catholic War Council is prepared to offer simple text books to all its auditors who are interested.

Summarizing the objects of their new civic campaign, leaders of the National Catholic War Council declare that "in civic education the following points should be emphasized: (1) All the people, both native and immigrant, should know what democracy means. (2) They should be acquainted with their rights under democracy. (3) They should have a knowledge of their obligations in a democracy. (4) They should be acquainted with the simple workings of the government. (5) They should know how to invoke the powers of the government for protection and control of their voting privilege. (6) Finally they should be acquainted with fundamental principles of industrial justice.

DOUBLE MURDER ALSO SUICIDE OVER NORTH

Michael Waschoyk 34 years old, of Union street, shot and killed his sixteen-year-old wife shortly before noon Monday and then fired four bullets into his own body, dying almost instantly. In killing his wife he also murdered her child soon to be born.

Deputy Sheriff John F. Sheridan who lives only a few doors from the house where the tragedy took place, heard the shots and hurrying to the scene found the bodies of husband and wife lying on the lawn near the house. Both were still breathing but were unconscious and died within five minutes. The revolver with which the killing had been done lay beside the man who was a cheap .32 caliber weapon and all the shells in it had been discharged.

The young woman before her marriage was Ruba Zitta of South Windsor for that matter she also objected to living in Manchester and wanted to continue to reside with her mother in Wapping. This is said to have been the cause of the disagreements which led to a double murder and suicide.

Monday forenoon the young woman and her mother drove down to her house on Union street to get some of her clothes and two life insurance policies which were taken out with the Prudential Insurance Company. Her husband was at home and she had a half hour's conference with him in the yard back of the house, the mother and a maid who had driven them down remaining meanwhile in the wagon.

Suddenly they heard a fusillade of shots and the young woman staggered around the end of the house in an effort to reach her mother. Half way down the yard she fell to the ground. Her husband with her, but when he saw her fall he stopped and the struggle of democracy in this land and among other nations, on the American's rights and obligations and on vocational opportunities and industrial justice will be given in the language of the Seaboard.

When Dr. W. R. Tinker, the medical examiner, arrived he made a cursory examination of the bodies and then sent the bodies to the morgue where Dr. Tinker made a closer examination. He found that the woman was shot once through the back and below the shoulder blades, the bullet probably passing through a lung. The man had four bullets in his body, all in the region of the heart. In the man's pocket was found a roll of bills containing \$20.00 and also letters to both of which the deceased belonged attended the services. Burial was at the East cemetery. Mr. Weidener was a native of Ellington and was 22 years old. He lived in South Manchester for the past five years.

Benjamin Weidener died at his home on Foster street Sunday afternoon. The young man had been ill for some time and was in a very weak condition. He was taken to the hospital on Monday afternoon at 2 o'clock. Rev. Elliott F. Stedley, pastor of the North Methodist church, officiated. Delegates from the Manchester City Club and Rockville court also later on to both of which the deceased belonged attended the services. Burial was at the East cemetery. REGISTRAR OF VOTERS BECAUSE OF PUNY POLITICAL TECHNICALITY

Was "Doing His Bit" When Time for Making Voters Arrived On Two Occasions. Claim Nomination Given Herbert McCormick Not Valid

Although Town Clerk Sanford M. Benton and Registrar Ferguson both state that Herbert McCormick cannot be a candidate for the office of registrar of voters on the prohibition ticket, Mr. McCormick says he is going to be the prohibition nominee and also that he is going to win the political battle.

Mr. McCormick says that the claim of Town Clerk Benton and Registrar Ferguson that McCormick will not be a candidate for the prohibition ticket because of the fact that he was nominated before he was sworn in as an elector does not hold.

Mr. McCormick was made a voter last Saturday and a few days previous was named by the prohibitionists as their candidate for registrar of voters.

Mr. McCormick has consulted his attorney in Hartford and finds that his nomination for registrar could legally be filed any time within five days previous to the town election and that he could under the law be the party's candidate. This is one of the points in the state of Connecticut where voting machines are used.

There is special legislation regarding towns where voting machines are used permitting the five-day period for nominations to be filed. Mr. McCormick says that both the town clerk and registrar are living in the "past" when they contend that he cannot be a candidate, and that the officials are not up to the present day legislation on the matter.

Because of the fact that Mr. McCormick was engaged in the service of his country at the two preceding periods when voters were being taken here and could not then qualify as a voter, he is not a disqualified to bring up against his candidacy now. It is viewed as an insult to a man who had the courage and patriotism to enlist in defense of his country's flag both on land and in the air.

Mr. McCormick reached his twenty-first birthday over two years ago, but was busy in the service of Uncle Sam and did not have the opportunity to come home and "be made" a voter. Mr. McCormick was in France when the United States entered the war. He was performing the duties of an army hospital ambulance driver. When the United States decided to enter the fray Mr. McCormick came back home and enlisted in the air service of his country.

When voters were "made" last year he was informed by Town Clerk Benton and Registrar Ferguson how they regarded his political status.

Mr. McCormick's friends do not take kindly to the effort to push him out of the race on such a flimsy and

peasy technicality. The fact that the laws have been passed, will, perhaps do more to help Mr. McCormick's case than anything else could. There are too many ex-service men in this place, who have offered their services and their lives in order to see that this might be a decent place in which to live to submit to such an insult. The members of the Army & Navy Club are discussing the matter very freely. It is the opinion that the service men should stick by any and all of their membership candidates who are nominees for office here. They intend to have their say in politics and rightfully so.

CEMETERY CHAPEL AND VAULT

The old vault at the East cemetery is falling to pieces and the town fathers believe the time has arrived when there should be a new vault constructed there. A chapel is also being planned by the board of selectmen last Monday voted in favor of recommending to the annual town meeting that an appropriation be made for the erection of a chapel and vault at the point proposed.

WANTS HIGH SCHOOL CENTRALLY LOCATED
E. L. G. Hohenthal said at the meeting of the board of selectmen last Monday evening that he had opposed the present site of the high school building several years ago and for that reason the school committee tried to locate the school building outside the district and that he had no voice in the matter. The question was settled by legislative action later. Mr. Hohenthal was admitted as a voter in the district and the school building was constructed on the present site. Mr. Hohenthal maintains that a town high school should be placed further north near the geographical center of the town. He said that the present high school could be used by the Tenth district. Another point Mr. Hohenthal brought out was the fact that Cheney Brothers who maintain the present high school building could just as well maintain a high school building for the entire town as for a single district.

Second Game Sunday
The second game in the town championship series between the Athletics and White Sox will be played at Mt. Nebo next Sunday afternoon at three o'clock. The Athletics, who captured the initial contest last Sunday by a score of 3 to 1 expect to win out again next Sunday and close the baseball season here. Young Wolfe, who pitched for the White Sox in their Sunday contest, will again for that team next Sunday. Manager Dowd is considering sending Sipples in again to pitch for the Athletics. Sipples was invincible to White Sox batters last Sunday. They only got one hit. If the White Sox surprise the Athletics by walking off with Sunday's game, another contest will have to be arranged as the series is for the best two in three games.

ST. JAMES AUXILIARY OF AMERICAN RED CROSS REPORTS WORK DONE
The following report of the work done by St. James Auxiliary of the American Red Cross is submitted by the secretary of the Auxiliary, Mrs. Stephen Moran. The St. James Auxiliary was organized January 9, 1918 and finished its work May 31, 1919. Starting with 20 members the following officers were elected: Mrs. Edward W. Post, president. Mrs. Harry M. Burke, treasurer. Mrs. Stephen Moran, secretary.

Informing Outline of Work Done By Local Chapter.
The annual meeting of Manchester Chapter, American Red Cross, was held at Cheney Hall, Thursday evening, among the members on the program was a resume of the activities of the chapter since its formation in town. This was given by Postmaster Fred H. Wall, who is the historian of the local chapter. The work followed. Somewhat less than a year ago, to be exact it was on Tuesday evening, December 17, 1918, the annual report of Manchester Chapter, American Red Cross was given at a largely attended rally. Since that date the months which have elapsed have been very busy ones for Manchester Chapter. If anybody believed that with the signing of the armistice and the ending of actual fighting, the work of the Red Cross was about finished, he was mistaken. The wounds of torn and bleeding Europe were still to be healed; millions of half starved, half clad refugees in foreign countries were to be clothed with American-made garments; thousands of soldiers in the hospitals must be helped along on the road to convalescence, and for the vast number of soldiers about to be discharged to civic life the way must be made smooth.

CHAPTER ACTIVITIES
During the past year the activities of Manchester Chapter have been grouped principally under three headings: 1. Chapter Production. 2. Home Service Section. 3. Emergency Work.

THE FINANCES
Before referring to the work done under these headings brief reference to financing the chapter will be of interest. The magnitude of humanitarian work done by the local Red Cross is shown in the large sum expended for this purpose. During the past year the receipts were \$60,629.51. Of this amount, the principal items were: For section Red Cross War fund \$31,785; membership dues \$9,211, and a balance of \$23,580 from previous year. Of this sum \$20,229.51 has been expended since the last annual meeting for Red Cross work.
