Wise, Smith & Co. HARTFORD

Commencing Wednesday, October 8 AND CONTINUING UNTIL FURTHER NOTICE

The sands of time have been gradually flowing while the store of Wise, Smith & Co. has been growing and growing to care for the wants of this thriving and prosperous metropolis of Hartford.

Through peace time, through war time and through peace time again, through the constant day-in and day-out demands of an exacting public, this store has served.

And because we recognize an appreciative public we shall as we have during the past twenty-two years, commemorate our business birthday with the most important and impressive sale of the entire year.

This, our Twenty-second anniversary sale, will be long remembered for the money-saving opportunities afforded in staple, wanted merchandise. It would require pages and pages of newspaper space to list all of the Anniversary Sale offerings, so we must be content to quote merely a few of them.

Wander where you will through the store, upstairs, downstairs, in the style saloons, the men's store, the home-outfitting floors, you will find the spirit of our big twenty-second birthday welcome awaiting you.

Many additions to our building and changes for the better have been made since our last anniversary. Many departments have been greatly enlarged. These improvements have been going on steadily and conservatively, meeting the demands of increasing business without increasing our "Overhead" to any extent, so that we are today in the enviable position of being able to sell at prices quite impossible with most stores.

Instead of scarcity, here you will find plenty—instead of high prices, here you will find lowest prices.

And for this big birthday party we shall, as we have always done before, distribute valuable free souvenirs to our patrons during the anniversary sale. Every purchaser of \$3.00 worth or over will receive a souvenir.

COMMENCING NOV. 1 STORE WILL CLOSE SATURDAYS AT 6 P. M.

GENEROUS APPROPRIATIONS
Continued from Page 4
struction.
OTHER APPROPRIATIONS
An appropriation for \$17,000 for miscellaneous expenses was appropriated. \$22,000 was appropriated for the state tax which will be due November 10, 1919. \$41,000 was appropriated for military taxes and \$4,000 was voted for county taxes. \$200 was authorized cemetery survey. \$6,538.28 to cover a deficit of the past year was voted, after considerable discussion.
MUCH ARGUMENT OVER AUTO TRUCK
The board of selectmen recommended an appropriation of \$6,000 for the purchase of an automobile truck for town use and this matter brought out much discussion. Selectman Weldon saw no need of the town buying an automobile truck for the highway department. He believed the work could be handled just as well with the horse-drawn vehicles and at less expense.

TRUCK
The board of selectmen recommended an appropriation of \$6,000 for the purchase of an automobile truck for town use and this matter brought out much discussion. Selectman Weldon saw no need of the town buying an automobile truck for the highway department. He believed the work could be handled just as well with the horse-drawn vehicles and at less expense.

VAULT and CHAPEL
The needs of a vault and chapel at the East cemetery were explained by Chairman Johnson and he offered a resolution that \$300 be expended by a committee for making an investigation and bringing in plans to be acted upon.

FIX TAX RATE MARCH 5TH
The question of fixing the tax rate was laid over to a meeting to be held March 5, 1920, which was the date decided upon for the adjournment of the annual town meeting.

CEMETERY OFFICIALS
Alexander Duncan was named as sexton and superintendent of the East cemetery. John Truscott as sexton and superintendent of the West cemetery. H. G. Bowers as superintendent of the Northwest cemetery and Martin Koehler as sexton.

MAY BORROW \$300,000
In order to meet current expenses the selectmen were authorized to borrow in the name of the town from time to time and give the note or notes of the town for such sums as may be necessary, the aggregate sums not to exceed \$300,000. The notes must be authenticated by the First National Bank of Boston.

TO CONSOLIDATE FIRE DEPARTMENTS
The selectmen were authorized to confer with the officials of the fire departments of the town relative to the town assuming the care and maintenance of the fire departments of the entire town.

\$5,000 FOR HOUSE OF COMFORT
\$5,000 was appropriated for the construction of a house of comfort to be erected at the Center under the direction of the board of selectmen.

ROGERS SPILLS THE BEANS
Selectman Rogers renewed his proposition for postponing action. He threw a surprise into the meeting by stating that the selectmen, in signing the budget for the coming year had allowed a sufficient sum in the highway appropriation for the purchase of a truck. The highway appropriation had been made and there was no need of \$6,000 more for an automobile truck, as the matter was already cared for.

John Cairns said there must be something wrong with some members of the board of selectmen. Some of the members were favoring an appropriation for an auto truck and Mr. Rogers said it was not necessary as the matter was already covered in the highway appropriation.
Selectman Taylor said the selectmen did not have in mind the purchase of any automobile truck when they figured \$40,000 for highways, although they believed they would be wholly within their rights if they used a portion of this amount for the purchase of a truck for highway work.

Selectman Weldon backed up what Selectman Rogers said regarding the truck and highway appropriations.
Harry M. Burke said the selectmen could not smuggle the truck purchase through the highway appropriation. Mr. Burke said the selectmen could not spend \$5,000 for highway purposes and then buy a truck from what was left of the appropriation.
"You can't do it," Mr. Burke said, looking at Mr. Rogers.
"We can," replied Mr. Rogers.
"Who is running this town you or the board of selectmen?" he asked.
Mr. Burke said the selectmen were trying to run the town but they could not put anything like that over. Selectman Bowers did not understand that a portion of the \$40,000 highway appropriation was to be used to purchase an automobile truck. He favored the truck proposition as good business for the town.
John Head believed the town should dispense with horses and buy a truck, the same as the business men had done.
James W. Foley spoke a good word for the condition of the town highways and for the truck.
Selectman Johnson said our highway repair work was very expensive under the present conditions. He said an automobile truck could do the work of four teams and thereby would be a saving of one horse each day with the truck. In getting to and from the scene of operations, the question was then called for. Selectman Rogers' motion to postpone was lost and the original motion carrying an appropriation of \$5,000 was voted. \$1,000 FOR CHILD WELFARE

There was no opposition to this. The voters in favor of extending this convenience.
PAYOR TOWN HIGH SCHOOL
The thirteenth section of the call was to see what action the town would take relating to the erection, equipment and maintenance of a town high school. Selectman Johnson said this was the only matter which the selectmen did not have a recommendation for and it was left entirely in the hands of the voters.

E. L. O. Hohenthal said the matter of a town-owned high school was suggested in the report of Howell Cheney, chairman of the Ninth district school committee. He believed the town ought to consider this matter. He was in favor of a disinterested committee being named to take the matter under consideration and report at a later meeting of the voters. He suggested that a committee consisting of George E. Keith, Rev. E. F. Studley and Dr. T. H. Weldon, together with a representative from each of the other districts in town be named for this purpose.

Harry M. Burke said the proposition involved over one half million of dollars and he did not believe twenty-five voters should pass upon it for the whole town. He wanted to let the matter rest right where it was. It was one of the biggest and most serious questions ever undertaken by the town and should be given the proper attention. He was in favor of letting the matter go over until the spring meeting.

John Cairns said Mr. Burke thought the town had Cheney Brothers right where the town wanted them and should let Cheney Brothers take care of the school. He said Cheney Brothers had given the hint that they wanted to unload so the town should go to it now.
Mr. Hohenthal said the matter would need legislative action, which could not be taken before 1921 but that some action should be started. The town ought to own its own high school. At the present time the town owned no high school. If the town owned its own high school the management would come under the direction of the town and not be managed by a district committee as is the South Manchester high school.

He said the Ninth district district is equally under no obligation to take pupils from other districts. The Ninth district needs all its present equipment. He said it was time the town should get out of its swaddling clothes. He appreciated as much as any man what Cheney Brothers had done, but it was time the town owned its own high school.

Town Counsel Arnold said he was glad for once in his life to agree with Mr. Burke. He believed the matter should go over to the adjourned annual town meeting March 5th, when there would be a larger representation of voters. Mr. Burke's motion to table the question until the adjourned annual town meeting was carried and then the meeting took a recess to await the outcome of the balloting which was taking place in the lower hall. The business meeting was in session just three hours.

Presented to Howard I. Taylor as a Token of Appreciation By His Colleagues on the Board of Selectmen 1912-1919
Mr. Hohenthal then handed the watch to Mr. Taylor and if that official was surprised by the action in presenting the resolutions he was doubly so when he received the watch. He said he thanked the members of the board of selectmen for the gift. It was a complete surprise to him and he hardly knew what to say. During the time he was on the board he said he was not very strong for talking and he found himself in the position of not being able to say much at that time. He said he had always tried to do what he could. He thanked his colleagues for the expression of friendship and said he would prize it highly.

The watch was purchased at the store of John Cairns and was a handsome gold time piece with 21 jewels. It is one of the latest style watches and came from the members of the boards of selectmen who have sat at varying times with Mr. Taylor for the past seven years.

Unwarrantable.

Hearing that the board of selectmen were to meet Tuesday afternoon for organization, two enterprising automobile truck dealers were here trying to sell a truck to the town fathers for the use of the highway department.
At the annual meeting Monday \$6,000 was appropriated for an automobile truck and the dealers were right on the job to get the order. The selectmen took no action on the matter other than to empower the highway committee to follow out the

Encouraging Bolshevism
Everything that falsely encourages unrest also encourages bolshevism.
Misunderstanding of American industrial organization, and of its benefits to mankind, leads to unrest, dissatisfaction, and radicalism.
For example, the Federal Trade Commission tells the public that the large packers had an agreed price for lard substitute (made of cotton-seed oil).
It reproduces letters taken from the files of one of the packers, showing that such agreed price existed.
But it failed to mention that the agreed price was determined at the request of and in co-operation with the Food Administration!
Even the Department of Justice, in its unjust attempt to create prejudice against the packers, has made public these same letters, with no explanation.

TESTIMONIAL FOR HOWARD I. TAYLOR
GIVEN BY FELLOW OFFICIALS AT ANNUAL TOWN MEETING
Gold Watch Suitably Inscribed Presented By Mr. Hohenthal in Behalf Present and Past Members Board Selectmen—Seven Years Service.

Presented to Howard I. Taylor as a Token of Appreciation By His Colleagues on the Board of Selectmen 1912-1919
Mr. Hohenthal then handed the watch to Mr. Taylor and if that official was surprised by the action in presenting the resolutions he was doubly so when he received the watch. He said he thanked the members of the board of selectmen for the gift. It was a complete surprise to him and he hardly knew what to say. During the time he was on the board he said he was not very strong for talking and he found himself in the position of not being able to say much at that time. He said he had always tried to do what he could. He thanked his colleagues for the expression of friendship and said he would prize it highly.

The watch was purchased at the store of John Cairns and was a handsome gold time piece with 21 jewels. It is one of the latest style watches and came from the members of the boards of selectmen who have sat at varying times with Mr. Taylor for the past seven years.

Unwarrantable.

DON'T think that because your stomach can digest food you are proof against indigestion. The most important digestive work is done by the bowels, liver and kidneys. Unless these are active and work in harmony, you are in danger of self-poisoning. BEECHAM'S PILLS help the bowels to functionate properly, and influence the liver and kidneys to act very efficiently.

TROLLEY ZONE SYSTEM OPPOSED SELECTMEN WILL GO BEFORE UTILITIES COMMISSION IF NEEDED Strong Efforts To Be Bent in Behalf of Commuters—Don't Want Them Forced Out of Town By Increased Trolley Fares.

The newly elected board of selectmen are not in favor of increasing the trolley fares between here and Hartford. This much was stated emphatically at the meeting of the board Tuesday afternoon when the matter was brought up by Selectman W. J. Rogers.

SELECTMEN CHESNEY OBJECTED TO THE "BIG FOUR" snatching the appointment of such an important committee without giving the other members of the board an opportunity to have a voice in the matter. He said he was not particularly anxious to serve on the committee, but he hinted that the "Big Four" should pass around some of the appointments.

POURING IN OIL Selectman Rogers tried to smooth matters up by having the entire board act on the committee, providing the other members willing to attend the meetings and also appear before the Public Utilities Commission if necessary to put up a real struggle to keep the commuters from being forced to move out of town.

Welcome Back The many friends of Mrs. Sadie Goodall Ryan will be pleased to learn that she is to remain in the city.

Athletics 8—White Sox 5 Continued from page one figure, but knocked it down and held Wilson to the second sack. The answer the White Sox twister as he was unable to locate the plate.

Outside of that fatal inning good baseball was played as may be seen by the appended box score. It will be observed that the White Sox scored their only run in the sixth inning, but they were unable to circle the bases or touch their hits. The Athletics only made 6 safe hits off Wolfe's delivery but they scored 8 runs.

Sense in Superstition. There is often a common-sense reason underlying what, at first sight, seems superstitiously a superstition. Take, for instance, the old belief among colliers, that a mine which frequents by mice is a lucky mine. We know now that mice are peculiarly susceptible to foul gases, and the presence of an unusually large number of these little animals, therefore, is proof positive of the absence of any danger. Hence the alleged "luck."

LOCAL WAR BUREAU ENDS ACTIVITIES With Banquet Last Night at Hebron Game Club. Complete Report of Chairman Frank H. Anderson. The local War Bureau has gone out of business and this practically marks the ending of civilian war activities here. The men and women who have labored unceasingly for the welfare of soldiers, sailors and their families can well feel proud of the record which the local War Bureau accomplished during its two years of existence.

outline of the formation of local war bureau was sent to the various town chairmen. The local committee of six was asked to nominate new members for the new War Bureau, with the understanding that the State Council of Defense would confirm the nominations. In all cases the members of the War Bureau were to be chosen from the various sub-committees of the different local activities. With the addition of eight more names Manchester's War Bureau held its initial meeting on November 29, 1917. It seemed advisable to secure permanent quarters and a permanent secretary, and temporary arrangements were made to use the north store in the Ferris block. The next month—December 1917—these quarters were secured as our permanent location and remained so practically until the present time.

It is not expected at this time that outside financial help will be needed as there is a feeling here that a new bank will find ample backing and will fill a long felt need. While Mr. Rogers purchased the hotel property with the idea of furnishing a location for the new institution, this matter will be entirely up to the directors of the new institution. Judge Alexander Arnot is taking the necessary legal steps for the incorporation of the new institution and it is expected that the papers will be filed with the secretary of the state within a few days.

MASS MEETING OF COMMUTERS NEW LOCAL BANK AN ASSURED FACT Houses Relocated Francis M. Westrate, who bought the Harry Black house from the Ninth district school committee a few weeks ago is having the house moved to a lot which he purchased from William Johnson on the east side of Spruce street. The lot is just north of the Haseman property. The house which Frank Broka purchased from the school district is being moved to Florence street on a lot which Mr. Broka already owns there.

There are over six hundred people who commute between this place and Hartford daily and the balance more come from Rockville, Hartford and other places. Some of the out of town commuters are employed in this town. They are invited to attend this evening's meeting. Many of the commuters who reside at the North End of the town have already laid their plans to travel back and forth to Hartford on the steam train. In like manner Rockville trolley commuters will make the same change. By buying a three-month ticket on the railroad there is a generous saving over the proposed new trolley fares.

Miss Ethel Mae Crockett, daughter of Motokan John Crockett of Main street, and William Telford, son of Mrs. Emma Telford of 152 Spruce street, were married Tuesday afternoon at the rectory of St. Marys Episcopal church by Rev. J. S. Neill. Miss Florence Riley, a cousin of the bride was bridesmaid, and John Crockett, a brother of the bride was best man. A wedding reception followed at the home of the bride where the couple left on a wedding trip to New York. On their return they will reside on Oak street where they have a newly furnished home.
