

DON'T think that because your stomach can digest food you are proof against indigestion. The most important digestive work is done by the bowels, liver and kidneys. Unless these are active and work in harmony, you are in danger of self-poisoning. BEECHAM'S PILLS help the bowels to functionate properly, and influence the liver and kidneys to act very efficiently.

TROLLEY ZONE SYSTEM OPPOSED SELECTMEN WILL GO BEFORE UTILITIES COMMISSION IF NEEDED Strong Efforts To Be Bent in Behalf of Commuters—Don't Want Them Forced Out of Town By Increased Trolley Fares.

The newly elected board of selectmen are not in favor of increasing the trolley fares between here and Hartford. This much was stated emphatically at the meeting of the board Tuesday afternoon when the matter was brought up by Selectman W. J. Rogers.

SELECTMEN CHESNEY OBJECTED TO THE manner of the "Big Four" snatching the appointment of such an important committee without giving the other members of the board an opportunity to have a voice in the matter. He said he was not particularly anxious to serve on the committee, but he insisted that the "Big Four" should pass around some of the appointments.

POURING IN OIL Selectman Rogers tried to smooth matters up by having the entire board act on the committee, providing the other members were willing to attend the meetings and also appear before the Public Utilities Commission if necessary to put up a real struggle to keep the commuters from being forced to move out of town.

Welcome Back The many friends of Mrs. Sadie Goodall Ryan will be pleased to learn that she is to remain in the position of Rubinsow's Specialty Shop beginning tomorrow.

Athletics 8-White Sox 5 Continued from page one figure, but knocked it down and held Wilson to the second sack. The answer of the White Sox twister as he was unable to locate the plate.

Outside of that fatal inning good baseball was played as may be seen by the appended box score. It will be observed that the White Sox scored on the eighth inning, but they were unable to circle the bases or touch their hits. The Athletics only made 6 safe hits off Wolfe's delivery but they scored 8 runs.

Sense in Superstition. There is often a common-sense reason underlying "what, at first sight, seems superstitiously a superstition. Take, for instance, the old belief among colliers, that a mine which frequents by mice is a lucky mine.

ANCIENT ORDER UNITED WORKMEN

HAVING GENERAL REVIVAL OF ACTIVITIES THROUGHOUT STATE

Have Reserve Fund \$110 for Every \$100 Liability—Total Reserve \$855,000—Organization in This State 108.89 Per Cent. Solvent

An interesting meeting of Orford Lodge, Ancient Order of United Workmen was held at one of the rooms, Old Pelhams building on Saturday evening.

C. E. Eubank, Superintendent of Extension was present and gave an interesting history of the organization from its inception to the present time.

The Ancient Order of United Workmen is the pioneer of fraternal beneficiary insurance in the United States. It was organized at a time when the cost of life insurance was practically prohibitive except to the rich and even among them the number who carried protection was limited.

At the meeting of the board of selection Monday afternoon bills against the town amounting to \$22,000 were never called. The members have not paid bills since 1915, when the books of the town ended for the fiscal year, which occurred in a death occurred it was a custom to pass the hat and in this way get a few dollars with which to meet the immediate wants of the family.

When the time came when by reason of old age it was necessary to make some change there were sufficient progressive members who were equal to the occasion and the rates were changed being based upon the mortality table.

When the time came when by reason of old age it was necessary to make some change there were sufficient progressive members who were equal to the occasion and the rates were changed being based upon the mortality table.

Graciously it has dawned upon the membership that they belong to one of the strong financial forces of the state and there is a general revival of interest from one end of the jurisdiction to the other.

Considerable activity is noted in District No. 1 which includes Hartford and District No. 5 including New Haven as well as in other parts.

What is that which I have not, which I do not wish to have, and which I had I would not be able to do without?—A good health—A good health—A good health.

Jack's Adventure in Nodland

It was bedtime. Little Jack was awfully tired. Mama had just tucked him snugly into his little bed. He didn't feel sleepy. He'd been to the circus during the afternoon and thoughts of the wonderful things he had seen were whirling through his little mind.

There were the little Sheelands ponies. If only he could own one, he would be the happiest boy in the world. And then there were those funny duns. Jack laughed as he thought of how one big fat clown had ridden around the ring hanging to the tail of a kicking mule.

Jack was a visitor. Restlessly he plunged his little head into the downy pillow. He was thinking again of those pretty little Sheelands ponies when, he felt something touch his arm. Quickly he jumped up in bed and looked about. He saw a little pony standing by the side of the bed.

He looked back toward where his head had previously been buried in the downy pillow. There beside the head of the bed stood a little pony Jack adored. His little heart was pounding. Jack was excited. He was to have a pony!

It was at this time that little Jack noticed a rolled piece of paper in the pony's mouth. He took it and found it was a letter from his father. He read it and found it was a letter from his father.

Looking Backward Twenty-Five Years

To Happenings Then Recorded in The News

T. P. Atkin placed a Furnace steam boiler in the Eighth District school building.

Mrs. Richard O. Cheney and family returned from Black Rock Beach where they spent the summer.

C. W. Cowles is given the contract to supply 14,000 ties for the extension of the trolley lines from East Hartford to East Windsor Hill.

Announcement was made by Captain Lindsey of the Aviation Army that the local corps would go to Waterbury and see and hear Commander William Booth of London, England, founder of the Salvation Army and its headquarters, the Salvation Army British Band was to accompany the tourist and furnish music for the monster celebration in the Brass City.

George M. Barber to construct a large stable at the rear of the Park building. This was to be used as a portion of the Orford Inn property.

Sanford M. Benton resumed his duties as bookkeeper at the store of W. H. Cheneys Sons after enjoying his vacation.

The inauguration of having a visiting nurse was started by bringing Miss Horick who was a graduate of the New York Hospital here. She was located at Teachers' Hall. Her services were to be given to persons who were unable to pay for same. Those in better circumstances were required to pay the nurse \$2.00 a day.

A meeting of selectmen and ministers was held for the purpose of aiding worthy poor people during the prevailing industrial depression.

If you save your pennies and are thrifty in spending your money some day you will receive some of the gifts Thriftland gives to those on earth who save. It was the Queen speaking, but before Jack could reply, she was falling. He put out his hands to grab hold of something. As he did his hands grabbed the holds of a downy pillow. A bright light caused him to open his eyes. The rays of the morning sun flashed across his face and he was lying in bed. He was dreaming. He must get up and get ready to go to school.

NO GRENADE BANKS FOR NEW ENGLAND

Because the War Department has decided that 15,000,000 hand grenades which the Government had on hand when the armistice was signed, shall not be distributed in the form of miniature War Savings hand grenade banks.

These miniature grenade banks were to have been distributed among the thrifty boys and girls of New England. Each child under 12 years of age that purchased a War Savings Stamp was to have been given a grenade bank at the time he bought the stamp.

The Treasury Department is notifying the New England Savings Districts that the hand grenade banks will not be distributed in this district.

Thrift Week this year is not intended to be a temporary spurt in money sales, like the drives of last year. It is intended to be a permanent beginning of a steady new effort with emphasis on the educational side.

Stress will be laid throughout Thrift Week on the educational side. The advantages of saving are being purchased \$100 and \$1,000 Treasury Savings Certificates.

SALVAGE

Salvage is of vital importance. Waste of material means waste of human labor and it tends to exhaust the natural resources of the earth.

SIDEWALK HEARINGS MUST SIGN RELEASES

The first of a series of hearings on the construction of sidewalk on the corner of Main street will be held at the Hall of Records Thursday evening, October 23rd.

At the meeting of the Chamber of Commerce at the Recreation building Monday evening the members were evidently opposed to the increase in trolley fares between here and Hartford.

Setback Tournament

The friends of the South Manchester Fire Department are planning a setback tournament which will be held at the South Manchester Recreation building Monday evening, November 3rd and continues through the winter.

Golden Moment is Now.

Shake a barrel of apples and the sound ones will come to the top. And in this great industrial shake-up of the country, the best and most successful ones will rise to the top.

BETTER FIRE PROTECTION AFFORDED BUSINESS SECTION

Past Experience Showed Danger Having Hydrants Close To Business Blocks During Time of Burning. House & Hale Block Case Recalled

The South Manchester Water Company have men at work at the present time on Main street in the business section improving the fire hydrant equipment and protection against fire of this community.

The third is opposite the junction of Main and St. James streets. The fourth is opposite the Park building.

Past experience has proven that it is a dangerous thing to have the fire hydrants too close to the business blocks. It will be recalled that when the House & Hale block at Main and Oak streets was destroyed by fire in 1914, the water supply was cut off by the hydrant located at the junction of these streets and directly against the side of the building on the Oak street side.

Local War Bureau

man of the Soldiers and Sailors Committee, was responsible for entertaining the draftees before leaving town. His earnestness and devotion to the men caused repeated comments and it is safe to say that Manchester could not have left this work in any better hands.

The Americanization work since January of this year has been under the leadership of Mr. E. S. Elia as chairman and Mr. F. E. Hillsburg as active director. The work was originally started in January 1918 with Mrs. W. C. Cheney as chairman and was continued under the Women's Committee for the balance of the year.

Just before the close of the war the State Council of Defense requested the formation of a Draft District Board and a very complete organization was formed with Horace B. Cheney, Arthur Balthasar and Dr. D. C. Moore as members.

Such was the specific work of the various committees directly associated with the War Bureau. An attempt was made to summarize the civilian work of Manchester. It would require volumes to do justice to it, and the roster of those people who did the work would contain the names of almost every available man and woman in town.

The War Bureau was organized early in December 1917 at the suggestion of the Connecticut State Council of Defense. The work of the local war bureau has been commended at different times by the state organization as being one of the best working bodies of its kind in the state.

Improving Property Will Add Story to Purnell Building
Edward J. Holl, the new proprietor of the Purnell property on Main street, has a gang of men at work renovating the present building. He is converting the front rooms on the second floor into offices and also the rear rooms at the rear of the building. It is also his purpose to add another story to the building. This is to be used for dwelling purposes.

All the rooms are to contain steam heat and other modern improvements. There is an active demand for steam heat apartments of that sort in the business section. There is no doubt that the public will hail with delight the privilege of securing these up-to-date improvements within easy access of mills, stores, churches and places of amusement.

Mr. Holl is having the stairways arranged now for the additional third story added this year, but comes housed on the ground floor of the building or not. He is of the opinion that should the bank headquarters in the Warnoke Hotel that he could let them take two-thirds of the floor space on the first floor fronting on Main street. He can locate a vault at the rear. The new kitchen and dining room on the main floor and two upper floors of the building, whether the proposed new bank comes housed on the ground floor or not, will be a great improvement.

Mr. Rogers is reported as intending to continue the kitchen and dining room on the main floor and two upper floors of the building, whether the proposed new bank comes housed on the ground floor or not, will be a great improvement.

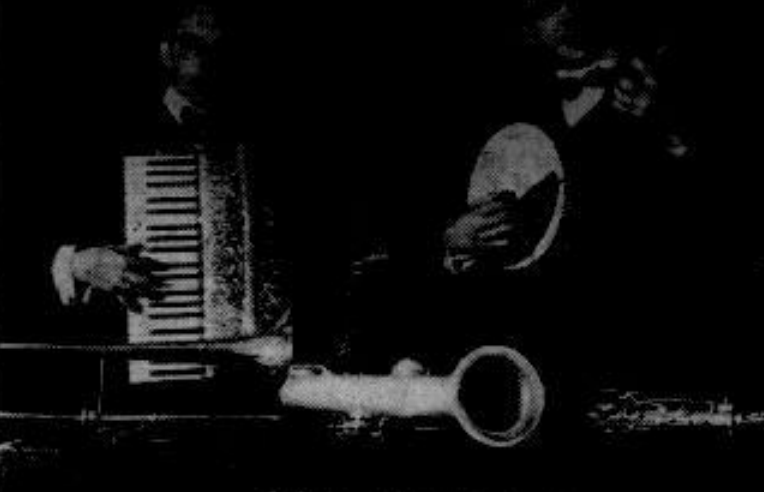

Mr. Rogers has long entertained the notion of entering the restaurant business in South Manchester. Should the bank people decide to erect a building especially for banking purposes Mr. Rogers would continue to use the entire hotel building. On the ground floor he would place two stores, continue the kitchen and dining room where they now stand and retain the two upper floors, having two offices in front on the second floor and the remainder for sleeping apartments as at present. Mr. Rogers was desirous of having Mr. Chambers continue to conduct the hotel under the new ownership but Mr. Chambers declined to do so.

Novelty Musicians With Rousseau's Musical Entertainers at the Moose Concert and Dance at Cheney Hall Next Thursday Evening

GREAT JOY EVENT AT CHENEY HALL NEXT THURSDAY BY LOCAL MOOSE

Without attempting to detract anything from the merit of any dance given here this season or any other attraction which may be presented later, the fact that the South End Lodge of Moose have engaged Rousseau's Musical Entertainers to furnish music for their concert and dance at Cheney Hall next Thursday evening stands out as the leading social event of the season.

The high character of this dance and concert orchestra places it in a class by itself and the dance and music loving public will have an opportunity to share in an evening's rare enjoyment when this orchestra appears here.

There are six men in the orchestra, everyone of whom is an artist. J. Alfred Rousseau, the leader, played for the McEnelly dance orchestra for nine years and is a musician of rare ability. He is rated as one of the most versatile musicians in New England, playing trombone, saxophone, banjo and xylophone. He uses the instrument which is the most effective for the number which is being played, which does away with the monotony of the same tone quality for every piece played.

Al. Berg, the noted accordion player, is a musician with a national reputation. He has toured the country, has played numbers for the phonograph companies and has had all sorts of experience in the concert and dance game. Aside from being a distinct novelty never employed in an orchestra before, the player, according to Al. Berg, makes an addition to the value of several men as it is a complete band in itself. What ever Mr. Berg has appeared he has made a big hit and has had the audience with him from start to finish.

Besides Mr. Rousseau and Mr. Berg there is the drummer who is a real live wire. He plays the drums, traps and accessories and puts a lot of "pop" into his work. He likewise plays the cornet which is a real live wire. He plays the drums, traps and accessories and puts a lot of "pop" into his work. He likewise plays the cornet which is a real live wire.

It can be seen from the above outline that the Moose have some real good stuff coming and the dance and music loving public have been quick to grasp the significance of this big attraction, judging by the big advance sale of tickets which has already been reported. It will be by far the leading concert and dance of the whole season. The orchestra will furnish a concert from eight to nine o'clock and dancing will come in progress until twelve.

BANISH YOUR TEETH TROUBLES
Come let me explain my painless method—show you my modern equipment—and give you honest advice as to what you need done. I make a special study of the mouth and give special attention to the little details so often overlooked by the average dentist.

IF YOU KNOW—as I know from long experience—how much superior to any other anesthesia or pain-killer in the world is

NUMB-A-MINUTE
THE WONDERFUL POWER THAT BANISHES PAIN
you would never permit a dentist to do a single minute's work upon your teeth unless he used Numb-A-Minute.

Numb-A-Minute not merely numbs Pain of all its terrors, but it does so without depriving you of the use of any of your faculties. Numb-A-Minute, moreover, will not injure the weakest patient for it contains no harmful ingredient, no dangerous "drugs." You will find a Numb-A-Minute operation in this office a positive pleasure.

Large Taxpayers in Fire District

The two and one-half mill tax levied by the voters of the South Manchester Fire District at the annual meeting in August, 1919, will be due November first, 1919. William Taylor will make the collection.

Robert E. Carney is compiling the rate book. Owing to the large number of realty transfers made during the year the work of compiling the rate book required a great deal more amount of records than formerly. The tax is due on the grand list last completed, which was last year. During the interval several hundred pieces of property have been transferred, making it necessary to search the land records to ascertain who are the owners of the properties at the present time.

Mr. Carney will not finish this work until next week. It was far enough advanced this morning, however, to enable The News to secure a list of those property owners in the fire district who will be required to pay taxes on properties valued at \$5,000 or over.

Mr. Carney has not finished the totals yet but estimates that the grand list of the fire district this year will reach nineteen million dollars. A two and one-half mill tax on that amount will raise \$46,000. Following is a list of taxpayers now owning property valued at \$5,000 or over in the South Manchester Fire District:

RUBINOW SELLS SHOP TO S. L. BARRABEE
William Rubinow has disposed of his business to Samuel L. Barrabee of Hartford. The new proprietor has taken over the business and will continue to be actively engaged at the store as usual.

Mr. Rubinow founded the Rubinow Specialty Shop more than twelve years ago. Starting in a small way and from a modest beginning he has pushed ahead until today the store is one of the leaders in South Manchester. He applied himself faithfully, diligently and persistently to the task before him. He always found much pleasure in his work and entered into the tasks before him with enthusiasm and fire of vigorous young manhood. His efforts have been abundantly rewarded. He has the pleasure of looking back today over the trail which he blazed here and noting the success which has attended his efforts. He was a pioneer in making a specialty of selling women's and children's wearing apparel in South Manchester. He had the vision to see that a shop such as he had in mind would fill a real need in the life of this community. He had an ideal and he struggled industriously for its achievement. He is a young man now in the early thirties.

By his business sense he has secured the best of the thirteen points of valuable real estate in South Manchester. He has been working for William Rubinow since he was fourteen years old. He is entitled to much credit for every success that he has made of the business. The Master gave him. He did not bury them in the earth. He applied them in such a manner that they brought forth an hundred fold.

The new proprietor of Rubinow's Specialty Shop is no stranger in South Manchester. He has been doing a commission business in women's and children's wearing apparel for the past twenty years. He has given up the commission business and will devote his entire time and energies to the duties devolving upon him in his new undertaking.

Successful Dance
The Moose dance at Cheney Hall last evening was one of the big success of the season and a large dancing party was present to enjoy the fun. The music as provided by the Rousseau Musical Entertainers of Worcester, Mass., was heard over heart in South Manchester. The orchestra is composed of all star musicians who are capable of playing several instruments and the variety of the music played was greatly enjoyed. The piano section played under the direction of the conductor, Al Berg drew forth hearty applause here. The orchestra distinguished by a number of novelties in their playing which added greatly to the enjoyment of the evening. The endorsement committee of the South End Lodge of Moose were asked by many last evening to book the orchestra for a return engagement and it is possible that a date will be arranged in the near future.

Miss Lona Markham of Hartford visited with friends in South Manchester last Sunday.

Ninth School District Meeting Next Week

The call for a special meeting of the Ninth School district has been issued, the meeting to take place at the assembly hall next Thursday evening. The official notice appears in the advertising columns of The News today. There are three important sections in the call for the meeting. These involve the purchase of additional land, the issuing of bonds, and the erection of a recreation hall on the west side of the district.

At the annual meeting in July an appropriation of \$100,000 was made for the erection of a new school building on Spruce street. Since that time it has been found that this figure is inadequate and a larger sum will be necessary. The committee also has seen fit to recommend a change in the original plans, which also calls for more money in order to carry through these changes additional land will be necessary.

The committee has received an option on the Salvator Army barracks on Spruce street next north of land the district bought in July. This property belongs to the McRoberts estate and it has been offered to the district for \$200,000. The district officials will recommend the purchase of the land and building at this figure. The meeting will also be called upon to take action on the issuing of bonds, the amount, kind, interest rate, maturity date and method of paying same to be decided at the meeting.

COMMUTERS CONFER WITH PRES. L. C. STORRS
The conference between the local trolley commuters committee and President L. C. Storrs of the Connecticut Company which took place in Hartford Wednesday will result in action favorable to the commuters in the opinion of Harry M. Burke chairman of the committee.

The trolley commuters will meet again at the town hall here this evening at eight o'clock and the committee will present the entire report. It is expected that some favorable news for the commuters will be given out and that much encouragement for those who are endeavoring to secure lower and more fair rates for the commuters will be forthcoming.

The comparative difference between the charges now being made to steam road commuters as against trolley commuters has been shown that a thirteen-weeks commutation ticket between Manchester station and Hartford on the steam road now sells for \$14.45. The trolley commuter will pay at the present time for thirteen weeks travel between Manchester and Hartford \$12.72. This is an advance for trolley commuters over the steam road commuters of \$1.73 for the thirteen weeks travel.

The trolley commuters will meet again at the town hall here this evening at eight o'clock and the committee will present the entire report. It is expected that some favorable news for the commuters will be given out and that much encouragement for those who are endeavoring to secure lower and more fair rates for the commuters will be forthcoming.

Assessors Want Lists
It will be well for property owners to remember that the Board of Assessors are holding frequent sessions at the Hall of Records day by day for the convenience of those who have lists to make out. It is required under the law to place such lists with assessors on or before November first. A penalty is attached for all taxpayers who neglect or forget this important duty. The assessors will be in session until seven o'clock this evening and from one until seven o'clock tomorrow afternoon.

HONORABLY DISCHARGED HAVE ARRIVED HOME
Local soldiers, sailors, etc. who have been registered at the local War Bureau up to noon today, have been honorably discharged from the service are listed below.

There are a total of 917 persons who have been registered at the local War Bureau up to noon today, have been honorably discharged from the service are listed below.

First Class Private Louis J. Duays
First Class Fireman Everett R. Kennedy
First Class Private James J. McVeigh

Attorney Harry M. Burke and family motored over from the Mohawk Trail last Sunday. They started at 4:30 in the morning and reached home at eight o'clock in the evening. Mr. Burke and his son, James shared the anxiety and watchful waiting at the wheel.

Advertise in The News
The trolley commuters feel that they who were present to sell the town a new truck. The annual town meeting made an appropriation of \$5,000 for this purpose. Before placing an order the highway committee will make further investigations. They will ultimately buy an automobile truck.

Remember School Tax
It will be well for taxpayers in the Ninth School District to bear in mind the fact that a tax of two mills on the dollar is now due and collectible. It must be paid on or before November first in order to avoid being penalized for neglect of this important public duty. George Davidson is the tax collector. He can be found today and tomorrow, and on Tuesday, Wednesday and Friday at the store of G. E. House & Son, 110 North Main street, at the town hall. See him and settle on your November first. It will save you trouble and expense.

Highway Committee Will Buy Truck
The highway committee of the Board of Selectmen meet some time Monday in witnessing demonstrations of automobile trucks and in listening to arguments advanced by salaried men who were present to sell the town a new truck. It will have no trouble and expense.

There Comes the Time to Every Man
when thus to himself he says (or if he doesn't say it, he feels it)— "This confounded thing doesn't fit right." "What's the matter with these buttonholes, anyway?" "Has that given out in the crotch so soon?" He's speaking of his underwear, and between you and us the lamp post he's speaking warmly—feeling—"Feelings" because he doesn't feel he was treated right—and he hasn't!
