MILLION AND HALF Henry DeForge N. & F. DelFers J. M. Dempster

Increases of Ten Per G. H. Allen Cent. on Buildings Anna Anderson and Business Sites John Andero Means Added Reve- Won. A-nott and w nue For Town.

COMPLETE REVALUATION OF ALL PROPERTY NEXT FALL John Birgs

The board of assessors find they C. H. Bloom have mapped out considerable work E. C. Borst for themselves in making increases Bosco & Smith owing to the advanced prices given A. Bosco in real estate transactions during the August Bose past twelve months and also to the lact that building materials have greatly advanced in price—coupled Edward Boyle with increased charges for labor the Jennie H. Boynton cost of building has enhanced amazingly thus placing many properties on the market at exaggerated P. A. Brink figures. These inflated prices have been paid eagerly and the advanced valuation of local property is manifest on all sides. The prodigious prices paid for business properties along South Manchester's business Gideon Brown, est. section have been commented upon troquently. Although the board of increases in valuations this year they felt forced to do so because of the high prices paid for the properties.

Dwelling houses in all sections of the town have come in for their share of the increases and the board assessors did not intend to make any of assessors decided upon a flat in-crease of ten per cent, on land in the business section and a like amount I. M. Burke

on all buildings in town. Assessor Robert J. Smith who is R. W. Buruham looking after these details stated this C R. Burr list would show an increase of one Patrick Calhoun and one-half million dollars over that Sarah D. Carrier of the previous year. The increase W. J. Carr in valuations has brought many of David Carson the property owners into the five Leonors M. Carter thousand dollar class and many new Case Bros names of property owners paying on A. W. Case this amount or larger sums will be A. W. Case Co. found in the list of property owners L. W Case

herowith. There are some interesting Steve Cavagnaro figures in the list of large taxpayers David Chambers which is printed below. Chency Henderson Chambers Brothers continue to be the town's G. W. Chapman largest taxpayers, their list reaching Helen C. Chapman \$12,141,594, an increase of over Paul Chartier \$500,000 on what the firm paid taxes Cheney Brothers on last year. Chency Brothers slone Chency Homestead own 263 tenement houses in town. Mrs Annie B. Cheney E. J. noll jumps into the tax list as Annie H. Cheney the town's largest individual tax. Anne W. Cheney payer, having a list of \$187,755. Mr Anne W., Louise and Holl's list last year was \$75,505. During the past year he has ac. Austin Cheney quired the Purnell property from Charles Cheney Harry M. Burke, which increases Seth L Cheney his list over one hundred thousand C. D. Cheney dollars. Miss Mary Cheney is the Ellen C. Cheney second largest individual taxpayer, Elsie D. Cheney her list this year being \$162,512, Frank Cheney, jr while last year it was \$156,602. The Frank D. Cheney sucreases in dwelling houses and the F. W. Cheney Co.

Work more-Produce more— Save more—

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion-more engines, more cars, more tracks, more terminals-there can be little increase in production.

But this country of ours is going to keep right on growing-and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.

This advertisement is published by the Association of Railway Executives

> Those desiring information concerning the railroad site ation may obtain literature by writing to the Association of Railway Executives, 61 Broadway, New York.

ome Communities Seem to Forget How Vital Are Business Enterprises to City's Growth.

Contrast the intelligent employment or present opportunities in certain communities with the lack-of-plan situarion in most cities. Contrast it, if you will, with the

attitude of an Indiana city which found not long ago, that one chief industry of the community, a glass factory, would likely move because the supply of natural gas, which had attracted the factory in the first place, was about to fail.

In the gas-boom days the commu vited this factory to come. But the old spirit soon died, and no effort was Army of Rain- like a rest, and if made to get additional gas or the additional factories which would have And when the glass manufacturer In fact, I would like to very much. found the supply failing, two or three | "You know how different we are,"

years ago, he appeared to be about he continued. "I am an old gloomy the enly person in the community who soul, who rather enjoys my gloomiwas particularly concerned. There ness, and I like dull or rather gloomy was some vagrant talk of the possi- friends. I don't consider them gloomy, bility of finding some additional nat- of course, ural gas. But nothing was done about | "And you are so bright and so difit until the manufacturer himself de- ferent. I could never keep up a friendcided that rather than move his home, ship with you, Mr. Sun, though I de he would take a chance on a new well. admire you so much in the distance." He found gas and is still there, though Mr. Sun laughed hard. "All right," not through the enterprise of the city, which would apparently have allowed him to move rather than bestir itself.

And even now there is no movement for sinking additional wells, though

Mr. Sun laughed hard. "All right, which would like a holiday. In fact I would like one. When would like one. When would so which meant an enterprise of the city, which which like a holiday. In fact I would like one. When would so which like touch of the sword and the kiss. Today this is the formula the kiss. Today this is the formula a stretch of land covered with short which likes between this experience indicates that such nicely?"

Is Your Motor Extravagant in Gasoline?

That depends largely on the quality of your gasoline and the mixture you use.

With high quality, uniform gasoline and the carburetor adjusted to insure complete, clean combustion, any motor will show gasoline economy and dependable power whether crawling in traffic or pulling up a heavy grade. The careful, rigid processes of refining and testing SOCONY Motor Gasoline guarantee its high quality and uniformity. Simply adjust your carburetor to SOCONY and stick to it. Then you'll get big mileage out of your gasoline. It is uniform, rapid-fire, clean-burning and power-full wherever you get it. For motoring economy standardize on SOCONY.

At filling time look for the red, white and blue SOCONY Sign.
