CUSS PROBLEM

Start Project Without Stopping Clocks. Would Conform To Day Set By Cities In Conn. Mass. N.Y.

'Gentlemen Be Seated' is uncertain at this juncture. At a meeting of persons representing the manufacturing and mercaptile interests held at the office of Superintendent of Schools F. A. Verplanck Wednesday evening the matter was given consideration and varying views as to the Glenney Heads method of inaugurating the daylight saving plan were suggested It was the concensus that a great majority of the people of this town would benefit by the daylight saving plan and that they would favor it Some of those present thought that the plan should be started here next Monday in order to synchronize with some of the cities in Connecticut and

ered in gold and copper threads line is low, the front fastening decid-edly at one side. The embroidered vers form a round yoke at the back, which, descending over the tops of the shoulders, gives a sort of 1830 back. This model is very well thought of by mid-season buyers.

any pretense at all to a smart wardrobe includes among her dresses one of black satin regardless of what other materials may be in the limelight of fashion. Mme. Jenny has made some especially beautiful frocks of black Material Has Been Softened Until It satin for her customers to wear at the resorts, such as Nice and Monte Carlo. For these models she favors the flounced skirt. In fact, this may be

Street Dress of Blue Cashmere Serge Embroidered With Red and Copper Colored Threads and Dyed Raffia

said to be the most pronounced feature deeves, the armhole being surrounded These deep flounces make the enby tiny points, or dents, embroidered tire skirt. Instead of having a bem color silk. There is, how on the bottom of the flounce, a facing of black velvet to about the depth of a hem is used. The idea of the

flounced skirt comes from the French stage. Many of these stage frocks, which are having so pronounced an influence on all fashions, were designed by this great dressmaker. Fray, too, is a favorite color for satin Three-Piece Suit, Hem of Lace.

Mine. Jenny is not the only design |4 er who does unusual things to hems ! Rulloz has introduced the lace hem He used it with good effect on a black suit, which is accompanied by a long accordion plaited cape. Both the cape and skirt have this remarkable hem. which is formed by inserting scalloped lace, the irregular side of the face going toward the top of the garment. It is a three-piece suit, the third piece being a blouse of white proceeded silk. It is, of course, a typical formal afternoon costume.

three-piece costumes are even more pronounced for spring than they were It is interesting to note that these or autumn. Women delight in threeplece affairs as offering a great advanplece affairs as offering a great advantage over the old-time suit consisting of a skirt and cont only, which had to be completed by a blouse picked up at random and which did not always make a goodlooking dress when the cont was removed. Among the praccoat was removed. Among the practical suits carrying out this idea are those consisting of a simple dress and a somewhat long coat rather on the order of a redingote. These are not always made of cloth; silk features prominently in these new costumes for MANY REASONS FOR GARDEN
