"My Crawford Is Really Two Ranges in One" "And here, too, is another reason why

ec AND I can use them together or separately, just as I wish. See what a nice gas stove I have at the end of the coal range, where it is most convenient! Five gas burners on the top, a great roomy oven, with a rack, and a folding broiler below the oven!

"But much as I like the gas stove l simply couldn't get along without the coal range. Right now, you see, I've got my cold pack canner on the coal stove, while my jelly is boiling on the gas and the sugar is warming in the oven. And there's bread baking in the coal oven, too. That helps me save fuel -and I get a lot more done in a day.

eeTHERE'S another splendid thing about my coal range—the Crawford Single Damper. I set the knob at 'Bake,' 'Check,' or 'Kindle,'- which are plainly marked on the stove top-and I can always be sure my oven will be just the right temperature. This damper also regulates the heat under the top griddles.

is the Single Damper. Every day I discover new Crawford advantages. One of them is its economy—I figure that the fuel it saves will just about pay for my WATKINS BROS., INC.
