WHEN Captain Cook's exp. dition anchored off the coast of Australia one of the first things the explorer did was to send-some of his men ashore with instructions to bring back specimens of the plants, flowers and animals which appeared to be distinctive of the country. Two of the sailors returned with a beast which had ex-tremely long hind legs, short fore paws and an exceptionally well developed tail. Cook, who had never seen anything of the kind, desired to learn something more about the strange animal

and sent the men back to discover by what name the natives called it. ed that the nearest they could come to it was "Kan-ga-roo," "At least," as one of the men de . clared, "that's what all the na-tives said when I pointed to the animal." So, when Captain Cook returned home, he brought with him the body of an animal which was introduced to natural history under the name "kan-paroo."

years later that it was found that "kän-ga-roo" was the Australian equivalent for "I don't know," which was the reason that the natives said this when

Christmas Savings Club

The 1921 Christmas Savings Club will open Monday, December 27th, 1920. It is a plan for systematic saving that brings its return at the one time in the year when it is most welcome.

The 1920 Club had nearly three thousand enthusiastic members who saved over \$100,000. To these members it needs no further introduction. We cordially invite you to join them in 1921.

Owing to our present lack of facilities for opening the hundreds of Christmas Savings Club accounts during regular banking hours, this bank will be open from 5.00 P. M.
