HAIR DRESSER'S TIPS OMETIMES my hair dresser grows I talkative, and then she tells me all sorts of interesting and useful things about the hair, things based on her wide and personal experience, things too valuable to be lost in the tiny room where she wields a brush and a vibrator and where she juggles tail bottles of sweet smelling oils. "The average woman is too harsh with her bair," she said the other day. "Either she brushes it furiously, or she doesn't brush it at all; either she slicks over it when washing, or she washes he life from it," though it is a good soap. But if is barsh. I use coconut oil, because it is mild and cleansing and

nourishing; it is a dandruff preventive, and it will not burt the most sensitive scalp. I use it for all colors of hair, except cases where there is too much natural oil, and then use a soap with the least bit of borax in its makeup. If for any reason I oll or castile soap. "I use a free lather first, ringe, and use a very light lather. I can tell

Take Care of the Hair in Youth and It Will Stay Good All Your Life.

enough. I would massage the scalp dry if I could give the time to it, but as I cannot, I use a towel to wring fan. But I always massage the scalp after a shampoo and use the electric brator. This brings the fresh oils the surface of the scalp." If you are still sixteen, and small,

THE use of the phrase which heads that are seen to be iddicrous, when analyzed. For example, one will hear the question: "Where did you bu that steak?" The answer comes: " corner." To get a steak "off of" the butcher might suit a cannibal very well, but the very idea would shock any-"off;" say: "I got it of (or from) the butcher around the corner."

There are cases of the misuse of the phrase "off of" that are not b dicrous, as in the instance already cited, but in which the "of" is no needed and instead of saying, "He umped off the car." A man who expects to open a store says; "Will you buy something off of me?" He should "Will you buy something from
