THE GIRL ON THE JO thead-How to Make Good By JESSIE ROBERTS

THE RENT COLLECTOR

D ENT collecting is a branch of the real estate work that appeals to many young women who are luterested in housing problems, and several such have entered it from settlement work. The landlords find that women make hetter rent collectors than men. that they get closer to the tenants, and that they promote a better understanding between the parties to the renting business. Rent collecting is not a mere turn-

ing up at the first of the month with the demand for the rent. It is to the interest of the landlord that the houses he owns he properly run and kept up, that undesirable tenants be ejected, and that the right kind get right treatment. Women are good at getting results in these directions. It is usually the woman of the apartment who pays the rent; it is she who has This Filipina is making a Philippine composites to make or alterations to depund.
