By arrangement between the Amerten Legion and the bureau of comnuercial economics, the most complete and valuable collection of educational ind ravel motion picture films in existence will be placed at the disposal of the Legion for free exhibition under the auspices of all posts. The films, which embrace 1,000 separate topics, are the property of the bureau, an altruistic institution the sole aim of which is to advance education and pride in American institutions.

At the instance of national headquarters, the bureau has prepared s special catalogue in which each film of this catalogue will become the property of each Legion post.
