the Legion. "The Rotarians have been shocked by the disclosures made by the American Legion regarding the circumstances surrounding the rehabilitation of Uncle Sam's disabled ex-service men. Each Rotary club is appointing a special committee to investigate conditions in its community and report to the club. Every club will then report to the headquarters office of Rotary in Chicago. The result will be that from 800 communities in every part of the United States will come evidence of business and professional men to prove to the American people whether or not the American Legion reports are based on hysteria or upon actual facts so revolting and heartrending as to cause the whole American people to rise in their might and do justice to the men who sacrificed themselves for their country." "COWBOYS."

THE term "Cowboy" is not, as many think, of origin in the "Wild and wooly West." It was first applied during the American Revolution to a band of Tories who operated around Westchester county, New York, stealing cattle from both parties impartially. The application to the men who herded cattle on the western plains came later, but was derived from the same origin. (Copyright.)
