the official name is the "State of Rhode. Island and Providence Plantstions." It originated from two 1636. He was the pastor of a church in Salem. As he advocated radical reforms he was ordered to return to England, but fled to the Narragansett tribe of Indians. From them be obtained a tract of land and called the town which he estab-

provided for him. About the same time Mrs. Anne Hutchinson and her followers were expelled from Massachusetts on account of a theological dispute. She made her way to the island of Aquidneck, which she purchased from the Indians for 40 fathoms of white wampum, 20 hoes and 10 coats. The name of this island was changed to the Isle of Rhodes, probably after the famous Greek sland in the Mediterranean,

It is practically the method adopted by the engineers of the Mississippi River commission namely, the adjustment of the velocity of the current to the maximum load of silt which the water carries. The hydraulic engineer of today accomplishes this by impounding the excess of water during flood seasons and releasing it during seasons of drought; Ta-yu accomplished the same result by the construc-

tion of additional channels. In the lower part of the plain nine additional channels were constructed. Any number or all of them could be thrown open to a flood; any number of them might be closed as necessity demanded. Thereby a uniform volume of water and a constant velocity of the current was in-

It was a task of 13 years. Thrice, according to the Shuking, Ta-yu passed his own door without even staying to caress his child. His efforts succeeded, and the name of Ta-yu will never pass to the unknown. Incidentally, his father before him had been the engineer in charge and for fallure to control a wild flood had been permitted to become his own executioner.-Jacques W. Redway

MANCHESTER WAS WRONG

There has been a great rivalry in the past years between the Bristol ber 7. The substitutes are Clarence and Manchester baseball teams which culminated in a masco at Muzsy Shaw. your admission, do not forget that feature of the circus, for it is worth seeing. In the Fair this year will be found specimens of the purest hard perchange possible to obtain, as well as representatives of the sproughbred, stafford-bred Sanfords humans and horses for general purposes.

But in the mare of attractions, the Horse Fair forms only one of the Sparks Circus. The stafford forms only one of the Sparks Circus. The stafford sand hashester friends and gaining many new ones. —Adv.
