14 MILL RATE STARTING APRIL 1 Writ of Mandamus Not Brought As Yet. 'How Readest Thou The Law?" It Is

Set Forth Herewith.

The wax rate muddle which started when a majority of voters at the adjourned annual town meeting voted in favor of a fourteen-mill rate, appears to be un mearer a settlement this morning than it was following the meeting. There have been rumors of mandamus proceedings but Chairman William C. Cheney said this morning that nothing definite , had been done about a writ of . mandamus, in so far as he knew. The printing of the tax bills with the fourteen mill rate, which was held up on Tuesday, has been ordered to proceed and Collector George H. Howe will make out the bills at the fourteen-mil! rate, as voted by the town meeting. If an additional three-mills be added later, this will make extra work for some one in the collection of the added rate. The

ax is due April first. Chairman Cheney said he, I soually, would be pleased if som : citizen of the town would bring a. friendly action against the selectmen, which would call for a showdown on the constitutionality of the law and clear the misanderstanding which exists at the present time Mr. Chency said the board of select

bacilli. Treatment of fowls affected is declared to be useless, but the disease may be stamped out by methods described in Farmers' Bulletin 1200, which may be had upon application to he division of publications, United States Department of Agriculture. Of all domesticated birds the fowl shows by far the highest mortality from tuberculosis. The disease has spread so extensively in some states as to cause very serious losses to the poultry industry. The insidious manper of attack makes it most difficult to combat, because affected birds show no risible symptoms until the disease processes are far advanced, and in the meantime it has been communicated to others of the flock.
