ADVERTISE IN THE NEWS

SAY IT WITH FURNITURE

Indeed it will show greater thoughtfulness upon your part if you choose a gift for the new bride's future home from our immense furniture stock. The sort of furniture we offer assures many years of useful service, this of course, is the kind of a gift which would truly echo your sentiments. It will be worth your while to see our selection.

A dainty odd piece of furni-ture for the home of the June bride from the standpoint of economy alone, should be enough to influence your choice. A good piece of furniture, adding to the comfort and utility of the home, over a long period of years, surely is of greater importance than some trivial affair, costing much more, and in actual rendition of service—giving less.

If She Does Her Own

Then by al lmeans carepriateness of a fascinatfully consider the approing practical sewing cabinet. It's useful as it is decorative. Here you'll find several different deFOR THE JUNE BRIDE

Each and every bride has long dreamed of a house she could call her own. Now that she is to have one, the furnishing of the home throughout is to be considered. No doubt the bride will receive numerous pretty but useful gifts—most likely duplicate sets of silverware, serving dishes, etc. But how many think of something durable, substantial, something that gives years of undeniable service? Make your gift to the bride that by which your best wishes will always be remembered. Make it one piece of a complete set of furniture.

Come in and allow us to help you in your Come in and allow us to help you in your

Much Favored Gateleg

Nash Leads the World in Motor Car Value

# May Writes New Nash History

May stands out in the annals of Nash history by reason of two impressive events.

Despite the new high sales record set by April there was a 23% increase recorded by May.

And early in the month of April the 100,000th Nash left the factory, so that May sees us vigorously on our way toward the 200,000 mark.

No other car of the Nash class ever attained anything like this volume of business in the first four and one-half years of production.

The new Nash' line includes twelve models: Four and six cylinders; open and closed; two, three, four, five, and seven passenger capacity; a price range from \$965 to \$2390, f. o. b. factory.

tractive aprons that have been evolved for comfortable wear around the house.

The magnificent collection will reveal many clever varieties that will no doubt prove a revelation to you. And to make this exhibit profitable to you in savings as well as in educational value, we have marked each and every one with a special price.

During Apron Week your attention is called to the various styles of aprons which will be worn by our sales ladies in every department of the store. Kindly remember this and if you see an apron on anyone of our sales ladies which you admire do not hesitate to ask the price which will be cheerfully given and the same may be obtained at the Apron Department, on the Second Floor.
