DURING OUR

MID-SUMMER

SALE OF REBUILT PIANOS

Just look ever the list below. See the many names of fine old piano makers. Many of these pianos needed only a tuning to put them in first class condition for the owners had been careful and kept them tuned. Others, however, had to be completely rebuilt.

It would certainly interest you to go through our piano repair rooms and see these instruments being rebuilt. Sometimes the complete interior has to be taken down and new parts put in to replace worn ones. After they are rebuilt they are as good as new and we can offer them at the same

Then there is the finish. Sometimes the pianos haven't even been scratched and all our finishers have to do is polish them but in some cases the varnish has checked and it is necessary to refinish the whole piano. This is another interesting operation and when the finishers are
