CHIRPINGS FOR MILADY
By "Chickens"

There is a tendency to avoid
elaborately trimmed frocks these
days, more touches of embroidery
being used ordinarily, or self-
facing trimming in some form.
A little frock for early fall seen
recently had a trimming of
puffed sections of the silk crepe
which they carry down each
shoulder on buckram so that they
held their shape and set together
to form insets in the skirt, sleeves
and bodice.

Something new in the millinery
line is what is known as the
Reynolds triple-crest hat of
straw. These run in large or
medium summer shapes in a variety
of fifteen colors, and have twists
of velvet in contrasting color
about the crown of the hat. The
twist or metallic cloth laid in
between the velvet awlays. These are
very popular in New York at present.

Fashion has decreed for some
time that skirts must be longer,

method or article made for this
purpose. It really is a necessity
needed by every housewife and
automobile owner, as it absorbs dust
and dirt as a magnet draws steel.

Black Flag, I have been told is
excellent for the extermination of
all kinds of bugs, mosquitoes, flies,
and other pests. It is especially
recommended as a death dealing
agent for cockroaches. It is non-
poisonous.

Do not go out without taking
along a lunch and a vacuum bottle
filled with tea, coffee or lemonade.
The Packard Drug Store are selling
Vacuum Bottles, glass jars for
\$1.50 and quart jars for \$2.00.

Saturday morning at The Weldon
Drug Store, there will be a Special
Sale on toilet paper—High
grade paper in 12 and 18 cent
packages.

Cham Fritters—Chop fine 2
dough, make a batter with a
sift of flour which has been
sifted, a level teaspoon baking powder,
add half a cup of sweet milk and
a cup of clam liquor, 2 eggs, beat
on high. Beat hard until it is a
smooth batter, then stir in the
clams, cook as you would dough-
nuts, slowly.

The gray kimono of today is
quite far Eastern in its bright
design. The wide wash, called by the
Orientals an "obi" and the trim-
ming bands about the body, either
across the front or of a
contrasting color.

Your Labor -- and The Bakers
Think of the labor which a loaf of bread represents, if you take it at home.
First you must be sure to have your flour, and yeast, and salt, and sugar, and hard. Then you must mix your ingredients, and knead your dough, and look to your fire, and watch your bread in the oven.
All this the baker does for you at a cost of only a few cents less than your materials, plus your labor represents.

## ADVERTISE IN THE NEWS

Nash Leads the World in Motor Car Values

It is not over-emphasizing the matter to say that the Nash as an investment can be viewed almost as a quick asset. As a new car, or as a car that has seen service, it is strongly in demand because of its own substantial worth and because of the soundness of the company that builds it and backs it.
