New Structure Will Be One

Active work on the construction

of the new Rubinow block at the

corner of Main and Maple streets

was started this morning when

brick masons and carpenters start-

ed the erection of the building. The

foundation walls have been com-

pleted for some time and now the

construction of the building will

proceed as fast as good work will

allow. Thomas Gorman has been

awarded the contract for the brick

work and the carpenter work will

be in charge of Charles Sannders.

The building will be one story in eight and will have a Main street

frontage of 47 feet and will extend

62 feet on Maple street. The build-

ing will be of brick and steel and

will be so constructed that addi-

tional stories can be added if occa-

sion demands same, Mr. Rubinow

said this morning that his building

dil be one of the best constructed

on Main street. It will have a very

pleasing front with plate glass and

limestone. An ornamental coping

rontage. There will be three stores

will extend across the Main street

ers block encroached on his land.

YOUR COAL PROBLEM IS SOLVED

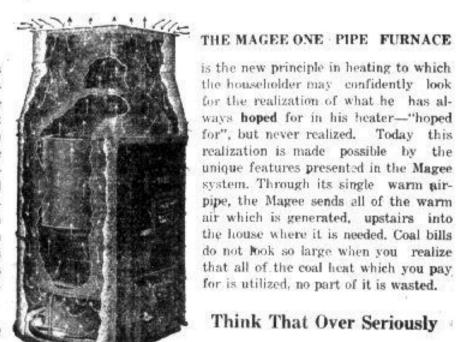

If you will let us install in your home a MAGEE ONE PIPE FURNACE

Burns Hard Coal, Soft Coal, Wood or Coke

MAGEE UNCEASING PROGRESS*

Although for more than 60 years Magee Furnaces have been acknowledged leaders in the heating world, the makers have not been content with past achievements. On the contrary each new discovery or development in the heating world that has been found feasible and practical—that has simplified construction and operation and increased economy in fuel consumption has promptly been incorporated in Magee Furnaces. As the latest in this steadily improving series the makers take great pride and pleasure in an-

One Pipe Warm Air Furnace

is the new principle in heating to which the householder may confidently look for the realization of what he has always hoped for in his heater-"hoped for", but never realized. Today this realization is made possible by the unique features presented in the Magee system. Through its single warm airpipe, the Magee sends all of the warm air which is generated, upstairs into

THE MAGEE ONE PIPE FURNACE

Fozzer, of Harvard university. thick and cloudy.

Think That Over Seriously

do not look so large when you realize

that all of the coal heat which you pay

for is utilized, no part of it is wasted.

We are prepared to give you prompt and efficient service in the installation of one of these furnaces. Now Is The Time To Buy. Prices range from \$150 for 17-inch fire pot, up to \$365 for 26-inch fire pot.

SOLD ON EASY TERMS

OUR MAGEE AND QUAKER RANGE CLUB

Now in full swing, if you have not joined yet, better do so at once as there is bound to be a grand rush as the cold weather approaches.

The advantage of joining this club is that you will be allowed 10 per cent off the regular price of the range you select, and at the same time gives you the privilege of paying for it in easy weekly or monthly payments. On any regular black range you pay \$3.00 Down and \$2.00 a week on balance. On any combination or porcelain range you pay \$5.00 down and \$3.00 a week on balance. You can have your range delivered whenever you say.

Cut out the coupon and present it at our store and it will be accepted as \$1.00 payment on any range you may se lect. Only one coupon to a customer.
