the coral have been discussed. The

The coasts of Algiers and Tunis in Africa have long been famous for their production of coral; but some years ago coral fishing on these coasts rapidly diminished, until it was abandoned. Now, however, this industry seems to be reviving in Algiers and it is expected that it will be resumed in Tunis. A systematic exploration of coral banks has been under way and the best methods of collecting

His father was Wells N. Risley and his mother was Lucy

many well known local citizens who discussed the subject at length Monday evening. The matter came up for discussion at the monthly meeting of the Chamber of Commerce held in the Recreation Building on School street. It was agreed that as this is to be Manchester's celebration, the proper channels to initiate the movement would be the town governmental agencies, including the annual town meeting and the board Making First Move.

OL. XXX NO. 52

The subject came up before the Chamber of Commerce through the report of the committee on public affairs, Monday evening. Frank Cheney, Jr., chairman of the committee, reported briefly on the subject and said that inasmuch as the town government initiate the move- the eighth generation of Richard white crepe de chine trimmed with ment.
