matter over until next Monday. This was the first tilt the newly elected board had after organization and was proceeding at a merry rate when Selectman Hyde made a motion that George H. Waddell be appointed clerk and bookkeeper for the ensuing year at the same salary as last year. Selectman Weldon seconded the motion and it was passed.

The meeting then adjourned until Monday, October 9th at 2 o'clock when appointments not completed at this meeting will be made by the board and other business will be transacted. The board will also meet in the evening which proved and the board will get busy on the year's work.

Selectmen Rogers suggested that all members of the board should confer with Engineer Bowen at all times regarding the different FOR CALIFORNIA matters that would come under the

Fire Prevention Week

Oct. 2 to Oct. 9

What are you going to do to prevent future fire losses? Do you know-That every year 15,000 people are burned to death.

That 17,000 people are injured or maimed by fire. In 1917 the Fire Cost per Capita was \$2.79 In 1921 the Fire Cost per Capita was

An Increase of 60 per cent in Four Years. During the five years ending with 1920 there were fire losses from the following causes: Matches, Smoking \$90,271,334.00 Electricity \$85,735,168.00

Stoves Furnaces, Pipes

Defective Flues and Chimneys \$61,975,186,00 A claim is paid for a fire loss every 90 seconds. The \$30,000,000 stock fire insurance policies now in force, if folded and placed on edge would reach from Hartford to Bolton, a distance of fourteen miles, or nearly three times the height of Mt. Everest, the high-

est peak in the world. The fire losses in the United States in one year would more than build a Panama Canal.

BE SURE AND DO THIS ONE THING FIRE PREVENTION WEEK: Check up your fire insurance policies with the value of your property, your stock of goods or furniture and BE SURE you have enough INSUK-ANCE put on at once.

STOP! and consider that every 90 seconds, even as you read this, someone's house is burning. Insurance is the only real safeguard. Get a policy that will protect you.

Robert J. Smith
