 A large number of answers to the  
 contest being conducted by  
 Hale's Self-Serve Grocery for the  
 best answers to the question,  
 "Why Does It Pay to Wait On  
 Yourself?" have been received to  
 date and persons who intend to  
 try for the three prizes offered  
 for the best answers are warned  
 that their papers must be in the  
 hands of the Contest Manager at  
 the Self-Serve by 9 o'clock tomor-  
 row night. The J. W. Hale Com-  
 pany has picked the following to  
 judge the answers and to award  
 the prizes: Miss Lola Goding,  
 teacher of Junior English at the

**WANTED**

 Hugh Croody of The Manchester  
 Evening Herald and Thomas J.  
 Quish of The South Manchester  
 News. The answers will be all  
 numbered so will the names sub-  
 mitted with each. No names will  
 be attached to the answers when  
 they are finally given over to the  
 judges. The judges will separately  
 read each individual paper, and  
 make comments. A meeting of the  
 judges will then be called and  
 their comments on the answers  
 will be compiled. In this way it  
 is thought that fair judgment can  
 be passed on the relative merits of  
 each answer.  
 The names of the prize winners  
 will be published in both the local  
 papers one week from today with  
 the winning answers.

The Boston Business Women's  
 Club held a fashion show at the  
 Hotel Victoria Wednesday evening.  
 The exhibitors, manufacturers and  
 most of the audience were well-  
 known Boston business women.

Don't forget to get one of those  
 woolly warm sweaters at George  
 W. Spaulding's pair of the new  
 wool knitted "sweater" for women.  
 They are made by your auto trip  
 without cost. Sweaters are \$4.98  
 to \$8.50. Given \$1.00 and \$2.50  
 all colors. They surely are  
 pretty.

Hand weaving is a popular in-  
 dustry among the women of the  
 town. Many have small looms and  
 are making up materials for fur-  
 nishing and household purposes to  
 the designs of the designers. One  
 woman is making a comfortable in-  
 come from hand-weaving, her chief  
 work being in weaving curtains  
 and hangings to match Persian and  
 other carpets.

If you wish to save on your coal  
 bill these first chilly days, you can  
 by buying one of the Hot-Quick  
 electric heaters for \$6.25 at The  
 Manchester Plumbing & Supply  
 Company. These are about a foot  
 high and you set them on the  
 floor, plug in the cord. They heat  
 a room very quickly and economi-  
 cally.

Headbands are very popular in  
 Paris at the present moment. These  
 bands are very wide and quite or-  
 nate in effect. This is quite neces-  
 sary for the reason that the over-  
 deep, some narrow, some trimmed  
 with fine lace, others of tulle or  
 net—just the touch needed for the  
 latest in New York's collars. Some  
 of these bands are \$1.00, \$1.50  
 and \$1.75.

Velvet and brocade combinations  
 are again in vogue. The  
 Military line and many novelty  
 metallic fabrics are in use. Also  
 many black laces, in drapes and in  
 velvet supply interesting trim. Fur  
 trims are being shown as well,  
 and many of these are in combina-  
 tion with divinity. For instance, dave-  
 type skins are several of which  
 are shown.

Anyone suffering with rheuma-  
 tism, neuralgia, sciatica, or other  
 afflictions, will find relief and  
 benefit by the electric Violet Ray  
 treatments which Charles Colletta,  
 34 Oak street is giving. By mak-  
 ing an appointment with Mr. Co-  
 letta's arrangements can be made  
 for home treatments if you so de-  
 sire. The electricity seems to dry  
 out the rheumatic poisoning.

Velvet is used for all occasions,  
 velvet jackets and coats for the  
 street trimmed with fur, velvet  
 hats to match, velvet indoor gowns  
 in the afternoon, and velvet  
 costumes for afternoon wear, while  
 for evening the most brilliant  
 shades of ruby and jade are used,  
 as well as softer effects in white,  
 pale pink, amethyst and cyclamen.

Antonio Guastini of 24 Oak  
 street is fine repairing on  
 "last" shoes. Also, you will be well  
 satisfied with his work on heels,  
 hand-sewed soles, rubber heels, etc.  
 His prices are extremely reason-  
 able and it pays to economize by  
 keeping your old shoes in repair.

A novelty is shown in old-  
 fashioned bracelets made on silk  
 position bands with plastic  
 carved motifs or colored galahis  
 and pearl rims. Elastic bracelets  
 of colored galahis are shown in  
 new designs and there are even  
 strings of beads to match these.

When in need of eyeglasses and  
 spectacles, or for a thorough, sci-  
 entific examination of your eyes,  
 properly fitted glasses, see Walter  
 Oliver, Optometrist, 915 Main  
 street—telephone 39-3.

At present, the biggest seller in the  
 fall line is the long black glove.  
 Twelve and eight-button lengths  
 are well liked, but the 16-button  
 black glove is also popular. Light  
 shades of brown and tan, and pearl  
 gray will probably be the colors  
 favored next season.

Furs are supreme—yet quite  
 moderate in cost, considering the  
 long service they give. Walkers  
 Specialty Shop has the new check-  
 er in Black, Squirrel and Fox.  
 They add a finished touch to the  
 Fall suit and are selling fast, so  
 you had better make your selection  
 early.

# If You Study This Map of GREENACRES

**YOU WILL realize the enormous amount of work and expense that has been expended during the past fifteen (15) months in planning grading, filling, laying sidewalks, water mains, sewers and building the twenty - one BETTER BUILT HOUSES—so as to make Greenacres the best development ever attempted by anyone in Manchester. Whether we have succeeded or so doing—we are willing to leave in the hands of the critics. However, an experience of nearly twenty (20) years convinces us that Greenacres owing to its wonderful location near all that is desirable and essential for clean, healthful, happy homes—is the one spot in Town you ought to consider for a home or investment. Many more new houses are to be built during the Winter, and if you wait until the Spring before choosing your lot you may be too late.**

**Be convinced that you cannot place your Savings in a safer place than Greenacres, or in a place more fruitful as regards future profit.**

**LOTS SOLD ON EASY TERMS FROM \$400 UPWARDS**

**A few wonderful locations for single houses on East Center Street are still available.**

DID YOU EVER STOP TO THINK

THAT more towns die for want of public spirit than for any

other reason.

THAT the advertising columns of your newspapers are serving

constantly to bring the thrifty buyers as to where to buy

best.

THAT the spirit of "We Can and We Will" of your citizens is

what has made your town what it is today.

THAT if this spirit of boasting is nourished by men of vision

and who have the will to bring these visions into the realm

of the material, your present greatness is simply a prelude

of what is to come.

THAT if this spirit is lost, your present greatness will fade

away.

THAT in some towns many town knockers are taking together

too much "law exercises."

THAT there is no better advertisement for a town than pro-

gressive newspapers.

THAT the more advertising they carry, the bet-

ter impression they make upon the outside world. Seen any-

where, they give the impression that they represent live, up-to-

date communities, and such communities are good ones in

which to live.

THAT some men have their vision obscured by the darkness

cast by their own shadows. Nothing qualifies them because

they are unable to please themselves.

MARKET GLEANINGS

(Furnished by Putnam & Co.)

October 20, 1922.

The past week's market has

been in good volume, with wide

fluctuations in values. Standard

oil stocks, in which there has been

very heavy trading, have deducted

stock dividends in varying amounts

and then promptly declined in

price, without exception.

Wednesday Mexican Petroleum,

on rumors of a stock distribution,

went up 20 points. Pan Amer-

ican followed suit. Rumor calls

for a Mexican Petroleum stock dis-

tribution and then an exchange for

Pan American stock on some basis

not yet forecast. Would rather trade

in the Pan American stock than

in Mexican Petroleum. Money

continues at 6 per cent for call,

due to seasonal demand. Southern

oil stocks are steady. The

1. C. C. to retain the Central Pa-

cific, which was recently ordered

separated, in line with the new

policy of combining roads in cer-

tain sections. Vacuum Oil has

declared a 300 per cent stock di-

vidend and a charge to \$25 per

share. National Biscuit is also to charge

\$25 per share to give 75 per cent

in new stock. Ford has announced a

\$50 cut on all classes of cars, ef-

fective last night. We understand

that the market price down to

additional values, but undoubtedly

to increase the demand for the

stock and give a better market by

bringing the market price down to

more popular level. Northern Pa-

cific is expected to earn just about

its 5 per cent dividend in 1922. We

hear rumors that the market price

is something doing in New Haven.

May be the sale of its trolley prop-

erties is nearer at hand than

some think for.

We want to call your attention

again to Texas Gas. This is a high

grade proposition with speculation

possibilities. Their sulphur prod-

uction is expanding and stockhold-

ers might get a participation some

day. For a long pull when the

yield is not covered the new 250

per cent stock might be a good

investment. The market price is

at present figures. Substaker may

well declare another extra in ad-

dition to the regular \$2.50 at quar-

terly dividend meeting this month.

Goodyear has had a fine year and

an increase in dividend rate

next year at the latest is to be ex-

pected.

We see no reason to expect an

end of the bullish enthusiasm at

present and believe that the mar-

ket on a whole is in good shape,

subject to minor reactions, for still

higher prices.

## BALL PLAYERS RAN WILD AGAIN AFTER LEAGUE SEASON CLOSED

Both St. Louis Teams Represented in Barnstorming Troupes Around Country—Ty Cobb's Gang Also Followed Suit.

A bright baseball writer for one of the leading big Metropolitan papers wrote shortly before the major league baseball season drew to a close, "Every year the St. Louis teams fight hard to win the championship of the National and American leagues and then stand up and fight each other for the championship of St. Louis."

This year representatives of both St. Louis teams, representing the National and American leagues, are expected to be seen in the city, but instead lead troupes of barnstormers around the country to clean up a little change among the hicks. The season is fast nearly all the big leagues who were not engaged in the Giants-Yankees franchise lock into their heads to go to the barnstorming and reports concerning the games differ greatly.

One of the penalties of not winning any championships is that we must suffer seeing—or reading about—our erstwhile baseball heroes cheating themselves in barnstorming stunts. There is some talk of a curb on players who get into a World's Series, though the hars have been lifted a bit even for them, but when it comes to players not on championship teams, they can go the limit—and hereabouts we have had them going it and then, some. And players of the Braves and Cardinals are not the worst offenders, by any means.

For instance last week a team made up mostly of players from the Detroit Tigers playing a series against a local negro team and getting the wily knocked out of them. One marvels that a Southern error the Ty Cobb would permit that he had the power. According to one account notorious gamblers, barred from major league ball parks, sat above the players benches in these Detroit negro games and helped direct play. That may be putting it a little strong, but it fits with the reports circulated.

Rogers Hornsby is leading a team of barnstormers up in Michigan; George Sideris is starting with a team in New England; a team of Cincinnati players has been playing a series with a team over in Illinois that harbors at least one unidentifiable player and others charged as "voluntary retired"; who make themselves indigestible when they play ball as an occupation.

Unless Commissioner Landis makes more on the job than he appears to be, however, the players in all these barnstorming operations are running more risk of suspension and fine. One youngster who had a fine prospect of reaching into the big game against a team of negroes and now is in an Illinois hospital. With the regular big league season closed, however, ball games have been so plentiful that one runs across them wherever there is an enclosed park, signs an admission can be charged. The home of the Browns and Cardinals, however, has been closed to them this fall, it seems, after the criticism caused last year when the park was leased to the Cardinals and a clip of negroes.

One local series against which no complaint has been registered have been the inter-city amateur finals in which ambitious youths from municipal play groups teams of St. Louis, Memphis, Omaha and so forth have contested. These games have furnished some lively sport, with no objectionable features, and the scouts for clubs in Orangeville baseball have watched them with close attention, seeking possible talent.

## S. M. H. S. BASKETBALL SQUAD REPORTS FOR TRAINING

Strenuous Schedule Being Prepared for Local Students—30 Men Out for Places on First and Second Teams.

The South Manchester High School basketball team has reported to Coach W. J. Clarke for practice and 30 men comprise the squad that is working out for the five places on the first team and four as substitutes and second team positions. The candidates were all given a grilling practice which was completed by a five lap around the running track to strengthen their wind. The season will open on December 9 but to date no team has been secured to play against the locals on that date. The schedule this year is to be a stiff one but as there are quite a few of the last year's team that took part in the Tufts College elimination series it seems as if the local students should make a good showing again this year.

William H. Johnston was again chosen to head the board of police commissioners at a meeting held on last Tuesday night. H. A. Nettleton was again secretary of the board. Albert T. De-way who was recently named to the commission by the board of selection is the third member of the board. Following the organization of the board a number of different matters were taken up and discussed more or less informally.

JOHNSTON CHOSEN HEAD OF POLICE COM. James H. Johnston was again chosen to head the board of police commissioners at a meeting held on last Tuesday night. H. A. Nettleton was again secretary of the board. Albert T. De-way who was recently named to the commission by the board of selection is the third member of the board. BEE KEEPERS TOMORROW There will be an important meeting of the Manchester Beekeepers Club tomorrow afternoon at 2:30 p.m. at the residence of Arthur Schellenger on School street, Durandham on the present condition of the hive and plans for wintering the bees. The next fall has been a poor one for the bees and in order to keep up their strength for making honey during the "coming" month it may be necessary to give them sugar for feeding purposes.

## THE FIRESIDE LEAGUE

The veteran Dan Howley, who a few seasons ago managed the Hartford team and who for the past two years has been Ty Cobb's right hand man as assistant manager and coach of the pitchers with the Detroit Tigers, is to go back on his own again next season, taking over the management of the Toronto club in the International Association. Howley is the only man in a number of years who ever put a Hartford team on the field that was worthy of note.

Herman Bronkie, the South Manchester man who was with the St. Louis Browns during the past year has returned to his home in Ellington after a barnstorming trip with George Sideris' All Stars. Bronkie is running for representative to the state legislature on the Democratic ticket of next winter.

The major league season of 1922 now passed into memory and record is remarkable only for the hard fighting both New York teams were compelled to put up to win out, despite ante-season predictions of a walk-over for both. This would not have been so had not Fred Toney shown that they were on the decline together with the disqualification of "Shuffler" Paul Douglas making necessary a trade with the Boston Braves for McQuillan.

FOR MIDDLE TWPKE Aceto-Smith Co. Constructing 1,300 Linear Feet of Improvements on North Boundary of Greenacres—Holt to Pay Full Costs of Walks.

A decided improvement on Middle turnpike east is being brought to a finish in the construction by Aceto & Smith of 1300 linear feet of concrete sidewalks and cutting lines of the Greenacres tract of Edward J. Holt. Mr. Holt is assuming the entire cost of construction. The town will do the grading but outside of that there will be no expense to the town. When this is completed it will mean that every street on Greenacres will be equipped with concrete walks. Work is being pushed on a number of residences in the Greenacres section regardless of the coming on of the winter season. A cellar is being dug on Benton street for Louis Cowles of Center street who is planning to build a home there.

NEW MAIN ST. SEWER LINE Will Have Many Laterals In conjunction with the Main street improvement preliminary work there is being constructed from the Center to the terminus, new sewer main to replace the one that has served this section for years and the South Manchester Sanitary & Sewer District plans to have laterals attached to the main at every 25 feet to provide for future connections that may have to be made with adjoining buildings. The district is looking far into the future is shown by the fact that laterals are being constructed even on both sides of the street. That the district is looking far into the future is shown by the fact that laterals are being constructed even on both sides of the street.
