Nothing but the Popularity of Hale's Self-Serve Grocery could have prompted such enthusiastic stories.

ST Saturday evening at 9 o'clock when the contest closed we had received hundreds of stories in answer to the question "why does it pay to wait on yourself?" We expected some interesting stories, of course, but nothing like what we found when the letters were opened and read by the judges. They were the final stamp of approval of Hale's Self-Serve Grocery and nothing but the popularity of Self-Serve could have prompted such enthu-

siastic stories.

Man comes to Nature's aid

N the beginning Nature formed the human foot to do its own work unaided and alone - gave it its own springing arch and supporting muscles:

But Nature gave no thought to the harsh, unyielding pavements of today, nor yet, to human caprice which for generations has twisted and warped the foot to please its own whims.

Result: Millions of feet are in urgent need of archsupporting shoes: and even unspoiled feet are

So man comes to Nature's aid with the Grover Foot Arch Shoe. The shoe with the springing steel shank and graceful lines which allow untrammeled action to muscle and ligament and follow closely Dame Fashion's demands.

der the laws of the State of Connecticut, is building a structure at the corner of Main and Eldridge streets, South Manchester, which is to be the foundation of a sound, conservative money making enterprise which should and will interest the careful investor.

Within the corporation is an architect, our own masons, carpenters, heating engineers and in fact an organization ready to go out and do all the work necessary for the construction of a small or large building. Herein we are in a position to save the prospective builder a considerable sum of money and at the same time make a fair profit for the corpora-

We are capitalized at \$50,000, par value of stock \$10 per share. This stock can be bought at par at present, giving the investor a chance to get in before a raise in the price of stock is made. All stock sold will be amply covered by construction work now in progress or contemplated and the proposition is one which will merit the closest investigationwhich we welcome.
