VOTE DEMOCRATIC And Restore Prosperity

Thomas J. Spellacy Democratic Candidate for U. S. Senator

Thomas J. Spellacy, when Elected to the Senate, Will Work for the Best Interests of All the People of Connecticut. Senator McLean voted for the Fordney-Mc-Cumber Tariff, which Will Add Billions to the Cost of Living. Senator McLean Surrendered on the Sugar and Wool Schedules and Refuses to Explain his Tariff Actions when Questioned by Mr. Spellacy. THIS IS NOW A CAMPAIGN BETWEEN DECENCY AND INDECENCY. What is Your Choice?

David E. Fitzgerald Democratic Candidate for Governor

Mayor David E. Fitzgerald of New Haven is the Democratic Nominee for Governor as is Acutely Apparent to the Republican Managers. The Republican Nominee is less known. Roraback Started Something when He mentioned New Haven Taxes. Fitzgerald Shows the City has Grown Faster than the Indebtedness and also that the State's taxes and Indebtedness have increased much faster than Connecticut has Grown.

The Republicans Have Failed

—to keep their promise to reduce internal tax es.

-to effect either a practical or a sensible revision of the tariff.

-to reduce rents, fuel and the high cost of living.

The Republicans Did Not Reduce Taxes

Republican leaders of 1920 promised to reduce taxes and readjust them to a peace basis when they came into full power. They failed to keep this promise as they have practically failed to keep every other promise made in that campaign. Best manner of proving point is to look at your own individual case in the RE DUCTION OF EXPENSES.

A Vote For The Democratic Ticket Is A Vote For Your Own Interest

WHY YOU SHOULD Vote Republican

1. Because under a Republican Administration we are getting back to normal; because unemployment, autocracy, waste and extravagance have been supplanted by "work for the workingman," economy in government, a lifting of taxation burdens, and injection of business into government administration.

2. Because a Republican protective tariff will continue to assure America's workingman a steady pay envelope; it will protect American wages and American factories from ruinous foreign competition, and cheap foreign labor.

3. Because the Republican Party stands for American protection and steady employment, while the Democratic Party stames for cheep foreign goods, possibly a reduction of a few cents in living costs, but without con-

4. Because George P. McLean and your Republican congressman fought long and unflinchingly for the protection of Connecticut factories and the men employed in them, and for the farmers. Here is what the New York Tribune says:

5. Because congressional seniority rules prevent a new senator or congressman from having the influence to do things for Connecticut now possessed by Senator McLean and your congressman, because of their previous service. Also because the South controls the vote of a Democratic New England senator or congressman on account of the Democratic caucus rules, and Connecticut's interests have always received scant consideration from Southern Democrats.

6. Because Charles A. Templeton and the Republican State Ticket will continue the same "pay as you go" policies in conducting the affairs of Connecticut, without increasing direct taxation upon the people of the State, as the Democratic candidate for governor has increased them in the state's largest city, which is the only available example of his ability to

7. Because the entire Republican ticket is not loudly issuing campaign promises, for the reason that the men on the ticket have done things for Connecticut, and are men whom you know will continue to do things in

The Democratic candidate for United States Senator couldn't keep his promises if he desired to and he knows it; his sole object is to get votes by promising anything, and by appropriating

sideration of the American's job or pay envelope. "It is doubtful if any state discovered its industries so carefully protected as Connecticut."

DEMOCRATIC PROMISES ARE CHEAP

Republican issues to suit his purpose.

The Democratic candidate for Governor has run the largest city in the state into a mire of indebtedness, has allowed thousands of dollars to remain uncollected, both in personal and property taxes; (for political reasons?) and has had to pad his estimates each year to keep his tax rate from soaring to skies; all the time adding to the city's indebtedness which people of the city must ultimately pay. The full treasury of the state looks good to him!

AT REC. SWIMMING POOL TOMORROW EVE

He was frail; he made himself a tower of strength. He was timed; he made himself a lion of courage. He was a dreamer; he became one of the great doers of all time.

Men put their trust in him; women found a champion in him; women found a champion in him; but kings stood in awe of him, but the gest of bettle. Wherever he hill have made him toward the light.

His heart was true his body and spirit defiant of obstables ready to meet what might come ture, bleak spaces and hardy commen found a champion in him; we man he arrived his own pack; and him toward the light.

He was frail; he made himself a lion of courage. He fought injustice and tyfanny, here sorrow gallantly; loved all nature, bleak spaces and hardy commendation in him; we man found a champion in him; we wan the carried his own pack; and him toward the light.

We Operate Eleven Stores

The New Superior Chevrolet Models Have Arrived

A glance at this photographic repro duction of the SUPERIOR Touring Car shows why it stands in a quality class of its own—incomparable. More than ever before the Chevrolet Motor Company has again emphasized its admitted leadership as producers of the world's lowest priced quality automo-

PRICES REMAIN THE SAME IN SPITE of added equipment and more ex-

pensive construction which have materially increased the average values.

DISTINCTIVE FEATURES

LOW COST OF OPERATION, Chevrolet leads among all automobiles in gasoline mileage.

Oil consumption is so low as to surprise all new owners who have driven any other car.

Tire mileage is unsurpassed.

DRIVING COMFORT. All models are comfortably upholstered, have double ventilating windshields. (Ternstedt regulated windows on all closed cars); motors that are properly cool-

CURTAINS OPEN WITH DOORS. This modern convenience applies to all open models.

VACUUM FEED on all models, with tank in rear.

DEMOUNTABLE RIMS. It is a sim-

IMPROVED DESIGN. With the new high hood, crowned panelled fenders, sloping windshield, plate glass win-dows, large radiator and drum type headlights, stream lines and fine finish Chevrolet takes its place among the best class of artistic cars, an can and will be a source of pride to every owner.

FISHER BODIES. All our closed cars have Fisher Bodies, known to be the highest type of construction and standard on the best grade of closed cars even those selling at the highest prices. A study of the specifications and examination of whatever model meets your requirements will disclose numerous quality features not here mentioned for lack of space.

By all means, you owe it to yourself to know the Chevrolet before buying any car at any price. Call and see these cars at our show rooms to realize THEIR INCOMPAR-ABLE VALUE.
