HAROLD C. ALVORD

The treasurer of the Manches er Trust Company, Harold C. Alvord, was born at Manchester Green some 30 years ago and is the son of Mr. and Mrs. John A. Alvord. He attended the little old school house at the Green, which has recently been displaced by a new and fine structure. He learned his three R's and other elementary subjects there and then entered the South Manchester Grammar Schools and ultimately the South Manchester High School with the class of 1908. He left high school in his sophomore year o enter the employ of the Manhester Trust Company. He has grown up with that institution un-

Safeguarding

Your Estate

Accurate Accounting

R. M., a successful business man, was appointed to act as ex-ecutor and trustee of a friend's estate. The estate was a large one and needed expert attention and care, in order to produce the maximum returns for the beneficiaries. Mr. M.'s entire attention was needed in the conduct of his own business and he was able to give only a few hours a week to the management of the

In time the affairs of the estate became involved. Mr. M. final ly applied to the court to appoint a trust company, as administrator, which would have the facilities for keeping accurate records and which could attend to all the details involved in the settlement of the estate as a part of its regular business.

Your affairs left in the care of this company will not only receive eful and efficient management, but will be safeguarded, through the backbone of estate management.

We will gladly send you, free, a bookiet entitled" Safeguarding Your Family's Puture," which explains the many services ren-dered by this company in connection with managing estates.
