BIG LOSS BY FIRE

How often have you seen this headline in the newspapers? How often have you thought that sometime you might be the unlucky one or lucky one to have a fire?

In all seriousness give this matter a few moments thought now—right now—are you fully protected? Do you know why try to save a few pennies on insurance and take a chance to lose several hundred or thousands of dollars.

This is good sound advice and we ask you to give it some consideration. ROBERT J. SMITH 1009 MAIN STREET
