NASH

New Touring Model

Just Arrived! We've just received a shipment of the new Nash Four touring model. It embodies a number of important improvements in both performance and construction. New Nash engineering developments have given it a smoothness, a quietness, and a flexibility that rank its action with that of a high-priced car with more than four cylinders. Come in right away to see it.

FOURS and SIXES

The functual service will be held tomorrow afternoon at 1:30 o'clock from her ate home and services will be held at the Zion Evangelical Lutheran church on Cooper street, with the postor, Rev. H. F. R. Stecholz,

the petitioners at so.

date to be set later.

The story back of the petition is en interesting one. On November 7, 1922, Patrick Heffron appeared before the building inspector to build a frame building 20 feet by 30 feet in dimensions, to be built of native tumber at a cost not to exceed \$1,000. On December 13, 1922, Mr. Hannon again came to the building inspector, Edward Elliott Jr. and asked to have his permit changed so that he could erect a one-story building of concrete blocks, 26 feet by 48 feet in dimensions at a cost not to exceed \$3,000. Mr. Hannon of course was build his structure on the line, which is "
