FIRE LADDIES COMPLETE THEIR SPEAKERS' LIST

Many Notables Among State Fire Fighters to Be Present in Cheney Hall, March 24.

The committee in charge of the coming firemen's banquet to be held in Cheney Hall, March 24, has completed its list of speakers and the following well known fire chiefs and men interested in fire department work have been secured: Chief John Moran, of the Hartford Fire Department; Assistant Chief Ernest Averill, of Branford; Captain George Carter, of Hadham; Captain W. E. Nolan, of the Hartford department; George P. Milne of Rockville, the president of the State Firemen's Association; S. E. Snagg, of Watbury; and D. W. Harford, of South Norwalk, secretary of the State Firemen's Association.

Three Local Bills Slated For Conference at Capitol

Cities and Boroughs Committee Gives Attention to School District Boundary Lines, Park Commission and 8th District Charter This Afternoon.

A hearing will be held before the Cities and Boroughs committee at the State Capitol on Representative Robert J. Smith's bill to change the district boundary lines between the Ninth and Second School Districts. This matter was initiated by Edward J. Holl in a petition before the superior court at Hartford last November when through his attorney Judge William S. Hyde he asked that the present building line be changed because of the fact that some of the residences in Green Acres are at present located part in one district and part in the other. In the opinion of the voters of the second district, Mr. Holl's original change would have taken away from the Manchester Green District some very valuable property so a meeting was held last December by the voters of that district and it was voted to fight such a change. Another meeting was held later with Mr. Holl and his attorney when the taxpayers asked Mr. Holl to change his plans somewhat. This Mr. Holl agreed to do and a new boundary line was settled upon to run as follows: from East Center street down Benton street to Durkin street, on Durkin street to Branford street and thence north to Middle turnpike. As there is no opposition to the change excepted the hearing today will result in the change being approved by the committee on Cities and Boroughs and afterwards by the state legislature.

WILL PLACE TOWN'S NAME ON POLICE CAR

Commissioners Order Change as Result of Demand That Car Be Easily Identified.

Among the many changes contemplated by the board of police commissioners is the proposed painting of the name of the town and police department on the Nash automobile now owned by the department. This action was taken because more or less criticism has been expressed by a number of citizens in regard to the car lately. It is thought that by painting the name of the town on the car that it can always be identified as town property and that the taxpayers who feel that they should know what returns they are getting for their money will be satisfied.

On the other hand, there are a number of persons in town who feel that the car should not be marked in any way to identify it with the police department or the town.

MANY LOCAL PERSONS OPPOSE PRESENT VACCINATION LAWS

JUST A LITTLE VACATION!

A group of ex-service men in the Army and Navy but last night were warmly discussing the hearing held this week before the legislative Military Affairs committee on the law to grant Connecticut ex-service men a state bonus. One of the speakers before the committee had said that the boys should not get a bonus because the disabled vets were being well taken care of, as far as he could see, and those who had gone to camp in this country had enjoyed a few weeks' vacation at the expense of the government.

One well known ex-service man upon being told what this particular speaker had said delivered himself of the following:

"Vacation, huh? Well, I was in the service about three months and nine weeks of that time I was suffering with the flu and pneumonia. Now, if that old bird calls such a life as that a vacation he should have his head examined!"

EIGHTEEN LOCAL PERSONS VOTE AGAINST COMPULSORY TREATMENT AT HEARING IN CAPITOL

YESTERDAY—DR. MOORE AND FIVE OTHER MANCHESTER RESIDENTS FAVOR PRESENT STATUTE

By a ratio of about three to one, the Manchester residents who attended the vaccination-law hearing at the state capitol yesterday expressed themselves as opposed to compulsory vaccination of school children. The hearing was held in the house of representatives before the legislative committee on public health and safety. Among the doctors who spoke in favor of compulsory vaccination was Dr. D. C. Y. Moore, of South Manchester, who said that in fourteen years there had only been two cases of small pox in this town and both of these had been imported. Compulsory vaccination was ordered among school children here, he continued, and no deaths nor harmful effects had resulted. When the votes were counted at the end of the hearing, Dr. Moore, Mr. and Mrs. Henry Westwood, Mrs. Edward Johnson and Mrs. William Crawford voted in favor of not changing the present law, while about eighteen other Manchester people who were interested in the hearing voted to have the law changed.

Who's Who

MAJOR HARRY B. BISSELL

Harry B. Bissell was born in South Manchester, the son of Captain and Mrs. Charles Bissell. He attended the Ninth District School and was graduated from the grammar schools. He entered the engineering profession of Cheney Brothers upon leaving school and was employed by this firm continuously up to the time he left for the war with Germany in 1917. He was commissioned a major in the 102d Infantry in 1918 when he was appointed second lieutenant. In May 1918 he was elected captain of the company and succeeded Captain Philip Cheney as commanding officer of the 102d Infantry in the second battalion of the 102d Regiment. He served in this capacity through the battles of Chateau Thierry and St. Mihiel. It was during the first few days of the Meuse-Argonne offensive that he was finally promoted to be major. After the Armistice, he went into the Army of Occupation serving as company commander in the Eight Division. He resigned his commission in September 1919 to accept a position on the Inter-Ally Rhineland Commission. He left Germany in November, 1921 and arrived home here in December, 1922. Since returning he has entered the insurance business and last January was appointed assistant quartermaster general with the rank of colonel, by Governor Charles A. Templeton.

He stands as the highest type of Manchester's citizen-soldiers who have fought the good fight and is ready to fight again if the Nation should ever call.

LOCAL LADIES TO HELP IN ARMY-NAVY BAZAAR

Big Affair Slated for Next Month to Be Best Ever, Vets Say—Kemp Donates Piano for Week.

The young ladies who are to assist the Army & Navy Club in the big five night bazaar which is slated for April 10-14, 1923 held a meeting last Wednesday evening in the club headquarters and organized into different committees for the affair. Miss Marie E. Tryon, Mrs. James Powers and Miss Mildred Morrison were appointed to select the grand prizes which will be given away on the last night of the bazaar. Other young ladies present who were designated to work on the different booths were as follows: Signe Johnson, Hilda Johnson, Florence Sheeky, Maudie Robb, Mae Boyte and Mrs. Ethel Holland.

Samuel Kemp Jr., proprietor of Kemp's Music House has kindly donated a piano to be used during the week of the bazaar and the members of the Army & Navy Club wish to publicly express their appreciation of his offer. Other donations that have been made to the club will be made public later.

The entertainment committee is lining up some good vaudeville acts to be staged during the big week and the people who attend will be given a real treat this year, the committee says.

From now on all the talk at the club will be about the big bazaar and what it is hoped to accomplish. It will furnish the chief revenue upon which the club depends for the maintenance and furnishing of the club rooms. Every member of the club is behind the project heart and soul and they deserve every bit of help that the townspeople can give them.

An orator ought to be a man of his word.

SELECTMEN ORDER WALKS FOR STRICKLAND STREET

STARKWEATHER STREET PETITION TABLED HOWEVER—JOHN PROCTOR ASKS BOARD TO REDUCE ASSESSMENT ON FARM LAND.

Property owners and residents of Starkweather street appeared in large numbers at last Tuesday evening's monthly meeting of the board of selectmen when the hearing on a petition for walks and curbs on that street was held by the board. There were but three residents of the street opposed to the building of walks and curbs and they gave as their reasons that the matter should be left for another year at least. They were Fred W. Starkweather, Arthur J. Starkweather and Mrs. Carrie Wilson. All the other property owners who attended the meeting expressed themselves in favor of the work being taken up this year. At the business meeting which followed the hearing the board voted to lay the matter on the table. A number of property owners on Strickland street had also petitioned the board for walks and curbs on that street and as no one appeared in opposition the board voted that a four foot walk and curb be laid on the street. This matter will be brought to the attention of the highway department so that Strickland street can be figured in the list of streets already approved by the board and upon which work will be started during the coming spring and summer.

Looking Backward
Local News Taken From The News Twenty-Five Years Ago.

Why is it that the great number of women who are so much in evidence around the polling place at the annual town elections in the town of Manchester never follow up their apparent interest in town affairs by attending not only the annual town meeting but every town meeting during the year?

Why is it that a very small percentage of the men voters of the town take enough interest in town affairs to attend these same meetings, also?

Why is it that every question brought up at the annual town meeting is met with a shrug of the shoulders and a complete new set of officers is swept into power by the town meeting?

Why is it that the voters of the town do not seem to care who is elected to office, but only seem to care that the officers are new?
