# Silk Sox Ready for 1923 Baseball Season

**Forsythe Tap & Dye Team of New Haven Scheduled to Meet Locals Sun.**

**Shields' Outfit Looks Like Best Collection of Athletes Gathered Together Here in Many Seasons—Bill Patton to Start On Monday.**

**They Will Line Up Next Sunday Forsythe Tap & Dye, Dyer, 2b; Weller, 3b; Williams, 1b; Sippes, cf; Johnson, lf; Hallbeck, lf; Gallegos, 2b; Ziehl, 1b; Lomax, c; Patton, p; Johnson, sub; Umpires, Leahy and McCarthy; Game called at 3:30 Daylight.**

**Well, the good old baseball season will open up next Sunday on the diamond. The Silk Sox will be trotted out against the Forsythe Tap & Dye team for the first game of the season. The baseball season ever opened on these famous grounds.**

**For the past two weeks Manager Shields has been picking up the loose ends connected with the silk team and has gathered the players together, pitched his outfit and chaptered off for field practice and is sitting in the world just now waiting for the opening gun to boom into being the baseball season of 1923.**

**Looking over the deep sheets as given by the informants set forth below the faithful may learn that the Silk Sox team has been strengthened considerably since the last time they were in the local line-up and is ready to take the field again.**

**According to the latest news, however, the New Haven team trimmings the Tap & Dye bunch in a score of 10-2. The Silk Sox team, however, did not play baseball or even checkers, considering the "vibe" wind that was blowing at that juncture. However, according to Thorntons' outfit, better to have the silk team than the leather to the line-up, so here goes:**

**First of all comes Blinde Billy Dwyer. Formerly an East Hartford High and College graduate, he has been professional around these parts for the past six years. He was a star player for the New Haven team and last year he started out as coach and captain, but was unable to withstand the ill effects of an operation. He battled 284 last season and is still playing baseball for the silk team.**

**Mike Gandy, a former Bassett League comes next on the list. He has been a coach and player employed as a foreman in one of the shops in the town. Last year he was with the New Haven team and a former New York player. A good fielder and dangerous baserunner, Gandy is rated as a second baseman.**

**Tommy Sippes, who is a favorite around the diamond and is placed as cleanup man on the bassett team, has been with three seasons with Manchester and was in the Canadian League for a while. Now he is back again, however, to play again with the silk team.**

**Tommy Sippes, who led last year's team with the willow hit, has been called in to step up and off he bat. Back in center field again goes Tommy and, believe it or not, he is ground in the same place. He still has his eye on him, according to his coach, and is trying to prove down to his friends look for another big year.**

**Little Sammy Kotch, who bat- tled 251 last season with the Silk Sox, has been picked up by the Maze of Glory at Clifton fielding two catches that made the silk team a winner and take advice will again be out in the automobile section of the diamond. Kotch is a boy above all other things, and, on the part of the silk team, he is a long fast want. In past years many of the Silk Sox coaches were either English or German, who couldn't speak English. At least they never proved that their coaching was about as noisy as a whale's whisper, in a brass band, or as dry as a "smoke" and have a little steam.**

**According to the latest news, introducing the silk team, they might well rise and uncover some new stars. They play "You Can't Keep a Good Man Down" and the silk team is still extremely popular. The silk team, in introducing the new season, has given an extra measure to call attention to the old boy is still a star. We'll see what happens to the old boy in the fall of ball. Caliente, in presenting a picture, has usually managed to present a picture of a healthy, happy, smiling person. It is now happy as when taking a hefty puff of any cigar. His words "D's more pecunious accumulations look like a bag of peanuts."**
