### AN EXPOSITION OF FINE UPHOLSTERED FURNITURE IN SOUTH MANCHESTER

May 18 to 28

2 Solid Carloads of Upholstered Pieces Made Up With Particular Care For Floor Samples by the Jamestown Lounge Company. On Sale at Watkins Brothers, Inc., on Friday, May 18th.

'N Mr. Watkins was at the Semi-Annual Furniture Exhibition in Grand Rapids last January he bought a number of the samples of the Jamestown Lounge Company. As perhaps you know, the Jamestown Lounge Company has its great work rooms in Jamestown, New York, but twice a year they make up some very fine sample suites and send them to Grand Rapids for the Semi-Annual gathering of furniture buyers from all over the United States. At

the close of the exposition these samples are sold at a discount to a few favored dealers. Last January one of the largest western department stores wanted to buy the whole display at regular prices but we had already selected our pieces and the president of the company allowed the order to go through at the discount figures. We counted ourselves very fortunate indeed to have secured these samples but then came the struggle to get them out of

As soon as the show was over they were crated and instructions given to ship to us on January 28th. Embargos have prevailed ever since and it has been impossible to get these goods from Grand Rapids by the regular route. Finally the Jamestown Lounge Company worked out a scheme to have them shipped to Jamestown and then re-shipped to Manchester. They arrived here Monday. Then came the problem of where to show them.

They could not have arrived at a worse time. Our show rooms and store houses are crowded with new Spring merchandise. Of upholsterered furniture we had plenty without these samples as we practically gave up hope of getting them through and bought other goods direct from the factory. The only thing to do was to hire a nearby vacant store and hold a quick 10 days sale, giving our customers the full benefit of the special prices at which we bought these goods.

Two facts make this event an extraordinary one.

FIRST-QUALITY OF GOODS. Many of you know the Jamestown Lounge Co. makes only the finest type of upholstered furniture, both as to style and workmanship. The samples made up for the Grand Rapids Markets are given particular attention. When you realize that these samples must stand the critical scrutiny of twenty-five hundred furniture buyers from all over the United States you can understand they are something very fine. In fact, they are works of art, every one.

SECOND-PRICES. These samples were purchased at 20 per cent below the wholesale prices prevailing January first. Since then there has been an advance of fully 15 per cent so these goods will be marked AT A SAVING OF 1-3 FROM PRESENT PRICES. It is our opinion that upholstered furniture will never be lower than at the present time.

If you have followed the markets you will unquestionably agree with us and if you are in need of anything in upholstered furniture you should make it a point to attend this exhibit. We will be glad to show you the pieces whether you buy or not as it is a pleasure to talk about furniture of this grade.

BUT DO NOT WAIT! THERE ARE NO DUPLICATES IN THIS SHIP. MENT. EVERY PIECE IS DIFFERENT FROM THE OTHERS. Of cour se we can duplicate any piece as these are the latest styles and are covered with up-to-the-minute velours, mohairs and tapestries. But you would have to pay the new prices, which would be at least 1-3 more, and wait about two months for the goods.

In lot are complete 3-piece suites, 2-piece suites, odd chairs and odd davenports covered with velours, mohairs and tapestries and a few in temporary covers such as sateen and denim. The range of prices is from the lowest made by the Jamestown Lounge Company to some of their highest priced suites.

Mr. Berquist, factory representative of the Jamestown Lounge Company will be with us starting Saturday. Mr. Berquist is, of course, thoroughly posted on Jamestown Quality and will answer any questions you may have in mind. He'll be glad to meet you. Come

### American Chain to Face Silk Sox On Mt. Nebo Grounds Next Sunday

Line-Up for Sunday's Game cident Last Winter.

of Bridgeport on the rounds. This team has set a hard nut for the land the fact that Schieldge has secured in to pitch for the local as that the necessity of the come is paramount. His case responded to Reese's treatments but lately he has begun to feel the effects of the fall again. Reading still has

aday as he is piloting a team up Sunday as he is puoting a team
of his own, called the All Bridgeports this year. He is due to make
an appearance on Mt. Nebo with
this outfit, sometime during next
month according to Manager
Schieldge's plans.
Sunday's game will be called at
3:15 and if the weather is favprwhile a monutar ground is expected. able a monster crowd is expected to turn out. There remains but two more Sunday games on Mt. Nebo as the new west side field is

expected to be ready for use by Memorial Day. But three of the American Chain team of last year will be with the visitors, including Kid Sherwood, Ivers and Wargo. Stanley, who pitched for the Silk Sox last year several times, is on the list of probable pitchers but the local team would find no trouble in hit-ting his offerings. Charley ivers at first base is very popular here, hav-ing played in town quite a few times in recent years. He formerly times in recent years. He formerly ton and was afterwards with one of the teams in the Southern Con-necticut League. He is a find fielder, a wicked hitter, and a danger-ous man on the paths. Kid Sher-wood is a former New Haven East-ern League player and last year-he proved a big factor in the game against the Silk Sox clouting out a three base hit and bringing home a three base hit and bringing horse two runs that put his team in the lead in the sixth inning. The Sox went into the final frame last year with the score 5-4 against them but they batted out a victory and won the game 6-5. So it looks like a real game for next Sunday.
