We can supply either, but if you are looking for a site for a home for present or future use be advised and see that the necessary facilities are available, such as proximity to trolley, schools, churches and that the streets are graded and sidewalks laid.—it is also necessary to have town water, sewers, gas and street lights,-also see that the section is protected by reasonable building restrictions-these are a few of the things that are already assured you if you buy at GREENACRES and is undoubtedly the secret of the remarkable growth in this premier section of our town

The best is none too good-therefore-why not the best, especially when the price is no more than is being asked in inferior locations. We still have lots to offer on Brookflied, Benton, Branford, Durkin Lenox and Middle Turnpike. For \$400 to \$600 we can sell you some of the best values in Town.
