BUILDING LOTS WHICH?

We can supply either, but if you are looking for a site for a home for present or future use be advised and see that the necessary facilities are available, such as proximity to trolley, schools, churches and that the streets are graded and sidewalks laid,-it is also necessary to have town water, sewers, gas and street lights,-also see that the section is protected by reasonable building restrictions—these are a few of the things that are already assured you if you buy at GREENACRES and is undoubtedly the secret of the remarkable growth in this premier section of our town.

The best is none too good-therefore-why not the best, especially when the price is no more than is being asked in inferior locations. We still have lots to offer on Brookflied, Benton, Branford, Durkin Lenox and Middle Turnpike. For \$400 to \$600 we can sell you some of the best values in Town.

"Freely ye have received, freely give." Matthew 10:8 A UNITED CAMPAIGN A Call to the Heroic

One hundred and thirty-three years of achievement call to us to go. forward. In recognition of our obligations to the past, our duty to the present, and our responsibility to the future, we are in honor bound to provide adequate equipment for the extension of Christ's ministry of Service. 1 is our task, the Call to the Heroic in each one of us, and we must recognize its full and personal significance. Probably few of us, if any, are able to give all that we would like to give to this great enterprise t the present time . But all of us, trusting in God's help, can plan to save sacrificially in the months ahead.

During the campaign May 31st to June 8th every Methodist will be iven an opportunity to do his part. Every unit will help; our united efforts will bring success. In the spirit of the Christ let us rally to the task.
