MASON'S SUPPLIES Telephone 126 Manchester, Conn.

Where Failure Means Death

If a naval gun fails to go off, the result may be destruction by the enemy. Our guns are fired by the current from storage batteries.

Here, as for a dozen other uses, our navy relies on the sure power of Exide Batteries. The navies of a number of foreign countries use the Exide.

In the peaceful pursuits of industry. Exide Batteries play a vital part. The current that sends your voice over the telephone comes from an Exide; thousands of farm houses are lighted by Exides; the busy little trucks you see around railroad stations and in industrial plants are propelled by Exides.

There is an Exide Battery for every purpose.

Lewis Battery Service Statica

How You Can Protect Life Insurance Money

Will life insurance form the bulk of the estate which you will leave to your family?

You can surround your insurance proceeds with the same safeguards by which you can protect your general estate, through placing your policies in trust with this Company.

You can specify to whom the income from your insurance shall be paid, in what amounts, and at what periods; you can authorize us to make extra payments to meet such contingencies as you would desire to have

This method of protecting life in-surance proceeds is being increasingly utilized. Our officers will be glad to talk with you at any time on the question of insurance trusts.
