National Open Golf Championship Honors Should Go to These Two For Superb Play Demonstrated Qualifying Rounds—Sarazen is Hopelessly Behind.

It is getting to be a great game around these parts during recent years, to let Manchester plug through the whole season and then meet a deft from some out-of-town promoter, who wants to realize a little jack by scaring up a few legions and two or three have been under the name of a baseball team.

Well, after all, certain fans in other towns will open their eyes for the Six Six Six, which is not the fact that it will be played by the locals in Southern Sportsman Buys Big Golf Area to Block Game Hogs

New Orleans, July 14.—The Gulf Coast has its pirates, but it looks as if their days are numbered. The descendants of Lafitte and kindred spirits that roamed the Spanish Main and put in on the Gulf Coast to hide their loot have been prey for years among the islands, bays and lakes of Southwestern Louisiana.

Millinery's announcement marks the culmination of a 15-year campaign to make of Southwestern Louisiana one great game refuge. In that 15 years he has taken over 200 square miles of a veritable game and bird paradise.

The Strong Dealer Remains to Serve

The purchase of an automobile involves dealer responsibility and service for a period of years—the entire life of the car.

You are not through with the dealer when you have accepted the car. You need him henceforth and thereafter.

Included in the price of the car is the value of his permanent responsibility for the car's behavior—for your satisfaction.

For these reasons we are putting the foundations of our business down to the bed rock of this community. We are here to stay—and serve.
