Leander Berry disposed of Lew Tessler beyond any possibility of a return bout and can beat Charley White, Kansas, Paddy McKee and other alleged contenders at his leisure and convenience.

Jack Timoney, of course, stands supreme among the heavyweights, but for the first time in four years he has a number of rivals whom he must take seriously into account.

Tom Gibbons, the latter being entitled to another shot at the title merely on the face of the Shelby return.

OTHERS IN DANGER

As for the others, Villa must still answer to Genaro, who holds three decisions over the Filipino; Walker is a number of fights from the competition; Keen and the competitors may, as yet, have the banner flag, but it is thought to have been won by Johnny Wilson, the middleweight champion, must be beaten by the first good man to appear among his rivals.

Gibbons, Timoney, probably will stake McKee.

Dawson seems to have won the respect of featherweights, but Ben Stein must step down from the position of champion at a right-about-face for a new contender.

Tommy Kelly, like one of the great fighters of the past, is expected to fight again in an encounter that will be a real test.

WORK "HABIT" HAS TAKEN TOLL OF ONCE IDLE RICH

EDITOR'S NOTE:—This is the collecting box once more come into the second of a series of three stories by Ledy, which concern the work "habit" that has taken the toll of once idle rich.

In this article Ledy Angles writes of some of the English personalities who are keeping shop and their methods of work.

Not the least of the activities was the ball game between the Medical Department and the rest of the world. There were many most clean hits and some runs scored. Babe Ritz could not hold a candle to some of the full time players. The game was a real test of the ball game between the Medical Department and the rest of the world.
