## LOCAL MARKSMEN WILL GO TO MIDDLEFIELD NEXT SATURDAY

The South Manchester Rifle Club will send a delegation to the big field day to be held in Middlefield next Saturday, August 18, under the auspices of the Nutmeg Little League of that town. The local marksmen are the only contestants in the four events slated to begin at 8 A. M. daylight saving and lasting until dark. There will be shooting for best in large bore, rifle for 260 yards, small bore 50 yards, pistol shooting and trap shooting.

The South Manchester team is the only one of employment because of Britain's trade depression. These figures indicate that Local capacity is being built up. The remainder are first, second and third mates, chief and junior engineers.

These figures include those who have made arrangements to have their wives go to the ground.

Besides the members of the local club who intend to take part in the competition, it is expected that many of their friends will make the trip by auto swelling the Manchester contingent to nearly

a tour of distinction.

A tour through the districts of Connecticut and New York State.

Pepper, Poplar—Troy quickly produces harrowing tales of distress among those who, in recent years, have particularly in their own interest signalized a tour of distinction.

which are underway. A representative of his committee is in New York State at the present time booking attractions, regarding which he has given to local papers in the matter of granting passes to a pretrial trial in favor of local candidates will be given.

Mr. Nichols' committee has been taken up with organizations and groups of ladies the matter of providing loans, mela, pie, coffee, etc., for sale to the public in order that there may be lack of good wholesome food, for the benefit of those who attend the celebration.

Chief of Police Samuel G. Gordon and Chairman G. E. Wilson of the Executive Committee met with the Executive Committee Monday evening. Additional plans relative to parking problems will be given full consideration.

The members of the Earl G. Seaman's Committee, Mr. Seaman having cooperated actively with this committee in its work.

Mr. Nichols and Edward F. Dowler of the Committee on Decorations reported progress at the meeting of the Executive Committee last evening. The general plans of the celebration on the national anniversary were outlined. This committee will be represented at the Friday evening meeting of the Executive Committee.

Chairman G. E. Wilson of the Park Committee conferred last evening with the Executive Committee on his committee's work. The matter of preparing a map to show available parking places was discussed. Several possible locations for parking automobiles were mentioned. Several sites near the old golf ground, State street, location of the Center, Oak street, vacant space on Charter Oak street, it is believed will be available.

Considering the number of cars for which parking space will be required Chairman Richards of the Concessions Committee said he anticipated 10,000 to 15,000 automobiles. It was agreed that the park committee will be responsible for parking spaces this map will be sold at small fee. The revenue will pay the expense of the carnival. In all probability, however, the car park will be welcome, as it is conceded that the town's apprehensions will not be sufficient to carry the plan on the elaboration of the scheme.

Local parking arrangements Chairman Willis will confer with Chairman Miller of the Grounds Committee and Miss Emily Chenoweth of the Pageant Committee in order that concerted action may be had.

This plus the number of automo-

Engineers are unanimous in con-

The beach roads are crossed four times in two miles. This

danger could be relieved by more

**FIRE DISTRICT ANNUAL SLATED FOR TONIGHT.**

DRILL TOMORROW EVENING.

The annual meeting of the South Manchester Fire District will be held this evening at the town hall and the chief executive will be to elect officers of the fire department, lists to reports of the officials of the district, authorized the treasurer to give a report in name of the district, to consider expenses for the coming year and to lay a tax.

No change is expected in the personnel of the fire department in view of the fact that recently it was stated that there would be candidates for chief of the department other than the present incumbent, O. J. Atwood, who has been a candidate for chief of the department based upon his hopes of running on the premises that Chief Atwood would never come again this year.

However, the chief has placed

no restriction on his willingness

to serve again, and it is

thought likely that any other can-
