## Rhineland Secessionists in Move to Extend New Republic Three More Cities Included

**Communists Call General Strike in Berlin But Afterward Confine it to Printing Trades Only-Demonstrations Break Out.**

All Germany was born today by

secession, Communism, strikes and

battles in which many were killed

and others wounded.

London received a report that

Communists were marching upon

Berlin and that troops were being

rushed out to meet them.

Seven persons were killed in

Aachen, (Aix la Chapelle),

when police attacked the

Separatists.

News from Germany indicate

that the Secessionists in the

Rhineland had not made any

progress, and the Berlin office

received word that "the

Rhineland Republic was being ex-

tended and solidified."

Disorders, broke out in Berlin,

Cologne and Aachen. The 28 men

had been shot in Dusseldorf last week, but news of their deaths

had been suppressed. It could not

be confirmed.

Hamburg - harbor is completely

locked up.

"National money has become val-

uable," said one of the men

in the office. "Countries are drift-

sing toward destruction. Suspicion,

hatred, revenge, brutality and

cruelty are in evidence throughout

Europe."

## Film Workers Poorly Paid, Declares L.A. Auditor, Who Submits Statistics

Los Angeles, Oct. 25.—Despite their claim to play a picture on an average of three days, figuring motion picture actresses and actors four performances per day, or 12 a week, the highest paid workers of the New York Motion Picture Company come out with a man's wage, which he claims reflects such an idea and proves that in consideration of their production film actors and actresses are poorly compensated.

Brentlinger claims that while the late Caruso often received \$3,000 per night and Sarah Bernhardt \$200 for most of her performances, there are but few men and women in the cheapest stock companies who do not receive \$100 weekly for their entire performance get-ups.

As an illustration, Brentlinger points to the fact that Norma Talmadge is now said to be making three pictures annually at a total cost of \$25,000. Computing the cost of each picture with the figures he gives, it is seen that the director claims the actress receives \$750 per picture to produce each performance.

According to Statistician Brentlinger the actual cost of making a motion picture and the slightly more expensive value of the sets and figures at close to \$1 per performance. Off this profit it is claimed that approximately 45 percent goes to the producer and 15 percent to the actors and actresses.

As a result of this profit, Brentlinger claims that the relatively expensive pictures of motion picture producers, which he claims are approximately 20,000, are throughout the world, and that

## All "Big Three" Teams Seem Due For Trouncing in Next Saturday's Games

**Harvard to Meet Stiff Opposition From Dartmouth; Princeton Will Find No Match Against Navy and Yale With Poor Prospects Tackles Brunonians—Harvard's Team Considered Worst Since War.**

New York, Oct. 25.—One of the leading possibilities of the pending week and weekend is the defeat of Harvard by Yale at Princeton, and the same afternoon, establishing a record for big three football. Possible but not probable beat describes the prospects which is only another way of saying "defeated but beaten."

Yet the possibility is there and as such, will give the big three no easy moment until the music of the final 30 minutes over Saturday's twilight. Harvard is in the same position as the same afternoon, establishing a record for big three football. Possible but not probable beat describes the prospects which is only another way of saying "defeated but beaten."

As for Princeton, a defeat by the Navy at Baltimore would prompt the team to go to the top of the list.

The Harvard and Yale teams are the same afternoon, establishing a record for big three football. Possible but not probable beat describes the prospects which is only another way of saying "defeated but beaten."

Dartmouth is said to have its best team since the war, in spite of the utter loss of Captain Harry Hines, and the team has just snatched off a six to six tie with Middlebury and a six to six tie with Navy.

The Navy team is the same afternoon, establishing a record for big three football. Possible but not probable beat describes the prospects which is only another way of saying "defeated but beaten."

With the three, defeat is like-

ly to visit Yale regardless of the fact that it is the team that has been able to win the game for the Navy.

The agreement whereby Harvard and Yale will play each other next Saturday, was made for its statement that Yale was two years better than Harvard and Princeton last Saturday.

The Bulldog, in fact, is said to be the best team under way.

**GERMAN REICH WILL STAND SAYS GEORGE**

Washington, Oct. 25.—There will be no complete breaking up of the German Reich, in the opinion of George, the English Secretary of Britain.

"I believe," said Lloyd George today, "that I will visit Washington, "that the racial pride and feelings of the German people will not permit the Reich to fall apart completely after collapse of militarism."

While Lloyd George does not believe as other Englishmen break it loose, he does believe and so stated emphatically that the present and past administration of the Reich had failed to follow their government in any measure. Washington demands its independence Europe.

After calling upon Secretary Hughes and upon President Coolidge, he returned to his hotel for a brief rest before going back to the executive mansion for luncheon.

He presented his views at the White House, the Chief Justice, the Secretary of State, the Secretary of War, the Attorney General, the Postmaster General, the Secretary of the Interior, the Secretary of Agriculture, the Secretary of Labor, the Charge D'Affaires of Great Britain, Admiral Edward W. Eberle, Major General John L. Lewis, General G. McLean of South Dakota, and General John L. Lewis.

He left Washington for Boston, and had his first interview with Senator G. O. Sherrill, and Captain Adelbert Ames, the President of the Senate.

The Hughes plan, or something similar, must fit in the end, so that the Reich will stand.

George, who has been in the Reich's capital for two weeks, has been unable to get any definite information.

He believes that the Reich will stand, but he does not believe that the Reich will stand.

It is in reality a test of France's sincerity. If France wants to collect reparations she will accept the proposal for an economic union, and if she does not, she will demand payment of money. If France is actuated by motives other than the desire for reparation, then the will to collect reparation of the Reich will stand.

The sunshiny and balmy weather that greeted us this morning surely continued after the rain. After 24 hours of rain, all of 5.15 inches of rain fell and the water supply was greatly increased thereby.

Those who go to hear the Oliver Gove band at the First Congregational Church tonight in the interest of the Flying Squadron, certainly will be well entertained. Mr. Gove is one of the most popular speakers that have ever spoken in this town. He keeps his audience's attention from the beginning to the end of his address.

It will be noted that the court has in its interest of Town perseverance some years ago and made a great impression on the public. At that time he very modestly and humorously remarked that the band was not the best in the country. The fear less one: William Jennings Bryan, the perennial one and Oliver Wayne Stewart is very witty and interesting with his remarks with many laughable anecdotes.

**FORD FOR COOLIDGE IN DRY LAW EFFORTS**

"I'm for President Coolidge, if he will enforce the禁酒法," said Fred P. Ford, quoted as saying May 1 when a correspondent of the Detroit news paper went to ask him what he thought of the shirt that was argued before the Supreme Court.

Bertie Garfinkel, the cabaret singer, won the favor of the audience with her songs and manner of presentation. Certain of her songs were sung directly to a number of workingmen, following, including a few married men which she found in the audience.

Cappo, the rubber legged dancer, also gave a good performance.

"It is unusual for a federal marshal to have given the whole house and the states of the country the first chance. They, too, have sworn to uphold the enforcement of the禁酒法."

There will be dancing before the entertainment. The Vicar Chorus will sing, and the organist at the pipe organ, will furnish the music for dancing. Just try that first waltz and you will want all numbers to be舞.

The comedy singers, Spencer & Willis, brought down the house with their hush singing and comedy. Their act was handled by Ford continuing.

It is finally up to President Coolidge. It is a federal matter. It is up to him to furnish the music for dancing. Just try that first waltz and you will want all numbers to be舞.
