

# LONDON GLOOMY OVER PROPOSED CONFERENCE

London, Oct. 28.—(AP)—The British government today was not optimistic over the outcome of the proposed international conference in deal with reparations and was inclined to regard France's conditions as unrealistic as to the value of the assets and to qualify the French right to the British role in proposing an international committee to deal with the indemnity problem.

British official opinion regarding Premier Poincaré's Sunday speech at Saumur, an in- flexible attitude and imposing restrictions which were not contained in the French note to Great Britain, French officials said.

There were several points in the French speech which were considered to be obstacles: 1. France will refuse to make any concessions. 2. The committee must make an effort to reduce the amount of reparations to France. 3. The committee must agree to continue the occupation of the Ruhr. It is feared that the British reply to the British proposals backs up France's position limiting the conference of experts to a mere inquiry into Germany's resources.

The Italian reply points out the desirability of Allied unity. Paris, Oct. 28.—The League of Nations Reparations Commission will meet tomorrow afternoon to discuss the latest German note and to consider the calling of an international conference of experts to deal with the reparations problem. It was stated at the League office.

The French note was communicated to the Imperial Conference by Foreign Secretary Lord Curzon.

## NATIONAL COUNCIL OF WOMEN IN CONVENTION

Deerac, Ill., Oct. 28.—Problems political and social will receive consideration by the National Council of Women, who open their six-day biennial session here today.

Activities of the Ku Klux Klan, prohibiting enforcement of racial segregation, birth control, the new moral code, child welfare, world peace, election and immigration are slated to cause considerable controversy at the close of the convention.

Mrs. Philip Northwood, president of the council, commencing prohibition, indicated that modification will have strong advocates in the session.

# CANADIAN DEFENDER BLUE NOSE WINS FIRST RACE OVER COLUMBIA

Halifax, N. S., Oct. 28.—Blue Nose, the Canadian defender, won the first race of the international fishermen's classic today. She crossed the finish line nearly two minutes ahead of Columbia, the Yankee challenger.

The Lunenburg vessel led the Gloucester man by 17 minutes. Captain Gus Walters oversteered the third mark and fell behind. Columbia took the lead.

But after a few minutes the Yankee challenger led the Canadian and Blue Nose rounded the fourth mark at 1:40.30. Blue Nose rounded the fifth mark at 1:41.30. Official time for the finish line was Blue Nose 1:41:30; Columbia 1:43:02.

The second race of the classic was won by the Gloucester entry, which was led by the Gloucester man by less than three minutes. The time was Blue Nose 10:16:45; Columbia 10:19:30. The race was held over a little over the eleven miles.

The Gloucester man was leading for the remainder of the race. At 1:40:30 the Canadian challenger was in the lead. The challenge was made by Captain Len Pike, skipper of the Blue Nose.

Official time for the finish line was Blue Nose 1:41:30; Columbia 1:43:02.

## LOCAL MAN SERIOUSLY HURT BY AUTO WHICH DRIVES AWAY AFTER ACCIDENT ON TOLLAND TURNPIKE

Michael Mitchell, 35 years of age, of Parker street, is in a serious condition at the Manchester Memorial Hospital, suffering from a fractured skull, a left leg broken in two places besides internal injuries as a result of being struck by a Ford automobile last evening on Tolland Turnpike, near Parker street.

The driver of the Ford car did not stop after hitting the man but continued on his way toward Rockville and the local police, not able to see the look-out for him, learned nothing that may lead to his ultimate recognition and arrest, up to a late hour today.

The accident occurred about 7 o'clock. Mitchell was walking along the Tolland turnpike on his way home when the Ford car came from behind and knocked him to the ground, dragging him about 20 feet. Several witnesses who saw the affair, declare that about 20 feet but one light burning on the automobile. As soon as the car was disintegrated from the man's body, the driver put on speed and disappeared in the direction of Rockville. A few moments afterward a motorcycle came along and he, informed of what had taken place, he started to pursue the Ford car. Whether he overtook it or not has not been received by the police from the motorcycle rider.

The injured man lay in the road until Holloran's ambulance was brought to the scene where he was taken to the local hospital for treatment. Dr. J. A. Higgins and Dr. Le Verso Holmes examined him and found the injuries stated above.

The Manchester police were notified as soon as possible and Chief Gordon telephoned to Rockville for assistance but, evidently, the Ford driver had made good his escape. It is thought that the windshield was found scattered in the vicinity of where it occurred.

Other Accidents. Mrs. Lewis Richmond of Middle Turnpike, West, is in the Manchester Memorial Hospital, suffering from a number of bruises and a possible broken left elbow, as a result of being struck on East Center street last evening, about 6:45, by automobile owned and driven by Edwin Johnson of No. 122 Main street.

Mrs. Richmond had been visiting friends on Foster street and was returning to her home when she slipped across East Center street in front of Orange Hall. The automobile which was being driven toward the Center street had also started across and had it not been for the bumper on the car, she would have been thrown to one side. Mr. Johnson stopped his car and took Mrs. Richmond to her home. After reaching there, it was decided to have her taken to the hospital for treatment and she was brought there in the ambulance of W. F. Cahal. An X-ray picture of her arm will be taken today to determine if there is a break in the elbow.

Thomas Hickey Hurt. Thomas Hickey of Oakhill street was struck by an automobile owned and driven by Herbert Foster of Wapping early last evening. The injured man lay in the road until Holloran's ambulance was brought to the scene where he was taken to the local hospital for treatment. Dr. J. A. Higgins and Dr. Le Verso Holmes examined him and found the injuries stated above.
