## America's Policy Similar to Britain's in Regards to Mushroom Separatist Movement—State and War Departments Have Copious Reports on French Efforts to Dismember Germany.

Washington, Nov. 1.—The United States will not recognize the Rhineland Republic as a separate state in German territory, it was declared authoritatively today.

In this respect American policy is generally similar to that of Great Britain, which has refused to recognize the separatist movement in the Rhineland.

The British have already served formal notice upon the French that London will not recognize separatist movements of a dismembered Germany.

This government will look with extreme disfavor upon the dismemberment of Germany, whether such action came as a result of Germany's internal strife or as a result of the efforts the French have made to occupy territory over which the Armistice.

State and War Department records are filled with reports of the French campaign for a Rhineland Republic. General Foch, General Hunter Ligert and Major General Henry T. Allen, as commander in chief of various lines of the American Occupational Forces, were freed to take issue with the French for their activities in the American Zone.

The reason for this attitude is because of the serious danger to the peace of Europe which might be caused by the creation of a new state in the Rhineland.

# HUGO COUNTERFEITING PLOT IS EXPOSED BY CABARET DANCER

Chicago, Ill., Nov. 1.—Four men who Federal Secret Service agents have traced to a counterfeiting plot between New York and Denver, will appear today in court on charges of having conspired to counterfeit the United States currency.

# POINCARÉ LIMITS DISCUSSIONS TO GERMANY'S ABILITY TO PAY

## French Premier Requests Invitation to U. S. Be Couched in Language Which Will Clearly Convey Powers of New World Conference—Whole Economic Situation to Be Carefully Studied.

Paris, Nov. 1.—President Poincaré has requested that the allied invitation to the United States to join the International Committee of Reparations experts shall specify clearly that the committee be limited to discussion of Germany's capacity for payment, for the purpose of a clear understanding with Washington before the committee begins, it was learned from allied diplomatic circles today.

It is understood that all the allied powers have agreed to a joint invitation to Washington for American participation in the discussions. Washington should receive this invitation before Sunday.

Under the present French plan the committee will study Germany's whole economic situation, including the amount of taxes levied by the government, railway revenues, production of mines and industries and the income from monopolies.

After it is ascertained how much money Germany can raise annually, for reparation a report will be made for means of restoring Germany to the Inter-Allied Reparations Commission along with a set of binding recommendations.

Mr. Poincaré, Premier of France, in a speech here today, solemnly warned the experts who may be appointed to the International Reparations Committee "to keep their hands off the Treaty of Versailles." He said the treaty must be enforced in its original form. M. Poincaré presided at the unveiling of a monument to the "New" war dead.

Treaty is Sacred

"The Versailles Treaty is sacred to France," said the Premier. "It was sealed with the blood of our dead. We will not let it be touched."

# RED CROSS ROLL CALL STARTS ON NOV. 11 IN MANCHESTER

## Local Chairman R. K. Anderson and Executive Committee Planning to Increase Town's Membership—Some Methods as in Past Years Will Prevail—Four Minute Speakers to Be Used and Churches Will Be Asked to Aid in Spreading Message.

Manchester Chapter of the Red Cross is preparing the annual Red Cross Roll Call which will start on Sunday, November 11 and last until November 20. Chairman R. K. Anderson expects that the work will be carried on this year, much in the same manner that it was put over last year when the town was divided into districts and team captains picked their teams to solicit annual membership dues from the Manchester people.

The active program has not been completed yet, but it is expected that several four-minute speakers will be appointed to work in the campaign, while the pastors of the local churches will be asked to give their help in bringing the message before their congregations.

During the World War the volunteer effort of Manchester people to assist the government in providing for the welfare of the military and naval forces at home and overseas was largely expressed through the American Red Cross, which also rendered incalculable aid to the armed forces of the Allies and to their civilian populations within the neutral areas, during and after the war.

# PORTERFIELD BROS. SEEKING LEASE OF POST OFFICE SITE

Negotiations have been under way for some time between Porterfield Brothers and the Postmaster E. Hart Ferns, to acquire the federal post office site at the Center and the Treasury department at Washington relative to the leasing of the land at the Center to Porterfield Brothers, local brick and auto accessory dealers, for a new gasoline station. There have been a number of letters passed back and forth between Manchester and Washington and from what can be learned it would seem that the Treasury Department officials are seriously considering leasing the land, temporarily at least. The move would be in direct contravention to that assumed by other administration, because on no other occasion at least, local post offices were informed that this land could not be leased under any circumstances. The occasion referred to was during the administration of Postmaster Thomas J. Quinn, who was reproached by some local people in regard to leasing the land for one day, Housatonic Day. He took the matter up with the Treasury Department and was informed that there was no precedent upon which the department might base such action. Therefore the land was not leased out, even as a concession, for one day.

Some of the fundamental differences between the public utility companies which are regulated and private business which are not regulated were discussed by the Indiana Public Utilities Commission in a recent decision.

Local church circles were somewhat dismayed, according to the individual case when a number of members of the Calvary Baptist Church congregation were commonly suspended.

At the city office of a metropolitan daily which reported to come into the office yesterday to write their regular stories, his extensive work was little, if any.

Washington, Nov. 1.—A delegation of railroad presidents headed by Samuel Rea, of the Pennsylvania System, came to Washington today to inform President Hoover that there cannot be any reduction of freight rates at this time.

Washington, Nov. 1.—John T. Adams, chairman of the Republican National Committee, today issued a letter to President Coolidge that a meeting of the committee to be held in Washington on the 15th to discuss the 1924 convention.

**Blue Nose, Canadian Fishing Boat Beats Yankee Challenger, Columbia**

New York, Nov. 1.—At least two prominent New Yorkers are determined that no trophy shall be won at the roots of the trees and grass in Central Park—the chief "open space" on Manhattan Island.

It was a two out of three affair. Blue Nose won the first race on Monday and today duplicated her Monday's performance. She retains the trophy, won at Gloucester last year.

By a daring feat of seamanship, Captain Angus Walters took the lead at the start. Blue Nose was pushed across the starting line when the captain took the lead by passing inside the light-house floor close to the sails of Labrador's beach.

by International News Service DURING THE MONTH

FIRST announcement that the road and operations had serious differences in the office of Governor Plummer of Pennsylvania.

AMHAD with the news that the fall and the Japanese earthquake killed 150 persons and damaged property near Calcutta.

EXCLUSIVE interview with General Dagnino, commander of the French forces in the Ruhr, accurately forecasting the breakdown of Germany's "passive resistance."

When humanity waited appalled FOR THE FIRST AUTHENTIC NEWS of the earthquake, fire and flood which ravaged Japan, it was the swift and concise dispatches of INTERNATIONAL NEWS SERVICE which broke the tension for you in this newspaper. I.N.S. supplied the FIRST, reliable estimate of the magnitude of the disaster. I.N.S. gave the toll of the number of Americans who perished, and WHO THEY WERE. In every part of the wide world, wherever vast events occur, correspondents are stationed to transmit to you fully and instantly through the columns of Manchester Daily News. A complete and impartial account of the events that have transpired. They marshal distant peoples before you. "Get it FIRST, but first get it RIGHT" It was this slogan, crystallized in a long list of news beats, from page exclusive dispatches, and page news forecasts by International News Service, which kept you abreast of the world's momentous happenings hour by hour all last month. Within a few hours after the Radio Corporation of America's station at San Francisco had broadcast the first intelligence of the upheaval which rocked the whole empire of Japan and all but destroyed its two principal cities, International News Service bulletins from its correspondents at Shanghai and Manila had summed up the full extent of the disaster and set the figures afterward declared official by the Japanese government. The two FIRST eye-witness accounts to reach this country were both from International News Service correspondents. They were present in Tokio from the first to the last earthquake shock. Every hour, every day until the last detail of the disaster was known, it was the dispatches of International News Service which led the field of the world's wire services in completeness and reliability.
