Word of Honor.

Washington, Nov. 10.—Federal placement of Bavarian seeks to bring the strength between forty and fifty thousand on the squares of a large city in their present drive northward. The revolution has been virtually crushed by the defeat of the Bavarian nationalists by Royal Reichswehr troops along the "Bavarian Front."

It is learned from an authoritative source that former Crown Prince Friederich, who has left Bavaria. He is said to have passed through New York and is probably en route to another country. It was reported yesterday that he had been released on parole.

The Bavarian forces, after their campaign to other countries have been operating since their efforts to make the country safe for Hitler, have been defeated.

GOVERNMENT AND BUSINESS

This country was founded 17 years ago in order the nation might have a government established free from unnecessary political domination and the farce of the "divine right" of kings.

The Framers of the Constitution of our nation, you know, gave to it its present superb position primarily because the American people developed a new concept of government and society, and that conception was superbly expressed in the immortal Declaration of Independence. Our forefathers clearly saw and pronounced the need of a new kind of democracy. Those men set up a new ideal of human rights and of open doors of opportunity.

Our government was established to help and encourage, rather than to tax and dominate, industry and agriculture and ambition. Let us all remember a few of the cornerstones which formed the basis of our independence. Let us rekindle the desire to make our nation and the world a field for belief in justice and activity which of recent years and during the war period, has been somewhat lost to sight.

Agencies and campaigns to launch the campaign into business undertakings are entirely contrary to our Declaration of Independence, which the founders of our nation contemplated.

COMMON SENSE vs. LEGISLATION

Radical farmers in North Dakota and Minnesota have found by experience that legislation does not correct economic or personal difficulties.

Growing wheat alone after year may result in lands and labor for nothing, and no government subsidy or guarantee will help.

One man in ten who goes into the grocery business succeeds and one man in ten who goes into farming succeeds. The same is true about the same with farmers.

Farming is the basic industry and if we could destroy every city, the wealth production and necessities of the farms would be up again.

But if we destroy the farms, the cities would fall into irretrievable ruin, to guarantee wheat prices is to tax weaker industries than farming.

The world excess of 300,000,000 bushels of wheat would be doubled by a subsidy as a premium on crop production, and wheat would be doubled by a subsidy as a premium on increased production and wheat would go down as taxes went up.

The way out is not to neglect legislation but make laws in our country to correct some and more diversified farming.

A RECORD OF PROGRESS
It is a record of the birth of electrical development in this nation without unscrupulously attacking it with General Electric Company.

Under the guiding hand of Charles A. Coffin, now retired, the various branches of the company have been extended along ever-expanding paths of usefulness.

After coming into full field of activity, the company has enlarged itself to the manufacture of the electrical electrical devices of thirty years ago to the development of every form of electrical power and the officers of the company, including the late Mr. Coffin, have been instrumental in the creation of the Radio Corporation of America which assures the United States its rightful place in the world.

Thus does the broad vision, perseverance and character of a leader among us make possible the development of such an industry as the world has seen.

ELECTRIC POWER AGE
Using water power, coal and oil to develop electricity is the age-old line of power generation. The age-old line of electric power generation was born in the United States in 1902, and now sixty per cent of the energy used by three hundred thousand manufacturing plants was supplied through the use of power, according to a recent survey of industrial electrification.

In the industries of the United States in 1928, and more than sixty per cent of the energy used by three hundred thousand manufacturing plants was supplied through the use of power, according to a recent survey of industrial electrification.

At the funeral of P. W. Peterson last Sunday afternoon the Swedish Benevolent Societies "Wives" and "Daughters" of the Sons of Norway gathered in their church.

Mr. Peterson was a member of

Wass only, but the members of Se- ger turned out as a matter of respect to the deceased, and the family.

Services were held in the church on Second Street and also in the Swedish Lutheran Church on Church street. Rev. W. F. Anderson officiated. Two quarters furnished the church.

NEWSY NOTES

The regular meeting of the Manchester Girl Scout Council will be held Tuesday evening, November 13 at 8 o'clock in room 3 of the Schoolhouse.

Mrs. Fred Kuske of Rockville is spending the week end at the home of her mother, Mrs. Bridget McCloud of Maple street.

Local boy, Tom Cheeny, Brothers Main Office is driving a new Studebaker touring car.

August Senkell of Senkell Radio Shop on Oak Street has returned from his trip to New Boston. He reports snow in plentiful quantities in that region.

Water Senkell is proudly showing the results of a one day trap trapping trip to Andover. He bagged two foxes and got three muskrats at that place.

A social which given by the Calio Club of Columbus at the R. C. Hall last night was a success. The prize winners: First prize, Mrs. Mary Deek; second prize, Mrs. A. Campbell; consolation prize, Miss Mary Sheen. A very pleasant evening was enjoyed by all. Next meeting will take place Friday evening, November 23.

Another public whilst will be given at the Calio Club on Saturday, November 24 at 8 o'clock. Prices will be 25¢ and ice cream served gratis. A small charge is made to cover the expenses but a pleasant evening is assured. Anyone who enjoys playing whilst is invited to enjoy a member of the club, or not.

Arthur Cook of Manchester Green has sold a house that he built on Lyman street to Martin Shatto.

The Ford coupe that the Orford Steel Company has ordered will be delivered this afternoon. The Ethical Clothing Co. of the Center is making the delivery from their warehouse in Hartford.

Arthur Cook of Manchester Green has sold another house on Lyman street to a man whose name is not known.

J. Bell of this town is the third house that Mr. Cook has sold.

Mr. and Mrs. Richard Turkyton, who are spending their honey moon vacation in Washington and New York City, are expected home tomorrow. They have a nicely furnished home there.

Knox street.

Ester Barnes, eldest daughter of S. S. Barnes, well known Manchester hardware merchant, was taken to the Hartford hospital last night. She is suffering from a slight attack of scarlet fever.

SURPRISE PARTY LAST NIGHT

Miss Dorothy Douglas of Danvers was pleasantly surprised last night when her husband, about thirty years old, gathered in honor of her birthday. The evening was spent playing a variety of games and music and dancing was enjoyed by all. There were eight or nine presents. A buffet lunch was served. The party disbanded at a late hour.

This was "Crazy."

All of us who have ever lived in apartment houses any length of time, felt a wave of sympathy sweep over us the other day when we saw a poor woman dragging her husband, for divorce because he threatened to join a band. This sympathy, needless to say, was for the woman, not for the husband, or the band.

For all modern city dwellers know that there is no apartment house, however defined, but new and then harbors within its walls a man who has lost, married, divorced or married—some dark and stormy night, amorous in under his coat a secret—or a B-flat clarinet and a tattered shirt, how to make a living in the world, and immediately starts in to prove the took a har—Los Angeles Times.

The Senior Christian Endeavor have arranged a Union meeting at 7 o'clock to which the societies of the New Congregational, Methodist, Central, and North Methodist churches have accepted invitations. Rev. Joseph B. Palmer, of the Religious Work Department of the Hartford Y. M. C. A., will be the speaker, and the meeting will be in commemoration of Armistice Day.

The men of the newly-formed Bantam League will hold a Concert on Saturday, Nov. 17 at 8 o'clock. All players have been reserved especially for that night. About twenty bowed in the try-out last week, and the teams are being made up now.
