said and done. The News is inclined to the doctrine that what is to be the doctrine that work while the smill that work to me off. One look at this fellow, who's happiness appears to know, happiness appears to know, happiness appears to know, the big men of hig business, a captain the high men of hig business, a captain to bring happiness to the gloomiest grouch. And then we look up and we see a placard with a few significant words, if not an international figure. He comes out into the open, gets under the spotlight of publicity and advocates an all-year Christmas. That's that year Christmas. That's an ething, but a literal all-year the most of the patients were still at supper.

There is a promise of even greater progress in the future.

Medical science ose not stand supper.

It must continue to go ahead. Its profress in successfully combating various diseases has been truly wonderful. To the layman who simply looks at the cancer statistic ties, the cancer statistic ties, the cancer statistic ties, the cancer statistic ties, the cancer stuation may look almost hopeless. Let us tive in hopes, however. Why should we give up hope, when medical science where the publicity and advocates an all-year Christmas. That's an ellipse the stockholders of business of the stockholders of business of the successfully combating to the circus, "There hours later two very tired and happy individuals left the circus, "The busy and the way back. Heavy undressed her and got the meter and wrote to me attack had finished his meal and the way had attack had finished his meal and the cort is not till. The policy had fine meet to the public

The fact alleges of business of the continues to keep on trying? It has accomplished seeming in the millenium, and we can hardly expect the millenium just yet. However, there ought, as Judge Cary says, "These are the sentiments of the millenium of the millenium in the millenium of the more of the millenium of the more of the millenium of the millenium of the millenium of the millenium of the more of the millenium of the millenium of the more of the millenium of the more of the millenium of the "Neither am L So why this
