TWO CENTS COPY

"SPEED BOYS" TROUNCE WINSTED GOLDENRODS

Locals Stage Fine Come-Back in Second Game of Interesting Series.

Rogers Holds Much Touted Carroll Without Field Goal—'Speed Boys' Excel in Every Department of the Game.

In the preliminary game the two greatest rivals of the town came together, mainly the Pirates and Shamrocks. The score at the end of the first half was 10-0 in favor of the Pirates in the second half Carroll won by the score of 37-23. The Goldenrods although much older and more experienced, seemed unable to solve the brilliant passwork and five-man attack of the local team.

McGraw Accepts Pat Moran's Defi in National League "Duel of Dollars"

New York, Jan. 7.—The "duel of the dollars" between the New York Giants and the Cincinnati Reds for a pre-season clash on the National League pennant will be conducted by McGraw by the purchase of two more minor league pitchers of more than ordinary calibre. They will come from the American Association and the Pacific Coast league respectively, but their identity is withheld for an ulterior reason than to prevent other clubs from entering the competition.

McGraw's reply to Pat Moran's challenge is to buy a live one in Meadows in the Pacific Coast league and a champion who has seen the Red line up Tom Stoen, of St. Paul, said to be the best pitcher in the American Association last season and Jake May, the Yankee left hander for whom the Verdes left in train.

PIRATES TRIM SHAMROCKS

The Pirates and Shamrocks met in a game at the end of the first half was 10-0 in favor of the Pirates in the second half Carroll won by the score of 37-23.

CONCRETE START EARLY

Right of the reel, Waddell dropped in a field goal for the Shamrocks following a bit of passwork.

TOP TENNIS PLAYERS LIST

New York, Jan. 7.—With the opening of William T. Tilden and Billie Jean King's tennis season, their respective places at No. 1 and No. 2 of the National Lawn Tennis association ranking list for 1935 season today show a variety of changes.

MURPHY'S WILDCATS

A basketball attraction that will prove to be a magnet of unusual drawing power will be staged at the School Street Rec. on Wednesday evening.

NEW ALLEY TO BE CHRISTENED TONIGHT

Tonight the new alley in Murphy's Bowling Palace will be opened to the public.

CELEBRATE SWORN IN

Stewards, Jan. 7.—Mayor P. G. Coffey will preside at the ceremony of the new ally right for the Milk Pond Show last May.

HOW TO TUNE OUTLOCAL STATIONS

By C. W. Horn, Supv. Radio Operations, Westinghouse Electric & Manufacturing Co., East Pittsburgh, Pa.

Those of us who have sensitive radio receiving sets know how carefully we must adjust our dials to get any particular station. A few divisions off on the scale and we are listening to the ground.

When a receiving set is located near a powerful broadcasting station, you are able to hear that nearby station over a considerable range of the dial because of what is known as "free oscillations."

After having done all this, you are now ready to try it out. Wait until a local station begins operating and then try and tune in another station. That means you have set your dial at the point where the desired station can be heard, but it is being interfered with by the local station.

This device is designed to be effective by the regular waves would also be troubled by the irregular oscillations, did not want to be in the way. The waves being broadcast are being interfered with by the local station.

Now, if you have a variable condenser of the filter circuit in the receiver, it is possible to make adjustments so that the interference is lessened.

As a result of this, you will be able to tune in other stations without being troubled by the local station.

NEWS NOTES

The officers for 1924 will be installed at the regular meeting of Camp 9280 Modern Woodmen of America, January 10th at Odd Fellows hall.

The Girl Scouts Council will meet at Room 3 of the School Street Recreation Center tomorrow evening at 8 o'clock.

Local Knights Took Important Part In Manchester's Centennial Program

The Knights of Columbus Home on Bissell Street is one of the monuments erected in Manchester in honor of the men of Manchester who served during the World War.

The building was erected to provide a double purpose; to provide a home for all of the members, a place for the public to go to for the public a centrally located building that could be used for bazaars, basketball games and a hundred and one things.

On the opening night, this evening, the famous Body Name Minstrels from St. Bridget's parish at the north end of the town will hold the house in a grand and stirring way.

Other attractions in connection with the bazaar include the free dancing and the plants for giving away the wonderful big hope chest.

MEN AND MATTERS
With the aid of State Deputy Daniel A. Tobin of New York, Long Island Chapter of the Knights of Columbus perfected arrangements for the opening on October 1st of a night school free to former service men and women, in St. Augustine's Academy, Sixty-four and Sterling Place, Brooklyn. Commercial and vocational subjects will be taught including, bookkeeping, stenography, typewriting, Edwin A. Bolger, Ph. D. will act as principal.

HALES FURNISHED HALL DECORATIONS
The beautiful green and white decorations that are used to beautify the K. of C. for the 3rd Annual Fair were brought to New York. A special trip was made to secure them and in order to avoid disappointment in receiving them, the committee in charge of the operations is known as the Ford-Lynch-Knight of Columbus Home Association.

THE SANTA CLARA PASSION PLAY
By Charles R. Boden
The scenes of a college dramatic production promise to bring a portion of the fame of the Bavarian village of Oberammergau to a town of about six thousand. The Passion Play of Santa Clara, written by a former student of the Jesuit University of Santa Clara, California, a pioneer college, by Clay M. Greene, well-known playwright, former teacher of the Santa Clara University, is being produced in the city of Santa Clara, California, by the late Rev. Robert E. Kenna, S. J., at that time president of Santa Clara. It was originally intended to give but one performance that year but its instant success made two additional performances necessary. In 1923 five performances were given during Commencement Week and it was played four times in 1924. This last production started two fine actors, Edmund S. Lowe and John J. Ivanovich, in their careers on the professional stage. Another principal in the play was 35 persons in the production. So great was the interest on the campus that three students tried out for each speaking part. The play was announced in the year just before the Christmas vacations and on January 7, 1923, Director Merle commenced the task of turning out one year's finished scenes in four months. How well he succeeded can be judged from the fact that the play has been given every five years the small theater would be a serious problem, but even that difficulty seems to have been solved. A leading newspaper of the neighboring city of San Jose has set on foot a movement to give the play over five years and make Santa Clara to Western America what Oberammergau is to the world.

INFINITE TACT
A salesman with a silver polish the approached a house in this manner: "Ma'am, I am selling the best silver polish on the market."
"No, thank you," said the lady of the house, "I don't need any of your polish."
"I don't need any of your polish," said the salesman, "The lady next door said it would hardly be worth your trouble, as you didn't have any silver, any?"
"She said she didn't have any silver?"
"Yes, she said she didn't have any silver?"
"Give me six boxes, then, please!"

It is well known that one finds such a representative selection of the season's coat fashions as are shown at Bulfinch's. This store, which specializes in Women's and Misses ready-to-wear goods is making an enviable reputation for catering to the needs of its constantly growing number of patrons.

There are all the finer coat fabrics and the richer furs including squirrel, fox, beaver, etc. Every coat has that finesse of detail which comes only with excellent workmanship and materials. Sizes for misses, women and children are exceptionally priced just now.

The store is also conducting a special clearance on all dresses for street, afternoon or evening wear. As the stock is entirely new it offers a wonderful opportunity of saving and at the same time giving the latest dress modes. Gowns of silk and woolen materials, all the season's most desirable models are priced for immediate clearance. See these big bargains early.

Merle's herculean labor is the best student production in the field of drama that I have ever seen. "The play was professional in nearly every respect," says Wood Saxon in the Oakland Tribune, in paying tribute to Merle's genius. "The play can face at least two tests of real art," said Brother Leo, prominent professor of English at St. Mary's College, Oakland, writing in the student newspaper Santa Clara. "Though nearly a quarter of a century in existence, the Passion Play of Santa Clara is as fresh and new to-day as it was twenty years ago—and as ripe and old. Age cannot wither it nor custom stale."

The great story of the Cross should make of the little town founded by Padre Junipero Serra, founder of California's missions, what it has made of Oberammergau, a place for pilgrims and a shrine where the faithful may go to escape the worries and cares of this vale of tears.

FIRST CLASS ENTERTAINMENTS TO FEATURE BIG K. OF C. FAIR

Nothing but the very best in the way of vaudeville entertainments has been provided by the committee in charge of the big K. of C. Bazaar which opens tonight at Carey Hall on Russell street.

The Holy Name minstrels of Joseph Durkin.

Tomorrow evening, Bowers and Sullivan, of Hartford, two of the best soft shoe and clog dancers in amateur circles in Hartford will give an act that is declared by those who have seen it to be well worthy of the professional stage. These two lads have been filling engagements all over the state since they teamed up last Spring and the local knights are congratulating themselves on the fact that such talent is scheduled for the big bazaar.

Frank Buckley and Jack Barry, two well known Hartford singers also will be heard here tomorrow night. Frank Buckley, "the man who can sing to beat the band" has often been heard on Recreation Square during the summer. Jack Barry, who has put a "song" in the hearts of many, will also sing to the benefit of the public at large in Manchester Square during the summer. Last season he was heard at the same place with more fervor and feeling than anyone in the state will accompany Mr. Buckley. Both of these singers have a fine repertoire and their many friends in Manchester will turn out in throngs to hear them perform tomorrow night.

Wednesday Night
Eyer and Knable, another well known singing team from Hartford will perform on Wednesday night. These two have also received offers to go into vaudeville but their business careers have precluded the move. Almy Bucey and Phil Walsh in topical songs will be another feature of Wednesday night's program. Miss Dancy has been heard in Manchester at numerous fraternal events and Mr. Walsh has also sung here several times in the past.

Thursday Night
Joseph O'Rourke, of Hartford, a black face comedian with years of experience on the vaudeville stage and with traveling vaudeville shows will endeavor to spread merriment around on Thursday night. He is also some soft shoe strapper and routine to reports and his manner of putting over a joke is said to be almost as good as that employed by Al Johnson or Eddie Cantor. The Phelps Sisters, dancers and singers will conclude Thursday night's entertainment and they have engagements for being two of the best artists of vaudeville in Hartford.

Friday Night
Friday night's entertainment promises to be the best of the whole week, but the committee is withholding any further announcements of its final line-up. It will be in the nature of a surprise and for the present it being kept a dark secret by those in charge of the entertainment programs for the big bazaar.

Semi-Annual Sale of Discontinued Whittall Rugs

Including Shopworn Patterns And Clearance of other Quality Rugs

To own a Whittall Wilton Rug is to own one of the finest rugs made in this country. The patterns and colorings of these rugs are exquisite, of course, are occasionally changed. When changes are made the old rugs are termed "discontinued patterns" and we are allowed to clear them out at reduced prices twice a year. At all other times Whittall Rugs are marked the same everywhere. So this is a rare opportunity to purchase one of these wonderful rugs. Other Whittall Rugs that have become slightly (hardly noticeable) soiled, shopworn and damaged are included.

Columbus

He was a man whom danger could not daunt. No supplicating, nor pain subsided. A stoic, reckless of the world's vain taunt. And steered the path of honor to pursue: So, when by all deserted, still he knew How best to soothe the heart-sick or morose. Sedition, schooled with equal eye to view. The frowns of grief, and the base pangs of want. But when he saw that promised land arise In all its raw and bright varieties, Lovelier than fondlest fancy ever trod; Then softening nature melted in his eyes: He knew his fame was full, and blessed his God: And fell upon his face, and kissed the virgin soil! AUBREY DE VERRE.

Supreme Knight Flaherty Writes On K. C. Progress and Prosperity

"The financial condition of the Knights of Columbus is such as to bring satisfaction of all members," wrote Supreme Knight James A. Flaherty, to the members assembled in the Supreme Convention at Montreal, held last summer.

"Our assets are now \$17,133,914.36, a figure that appears to be a record when compared to the reports of assets made in the past. On the advice of the Order's secretary, your Supreme Board of Directors has twice during the past twelve months waived assessments on the insurance membership, which, in round figures, effect a saving in assessments of \$530,000. And over and above all the Knights of Columbus, as a fraternal insurance organization of the utmost security, I challenge any man, whether within or without our ranks, to question the honesty and accuracy that has made this record not only possible, but an accomplished fact.

"When we went into the war, we adopted twin slogans: 'Everybody Welcome and Everybody Welcome and Everybody Welcome and Everybody Welcome'." "Now, the war is some distance behind us. We who worked as your representatives and the representatives of your chosen Board of Directors throughout the period of war work, know something of the difficulty we experienced in maintaining the efficacy of these slogans. But there are schools and hospitals throughout the United States where the work of the Knights of Columbus can be viewed by all men.

"For one, I am especially eager that the American people should recognize the vast importance of the hospitalization work maintained by the Knights of Columbus. In more than 400 hospitals some 200 secretaries of the Knights of Columbus are now laboring, providing free the creature comforts and the services that made the Order famous with the A. E. F. More than 20,000 disabled veterans of all denominations are being provided for in this way. We do not know when this work will cease; it is our judgment that it will continue for at least four or five years. But this we do know, that so long as there is one man in a hospital, the Knights of Columbus will provide for his creature comfort and his recreation so far as it lies within our power to do so.

"And I can truthfully say the same regarding the special educational work of the Order. Following, even coincident with the Order's reconstruction work in securing employment for hundreds of thousands of returned war veterans, the establishment of Knights of Columbus schools in demobilization camps and in cities and towns throughout the country was undertaken. We know what the result of this work has been—that many thousands of war veterans have secured a practical, technical training that has enabled them to rehabilitate themselves in the economic life of the country. The latest phase of this great work has been the successful operation of the Knights of Columbus free correspondence school for war veterans, regardless of color or creed. In this school thousands of war veterans have enrolled, to be provided with absolutely free tuition in a curriculum of seventy odd subjects—cultural and practical.

"I know that this Order flourishes and will continue to flourish; but I know that the prime condition of its future greatness, just as of its past achievement, is that it be and remain united."

Vanity is the greatest handicap to greatness. Turn hatery upside down and you have slanders.

A big black tree is this you see, one of the best type; too; a Christmas tree, and it is free to every one of you. And although kind friends on this tree we send, no presents along with these we wish to share, please be so kind, and bear in mind, in wish the gifts are here, so we earnestly wish to share these with you. Will be a bringer of prosperity great, you carry late, and every patriot.

SUPREME COUNCIL TAKES UP PROBLEM OF DEVELOPING BOYS TO BECOME BETTER CITIZENS

The action of the Supreme Council in establishing the Columbian Squires for boys between the ages of fourteen and eighteen years appears to be a long step in the right direction, and if properly encouraged and developed promises to be the greatest welfare activity undertaken by the Order next to its war work.

The problem in its larger aspect is one of developing and training to good citizenship six million boys. Assuming that our school system is highly efficient and provides proper and adequate training during school hours, yet the fact remains that of the more than four thousand hours that the boy is awake and active only one thousand are consumed in school work and the remaining three thousand are left to the boy to dispose of as his youthful, restless, energetic spirit may suggest. The women had the seats, and they were full. Up the middle came an old dame lady, helping herself along with a stick. She passed the crowded seats. Presently lack again she came, limping, while the student rows of women, many of them in their prime, sat unheeding. It remained for "the Englishman" to go out past women younger than she by many years, so that the first will never sit while her partner and those weaker than she stand.

"How is it that people who are civilized anywhere else become so uncivilized in church?"

It was a question asked before we came to Germany, and asked many times since. Young Germany has begun to yield its seat in the street cars to women, though sometimes the seat is given by one man to another. The German train conductors, in three cases out of four have blessed manners to women. Young girls stand up now for old men. But in church manners are almost non-existent. You find the locked pews in these churches empty, while old men and women stand through a long service. At the enormously crowded Masses for schoolboys every one is cleared out to make room for the boys. It may be necessary, as a sort of a parallel but it is a very bad way of beginning to form manners.

In Cleveland and in other churches the bad manners usually take the form of securing the end seat and holding it so that every one who comes later has to push the first corner. That is very boorish.

The result is that the boy with much unoccupied time on his hands finds easy companionship with the "gang" on the street. He is naturally attracted to boys who are active and play and that is all the gang first means to him, and there is nothing essentially wrong or wrong in the gang, if properly directed.

The question of "the Gang" The phase of this problem that is usually unconfronted in the great percentage of boys who are unprivileged and largely make up the "gang." Nor does it follow that these boys come from homes where they are surrounded by evil influences or from homes so poor as to offer no advantages or attractions, but they come alike from homes of all classes. It includes all boys who for various reasons are not properly directed either by parental or other authority and as a result are allowed to drift for themselves, and numbers approximately 60 per cent of all boys.

Unquestionably the great problem is to provide an intelligent, scientific program that will interest and engage the attention and activities of the boy during the time not occupied by school duties which will direct him into a proper development physically, mentally, morally and socially. This is the problem of the trained worker. Unfortunately there is a dearth of trained leaders who are qualified to undertake this work, and it is only recently that colleges and universities have offered complete courses in Boy Leadership. However, as this work calls for men with initiative, executive ability, scholarship, resourcefulness, leadership and character, there must be an intelligent organized public support of the movement. The class and caliber required are to be induced to take it up as their life's work. It must have a standing and be considered in a class with the learned professions, and assure a good livelihood. The Knights of Columbus appear to have fully sensed this need of trained leaders by making provision for the thorough and proper education and training of a number of men for this work.

ON MANNERS IN CHURCH

It was 11:45 Thursday afternoon and the little chapel close by St. Ursula's, which belongs to a little monastery or almshouse for old priests, was crowded with devout worshippers. As one often sees it in Cologne, they were mainly the middle-aged, the elderly, the old, and the children who flatter in like birds in their Father's House, settle a while, and fly out again into the sun and wind.

The devout elders were largely women, with a sprinkling of men. The women had the seats, and they were full. Up the middle came an old dame lady, helping herself along with a stick. She passed the crowded seats. Presently lack again she came, limping, while the student rows of women, many of them in their prime, sat unheeding. It remained for "the Englishman" to go out past women younger than she by many years, so that the first will never sit while her partner and those weaker than she stand.

was rarely punished, and turning about to rebuke me roughly, I found my assailant a pretty old woman with a snowy cap border about her little brown face. These latter faults are due to lack of order and discipline which cannot be alleged against German churches.

I think manners in church should be talked about a little more. Catholics would be recognized as such by their civility. Civility had its beginning in the honor and veneration of Catholics for the Mother of God. All romantic and ill-chivalrous love springs from that root—the root of Jesse. In Greek poetry there is no word for love.

There is a story of Blessed Henry Suso, that as a gay and gallant young man, he plunged into the mire of the road to make room for a poor woman on the pathway.

"Sir," she said, "why should a noble gentleman like you leave the pathway for one so humble as I?"

"Kneel you not, lady," he answered, "that in you I see not only my own mother, but the most glorious Lady, the Mother of God, whose knight and servant I am, and all good womanhood, the which I hold in honor and reverence!"

It was Deakler, I think, who called Our Lord: "The first true Christian that ever breathed." If people realized His Presence, the church would be at the end of a much. Ill manners could never take place in the churches—nor, indeed, elsewhere.

"Manners maketh man." We might begin to teach our children that wise saying, and to make them follow humbly in the footsteps of the First True Christian. I have said that civility lies at the root of ill manners. I would turn it about and say that ill manners lie at the root of civility. Fundamentally, good manners might be summed up in "Do unto others what you would they should do unto you."

If we could but teach the young the good manners which are so large a part of civility, would we have this cruel and evil spirit today, even in countries that call themselves Christian?

Ad ecce wrote to The Times the other day that it was not a question for discussion as to whether women should stand or not stand all day long in our shops. That is a wrong and cruelly which women could alter if they would.

It is a question for discussion as to whether we should strike at the very root of that evil which alienates the pain or weakness of others, and causes nothing for the suffering it inflicts.

I have said that civility lies at the root of ill manners. I would turn it about and say that ill manners lie at the root of civility. Fundamentally, good manners might be summed up in "Do unto others what you would they should do unto you."

If we could but teach the young the good manners which are so large a part of civility, would we have this cruel and evil spirit today, even in countries that call themselves Christian?

Ad ecce wrote to The Times the other day that it was not a question for discussion as to whether women should stand or not stand all day long in our shops. That is a wrong and cruelly which women could alter if they would.

It is a question for discussion as to whether we should strike at the very root of that evil which alienates the pain or weakness of others, and causes nothing for the suffering it inflicts.

There is a story of Blessed Henry Suso, that as a gay and gallant young man, he plunged into the mire of the road to make room for a poor woman on the pathway.

"Sir," she said, "why should a noble gentleman like you leave the pathway for one so humble as I?"

"Kneel you not, lady," he answered, "that in you I see not only my own mother, but the most glorious Lady, the Mother of God, whose knight and servant I am, and all good womanhood, the which I hold in honor and reverence!"

It was Deakler, I think, who called Our Lord: "The first true Christian that ever breathed." If people realized His Presence, the church would be at the end of a much. Ill manners could never take place in the churches—nor, indeed, elsewhere.

"Manners maketh man." We might begin to teach our children that wise saying, and to make them follow humbly in the footsteps of the First True Christian. I have said that civility lies at the root of ill manners. I would turn it about and say that ill manners lie at the root of civility. Fundamentally, good manners might be summed up in "Do unto others what you would they should do unto you."

The Modern Way of Keeping Securities

The ownership and supervision of securities involve both risk and considerable detail labor.

By depositing securities with us in our trust department you are relieved from all routine care while at the same time you retain complete control of them. The fee is very moderate.

Your securities are always available to you without your being present. You may direct their sale or transfer their ownership as readily as you may transfer a sum of money by check.

We will, at your request, attend to such sale or purchase of securities as you may direct.

We will collect your income, forward it to you or credit your account, endeavoring also to keep you advised if any of your bonds are "called" prior to maturity and if you are entitled to subscribe to new issues of stock or to convert bonds into stock.

At your request, we will, from time to time, make an examination of your investments and recommend to you such changes as seem advisable.

WHERE TO BUY—
It is an important question answered every day in the Advertising Columns of The Daily News.

COOLIDGE IS OPPOSED TO DEMOCRATIC PROGRAM FOR GENERAL TAX REDUCTIONS

Washington, Jan. 6.—In accordance with President Coolidge's embargo on the shipment of arms to the De La Huerta rebels in Mexico, Secretary of the Treasury Mellon today issued telegraphic orders to all Customs agents along the Gulf coast and the Rio Grande river to take extraordinary precautions to stop all illegal movements of war munitions into Mexico.

FARM BLOCS TO JOIN OPPOSITION TO MELLON TAX REDUCTION PLAN

Washington, Jan. 6.—The farm blocs in Congress will join the opposition to the Mellon tax reduction program "in certain aspects" it was announced today by Senator Arthur Capper, Republican of Kansas, chairman of the Senate Finance Committee.

Miss Putnam Is Ready To Discharge Chauffeur

New York, Jan. 6.—"Believe You Me" Nina Wilcox Putnam's next move will not be entitled "My Chauffeur" although it might be. Miss Putnam, or Mrs. Putnam, as she is known, is ready to discharge her chauffeur.

RUMORS THAT WOODROW WILSON MAY OPPOSE SOLDIER BONUS BILL

Washington, Jan. 6.—Woodrow Wilson is politically more active today than anytime since leaving White House—Is Said to Favor General Reduction of Taxes—Congratulates Ex-President Politically.

Panama Canal Zone Will Be Scene of Greatest Peace Time "Battle"

En Route to Panama Canal Zone, Jan. 6.—On the assumption that strained relations exist between the United States and a hostile power, two great American fleets are today closing in on the Panama Canal where next week will be staged a picturesque and realistic "battle" intended to test the value of the canal in the American scheme of national defense.
