PRACTICAL SUGGESTIONS on WILLS and TRUSTS

Your Real Estate

If you do not make a will, your real estate will go to your heirs according to the laws governing descent of real property. The result might be quite different from what you would have preferred.

By making your will you can direct to whom your real estate shall be given. You can place it in trust with this company for the benefit of your family. Our Real Estate Department will give it experienced and reliable management. You can give us power to sell, under certain conditions, instructing us to put the proceeds in trust for your beneficiaries or to make other disposition.

Let us send you our booklet, "Safeguarding Your Family's Future," which treats the subject of wills, trusts and family protection.
