day and night nurse.

What would you think of a stor that used 115,000 loaves of bread and bakery goods in a year? Or a store which used 20,000 pounds of coffee and one hundred tons of sugar, and one hundred tons of flour in twelve months? This Hale's Self Serve Grocery does and still other items are of interest. There are 48,000 pounds of butter sold at this store in a year; half a million eggs; 6,000 pounds of salt pork, 7,000 pounds of cheese. These quantity figures are made possible b the low prices prevailing at the Self Serve Store and demonstrate conclusively that "it pays to wait n yourself." Starting tomorrow the Self Serve Grocery will celebrate its fourth anniversary with special prices. In their ad, on page eight of The Daily News today will be found many unmatchable barcains. We would advise that you get to the store early tomorrow norning and get your share of hese wonderful offerings. The prices quoted are for tomorrow-

Buy your Fertilizer early and have it shipped to you n the winter time, thereby avoiding railroad congestion and disappointing delays next spring. We can see no likelihood of prices being any lower. If, however, we are able to reduce our price during the season, any orders placed with us early will take the lower price. In other words, our prices are guaranteed against decline to April 1, 1924. If, on the other hand, prices advance and the price of Cottonseed Meal may make this necessary you will receive your fertilizer at the agreed price and your early buy will have saved you money
